

# Market and Planning Data Questionnaire

## Feedback Provided by:

Name: Faruk A. Bhuiyan

Title: Senior DER Systems Engineer

Organization: Rodan Energy Solutions

Email: [REDACTED]

Date: January 05, 2024

Building on the ISO jurisdictional scan, the Independent Electricity System Operator (IESO) will initiate this engagement by presenting specific questions to participants.

**Please submit feedback to [engagement@ieso.ca](mailto:engagement@ieso.ca) by January 15, 2024.** If you wish to provide confidential feedback, please submit as a separate document, marked "Confidential." Otherwise, to promote transparency, feedback that is not marked "Confidential" will be posted on the engagement webpage.

Topic	Feedback
What organization/stakeholder group do you represent and what is your key interest in this engagement?	Rodan Energy Solutions. Market and planning data impacts day-to-day business activities, and potential areas of business (e.g. settlement, peak notification, energy and ancillary market, real-time and day-ahead market participation, arbitrage of energy)

Topic	Feedback
Can you comment on the type or types of Planning and/or Market data that you access from the IESO? Do you have any feedback for the IESO about the Planning and/or Market data that is currently made available to stakeholders?	Market Clearing Prices, HOEPs, Pre-dispatch HOEPs, Shadow Marginal Prices, LMPs (Real-Time, Hourly, DA), OR Prices (10S, 10N, 30R), Demands and Forecast Data (DA, Actual, Short-term/7-days, Long-term, Regional), Bids and Offers Quantities (Cleared and Not-cleared, Private, Public) and Prices (DA, Cleared), Generation Schedules and Renewable Forecasts

Topic	Feedback
What additional Planning and/or Market data is your organization seeking to access? If possible, provide the data sets of interest including specifics details in terms of granularity, format, etc.	Historical Data of Prices and Demands both for forecasts and real-time data with the granularity of 5 min, 15 min, and Hourly data, Planning Documents, System Impact

Topic	Feedback
Please elaborate on the need for and/or your intended use of the data. (e.g., use cases, etc.)	settlement, pea notification, energy and ancillary market participation by fast and slow acting resources, real-time and day-ahead market participation, arbitrage of energy / optimization both for real-time and off-line study
If applicable, is there specific Planning and/or Market data that is currently not made available by the IESO that should continue to remain private or confidential? Please tell us the impact on your organization if such data is made available.	Bids and offers price-pairs, demand response and capacity auction data. Entering private data may violate strategy of bids/offers

## **General Comments/Feedback**

Need to know the IESO MRP public and private data lists (with granularity) those IESO is planning for 2025.
