However, the Supplier acknowledges and agrees that the Buyer may, at any time and from time to time after the date of this Agreement, acting reasonably, without notice to the Supplier, amend or replace each such form of certificate, notice or report, and post such amended or replacement form on the Buyer's Website, and thereafter such amended or replaced form as it appears on the Buyer's Website shall replace and shall be used by the Supplier or the Buyer, as the case may be, in the stead of the then current form. Accordingly, it is the responsibility of the Supplier to ensure that the latest draft of the relevant form, as posted on the Buyer's Website, is used.
- (c) If there is more than one version of an Exhibit identified above, the Parties acknowledge that only one version of such Exhibit type shall apply to the Facility and this Agreement and the Parties acknowledge that Exhibit A specifies the specific version of any such Exhibit applicable hereunder.

1.3 Headings and Table of Contents

Draft

~~if the Facility were operating in the IESO Administered Markets without this Agreement being in place, then:~~

Note to IESO: The high bar set by the language we propose deleting provides insufficient protection for potential unforeseen changes in the market rules, including from the market renewal process affecting the economics of this agreement over the long-duration terms. Given the long-term nature of these contracts, Suppliers need appropriate mechanisms to ensure they are able to preserve the economics throughout the term and the ability for the agreement to be amended to achieve this.

- (i) the Supplier shall notify the Buyer promptly and, in any event, within ten (10) Business Days upon becoming aware of the consequences of such change;
- (ii) the Parties and, at the Buyer’s discretion, those Other Suppliers who are required by the Buyer to participate, shall engage in good faith negotiations to amend the affected Must-Offer Obligation in this Agreement and the respective agreements of those Other Suppliers on the basis that such amendments shall alter or reduce the applicable Must-Offer Obligation only to the extent necessary to eliminate the need to incur such material costs as set out above, where such altered or reduced Must-Offer Obligation is as close as possible to the Must-Offer Obligation prior to such alteration or reduction; and
- (iii) if the Parties agree that amendments to this Agreement are required pursuant to Section 1.6(b)(ii) but fail to reach agreement on such amendments within sixty (60) days after the change in the IESO Market Rules became effective, the matter shall be determined by mandatory and binding arbitration, from which there shall be no appeal, with such arbitration(s) to be conducted in accordance with the procedures set out in Exhibit K. However, if the Supplier fails to participate in such arbitration, the Supplier acknowledges that it waives its right to participate in such arbitration, which shall nevertheless proceed, and the Supplier shall be bound by the award of the Arbitration Panel and the subsequent amendments to this Agreement (if any) made by the Buyer to implement such award of the Arbitration Panel set out in Section 1.6(c)(iii).

For greater certainty, the amendments contemplated in this Section 1.6(b) shall not involve an increase in the Fixed Capacity Payment, unless otherwise agreed by the Parties.

- (c) The terms of this Agreement shall be amended either:
 - (i) by the agreement of the Parties, where no award of an Arbitration Panel has been made pursuant to Section 1.6(b)(iii);

In the event that either the Buyer or the Supplier, acting reasonably, considers that any provision of this Agreement is invalid, inapplicable, or unenforceable, or in the event that any index or price quotation referred to in this Agreement, including the CPI or IPPI, ceases to be published, or if the basis therefor is changed materially, then:

- (a) if a provision is considered to be invalid, inapplicable or unenforceable, then the Party considering such provision to be invalid, inapplicable or unenforceable may propose, by notice in writing to the other Party, a replacement provision and the Buyer and the Supplier and, at the Buyer's discretion, those Other Suppliers who are required by the Buyer to participate, shall then engage in good faith negotiations to replace such provision with a valid, enforceable, and applicable provision, the economic effect of which substantially reflects that of the invalid, unenforceable, or inapplicable provision which it replaces;

Note to IESO: To the extent the Global Adjustment is replaced or ceases to be published (or ICI is terminated or replaced), it would be good if the provisions of Section 1.7 (Inapplicability of Indices) applied so as to determine how any successor to the Global Adjustment is treated in this Contract and to ensure that the Supplier is placed in the same financial position it would have been absent such changes.

if any index or price quotation referred to in this Agreement, ceases to be published, or if the basis therefor is changed materially, then the Buyer and the Supplier shall engage in good faith negotiations to substitute an available replacement index or price quotation that most nearly, of those then publicly available, approximates the intent and purpose of the index or price quotation that has so ceased or changed and this Agreement shall be amended as necessary to accommodate such replacement index or price quotation;

if the Parties agree that amendments to this Agreement are required pursuant to this Section 1.7 and the negotiations set out in Sections 1.7(a) are not successful, then if the Parties are unable to agree on all such issues and any amendments required to this Agreement (the "**Replacement Provision(s)**") within thirty (30) days after either the giving of the notice under Section 1.7(a), then the Replacement Provision(s) shall be determined by mandatory and binding arbitration from which there shall be no appeal, with such arbitration(s) to be conducted in accordance with the procedures set out in Exhibit K. However, if the Supplier fails to participate in such arbitration, the Supplier acknowledges that it waives its right to participate in such arbitration, which shall nevertheless proceed, and the Supplier shall be bound by the award of the Arbitration Panel and the subsequent amendments to this Agreement made by the Buyer to implement such award of the Arbitration Panel set out in Section 1.7(d)(iii); and

- (d) the terms of this Agreement shall be amended either:
- (i) by the agreement of the Parties, where no award of an Arbitration Panel has been made pursuant to Section 1.7(c);
 - (ii) by the agreement of the Parties made pursuant to and in implementation of an award of the Arbitration Panel made pursuant to Section 1.7(c); or

Draft

- (iii) by an amendment prepared by the Buyer made pursuant to and to implement an award of the Arbitration Panel made pursuant to Section 1.7(c), where the Supplier failed to participate in such arbitration,

with such agreement or amendment, as applicable, having effect as of the date of the invalidity, inapplicability or unenforceability, as the case may be.

1.8 Entire Agreement

This Agreement constitutes the entire agreement between the Parties pertaining to the subject matter of this Agreement. There are no warranties, conditions, or representations (including any that may be implied by statute) and there are no agreements in connection with the subject matter of this Agreement except as specifically set forth or referred to in this Agreement. No reliance is placed on any warranty, representation, opinion, advice or assertion of fact made by a Party to this Agreement, or its directors, officers, employees or agents, to the other Party to this Agreement or its directors, officers, employees or agents, except to the extent that the same has been reduced to writing and included as a term of this Agreement.

1.9 Waiver, Amendment

Except as expressly provided in this Agreement, no amendment or waiver of any provision of this Agreement shall be binding unless executed in writing by the Party (or Parties) to be bound thereby. No waiver of any provision of this Agreement shall constitute a waiver of any other provision nor shall any waiver of any provision of this Agreement constitute a continuing waiver or operate as a waiver of, or estoppel with respect to, any subsequent failure to comply unless otherwise expressly provided.

1.10 Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein.

1.11 Preparation of Agreement

Notwithstanding the fact that this Agreement was drafted by the Buyer's legal and other professional advisors, the Parties acknowledge and agree that any doubt or ambiguity in the meaning, application or enforceability of any term or provision of this Agreement shall not be construed or interpreted against the Buyer or in favour of the Supplier when interpreting such term or provision, by virtue of such fact.

Any Facility Amendment that has not been consented to by the Buyer (other than in instances where such consent has been unreasonably withheld) shall, if not removed within ten (10) Business Days after such Facility Amendment occurred, constitute a Supplier Event of Default. Notwithstanding the foregoing, the Buyer’s consent to a Facility Amendment that results in an increase or a decrease to the Contract Capacity shall be subject to the Buyer’s sole and absolute discretion.
- (c) If the Buyer’s consent in writing has been given in relation to a reduction in the Contract Capacity pursuant to Section 2.1(b), the Contract Capacity shall be deemed to be reduced to the lower amount, effective at the time stated in such notice. If the Buyer’s consent has been given in relation to an increase in the Contract Capacity pursuant to Section 2.1(b) the Contract Capacity shall be increased to the higher amount, effective as of the time stated in such notice, provided that:
 - (i) such increase shall not be effective until the Supplier performs a Capacity Check Test confirming the increased amount of the Contract Capacity; and

amounts, “**Delay Liquidated Damages**”). The Buyer may issue an invoice in respect of Delay Liquidated Damages at any time that Delay Liquidated Damages are owing from the Supplier to the Buyer. If the Supplier fails to pay to the Buyer the amount of the Delay Liquidated Damages within **ten (10)** Business Days after receipt of an invoice from the Buyer, the Buyer shall be entitled to draw and retain from the Completion and Performance Security the amount of such Delay Liquidated Damages.

- (d) The maximum time period that liquidated damages shall be calculated and payable under Section 2.3(c) by the Supplier for failure to meet the Milestone Date for Commercial Operation of the Facility, shall be **five hundred and forty-five (545) days**.
- (e) The Supplier acknowledges that even if the Facility has not achieved Commercial Operation by the Milestone Date for Commercial Operation, the Term shall nevertheless expire as set out on Section 9.1(b).
- (f) The Supplier agrees that if the Facility fails to achieve Commercial Operation prior to the Longstop Date, it shall constitute a Supplier Event of Default.
- (g) If there occurs or arises any incident, event or circumstance which results, or is likely to result, in a delay in the aggregate of thirty (30) days or more in the achievement of Commercial Operation following the Milestone Date for Commercial Operation, including delays arising from events of Force Majeure, the Supplier shall promptly (and, in any event, within ten (10) Business Days of the date that such delay was first reasonably known to, or should reasonably have been known by, the Supplier) notify the Buyer and the Parties shall meet to discuss strategies for eliminating or reducing, to the extent possible and practicable to do so, the impact of such delay on the development, construction and/or commissioning of the Facility.

2.4 Buyer Information During Design and Construction

Prior to COD, the Supplier shall provide the Buyer with progress reports as follows:

- (a) By the fifteenth (15th) day of each calendar quarter following the Contract Date and continuing until COD, the Supplier shall provide the Buyer with (i) quarterly progress reports in the form of Exhibit R, describing the status of efforts made by the Supplier to achieve Commercial Operation and the progress of the design and construction work and the status of Governmental Approvals relating to the Facility, and (ii) within five (5) Business Days of submission to the System Operator, a copy of the project status report (the “**Project Status Report**”) in the form of IESO-FORM 1399. Such quarterly progress reports shall report on the progress of all applicable Reportable Events. At the Buyer’s request, the Supplier shall provide an opportunity for the Buyer to meet with appropriate personnel of the Supplier to discuss and assess the contents of any such quarterly progress report. The Supplier acknowledges that the quarterly progress reports and photographs of

the Facility may be posted or printed by the Buyer on the Buyer's Website or in publications.

- (b) The Supplier acknowledges that time is of the essence to the Buyer with respect to providing quarterly progress report pursuant to Section 2.4(a). Where the Supplier fails to satisfy the requirements of Section 2.4(a), the Supplier shall pay to the Buyer, within **ten (10)** Business Days after receipt of an invoice from the Buyer, as liquidated damages and not as a penalty, a sum of five thousand Dollars (\$5,000) (the "**Late Report Administrative Charge**"). The Late Report Administrative Charge shall not limit other remedies the Buyer may have under this Agreement in respect of ongoing failure to satisfy the requirements of this Section 2.4.
- (c) In addition to the quarterly progress reports it is required to provide pursuant to Section 2.4(a), the Supplier shall also provide the Buyer with notice of any material incident, loss, casualty, event or concern which may occur or arise during the course of the development, construction or commissioning of the Facility, promptly and, in any event, within ten (10) Business Days following the later of: (i) the Supplier becoming aware of any such incident, loss, casualty, event or concern occurring or arising; and (ii) the Supplier becoming aware of the materiality of same, with such timing in each case based upon the Supplier having acted in accordance with Good Engineering and Operating Practices.

2.5 Requirements for Commercial Operation

- (a) The Facility will be deemed to have achieved "**Commercial Operation**" pursuant to this Agreement at the point in time when, as subsequently confirmed by the Buyer in a written notice to the Supplier as described in Section 2.5(b), the Buyer has received:
 - (i) directly from the Independent Engineer, an IE Certificate, in the form set out in Exhibit N, stating that:
 - (A) the Facility has been completed in all material respects, excepting punch list items that do not materially and adversely affect the ability of the Facility to operate in accordance with this Agreement;
 - (B) the Connection Point of the Facility is at the location specified in Exhibit A;
 - (C) the Duration Capability of the Facility is at least equal to the duration specified in Exhibit A;
 - (D) the Facility has been constructed, connected, commissioned and synchronized to the IESO-Controlled Grid, such that 100% of **[the Contract Capacity and, if applicable, the Storage Capacity]**, for the Facility is available to **[generate, Withdraw, store and Deliver Electricity (as applicable)]** in accordance with the requirements of all applicable Laws and Regulations;

Draft

- (E) the Facility has passed a Performance Test; and
- (F) the Facility or the Supplier (as applicable) has all permits and approvals issued by Governmental Authorities which are required to construct, operate and maintain the Facility in accordance with Laws and Regulations, including the Registration Approval Notification (RAN) issued by the System Operator.

[NTD: Other Facility-specific conditions under consideration.]

- (ii) a Supplier's Certificate, in the form set out in Exhibit O, together with such documentation required to be provided under such form to the Buyer;
 - (iii) an updated Metering Plan that has been approved by the Buyer pursuant to Section 2.7;
 - (iv) an updated Company Representative contact information form in accordance with Exhibit D; and
 - (v) a single line electrical drawing that identifies the as-built Connection Point sealed by a professional engineer licensed in Ontario, clearly showing area transmission and distribution facilities, including the transformer station that is electrically closest to the Facility.
- (b) The Buyer shall notify the Supplier in writing within ten (10) Business Days following receipt of the IE Certificate and the Supplier's Certificate re: Commercial Operation as to whether the IE Certificate, Supplier's Certificate, and the documentation provided by the Supplier under the Supplier's Certificate are acceptable to the Buyer, acting reasonably. If the Buyer determines that the IE Certificate, Supplier's Certificate, or such documentation provided by the Supplier under the Supplier's Certificate are not acceptable to the Buyer, acting reasonably, the Buyer shall at the time of such notification provide to the Supplier reasonable particulars in respect of the deficiencies in the IE Certificate, Supplier's Certificate, or such other documentation.

2.6 Operational Covenants

- (a) From the Contract Date until the expiry of the Term, the Supplier shall develop, construct, own, operate and maintain the Facility in accordance with Good Engineering and Operating Practices and meeting all applicable requirements of the IESO Market Rules, the Transmission System Code, the Distribution System Code and any Connection Agreements.

acknowledge that the Buyer is not purchasing from the Supplier, nor is the Supplier selling to the Buyer, any Electricity or Related Products hereunder.

- (c) The Supplier agrees to assume all risk, liability and obligation and to indemnify, defend and hold harmless the Indemnitees in respect of all actions, causes of action, suits, proceedings, claims, demands, losses, damages, penalties, fines, costs, obligations and liabilities arising out of a discharge of any contaminant into the natural environment, at or related to, the Facility and any fines or orders of any kind that may be levied or made in connection therewith pursuant to the *Environmental Protection Act* (Ontario), the *Ontario Water Resources Act* (Ontario), the *Dangerous Goods Transportation Act* (Ontario) or other similar legislation, whether federal or provincial and all as amended from time to time, except to the degree that such discharge shall have been due to the negligence or wilful misconduct of the Indemnitees.
- (d) A Facility which is also a load facility under the IESO Market Rules or a consumer under the Distribution System Code, as applicable, shall be solely responsible for all charges in relation to Electricity consumed by it in order to operate the Facility in accordance with this Agreement.

2.7 Metering and Dispatch Capabilities

- (a) The Supplier shall have a Metering Plan approved by the Buyer and shall deliver a copy to the Buyer for its approval no later than ninety (90) days prior to the earlier of the Milestone Date for Commercial Operation and the anticipated Commercial Operation Date. The Buyer shall review the Metering Plan submitted by the Supplier and either approve the Metering Plan or provide the Supplier with its comments within forty-five (45) days after receipt. The Buyer shall, when considering whether to approve the Metering Plan, have regard to those Electricity matters in the Metering Plan that have received System Operator approval. If, within fifteen (15) days after the Buyer has delivered its comments on the Metering Plan to the Supplier, the Parties are not able to agree on the final terms of the Metering Plan, the Parties shall submit the matter for determination by an Independent Engineer agreed upon by the Parties, acting reasonably, whose determination on the terms of the Metering Plan shall be final and binding on the Parties (and from whose determination there shall be no recourse to the dispute resolution provisions of this Agreement). The Metering Plan shall be updated promptly, and, in any event, within ten (10) Business Days after any change to the metering installation occurs.
- (b) The Supplier covenants and agrees to provide, at its expense, individual meters and ancillary metering and monitoring equipment for the Facility as required by the IESO Market Rules and sufficient to calculate the output of Electricity from the Facility net of any Station Service Loads and inclusive of any loss adjustment factors. The Buyer may obtain access internally to the revenue-quality interval meter data of the Facility provided to the Buyer under the IESO Market Rules to calculate the output of Electricity from the Facility net of any Station Service Loads and inclusive of any loss adjustment factors, or, if required, the Supplier shall

Draft

provide the Buyer, for the purposes of this Agreement, the right to view, download and request such revenue-quality interval meter data of the Facility by establishing an Associated Relationship with the Buyer at the Delivery Point of the Facility within the Buyer's "Meter Data Management" or "MDM" or "Meter Data Distribution" or "MDD" systems or their successors, at no cost to the Buyer.

- (c) The Supplier will provide the Buyer with a commissioning report for all Revenue Meter(s) referenced in the Metering Plan prior to any use of metering data for the purposes contemplated by this Agreement. The Buyer retains the right to audit, at any time during the Term, on reasonable notice to the Supplier and during normal business hours, the metering equipment to confirm the accuracy of the Metering Plan and the meter data of the Facility to confirm the accuracy of such data. The Supplier shall not make any material changes to the Metering Plan following approval by the Buyer or determination by the Independent Engineer contemplated in Section 2.7(a) (as applicable) without the prior written approval of the Buyer, which will not be unreasonably withheld or delayed.

2.8 Insurance Covenants

- (a) The Supplier shall put in effect and maintain, or cause its contractors, where appropriate, to maintain, from the commencement of the construction of the Facility to the expiry of the Term, at its own cost and expense, all the necessary and appropriate insurance that a prudent Person in the business of developing, constructing, financing and operating the Facility would maintain including policies for "all-risk" property insurance covering not less than the full replacement value of the Facility, "all-risk" equipment breakdown insurance, "wrap-up" liability insurance and "commercial general liability" insurance with a rider to extend coverage to include Environmental Incidents.
- (b) Any policies described in this Section 2.8 must (i) for any property insurance, contain a waiver of subrogation in favour of the Indemnitees; and (ii) for any liability insurance, include the Indemnitees as additional insureds with respect to liability arising in the course of performance of the obligations under, or otherwise in connection with, this Agreement, in which case the policy shall be non-contributing and primary with respect to coverage in favour of the Indemnitees. The limit for liability policies described in this Section 2.8 shall be for an amount appropriate for the size and scope of the Facility.
- (c) The Supplier shall provide the Buyer with a certified true copy of the insurance policies required in this Section 2.8 which confirms the relevant coverage, including endorsements on or before the commencement of the construction of the Facility, and renewals or replacements on or before the expiry of any such insurance.
- (d) If the Supplier is subject to the *Workplace Safety and Insurance Act* (Ontario), it shall submit a valid clearance certificate of Workplace Safety and Insurance Act coverage to the Buyer on or prior to the Contract Date. In addition, the Supplier shall, from time to time at the request of the Buyer, provide additional *Workplace*

Draft

Safety and Insurance Act clearance certificates. The Supplier agrees to pay when due, and to ensure that each of its contractors and subcontractors pays when due, all amounts required to be paid by it and its contractors and subcontractors, from time to time from the Contract Date, under the *Workplace Safety and Insurance Act* (Ontario), failing which the Buyer shall have the right, in addition to and not in substitution for any other right it may have pursuant to this Agreement or otherwise at law or in equity, to pay to the Workplace Safety and Insurance Board any amount due pursuant to the *Workplace Safety and Insurance Act* (Ontario) and unpaid by the Supplier or its contractors and subcontractors and to deduct such amount from any amount due and owing from time to time to the Supplier pursuant to this Agreement together with all costs incurred by the Buyer in connection therewith.

2.9 Compliance with Laws and Regulations

- (a) The Buyer and the Supplier shall each comply, in all material respects, with all Laws and Regulations required to perform or comply with their respective obligations under this Agreement.
- (b) The Buyer and the Supplier shall each furnish, in a timely manner, information to Governmental Authorities and shall each obtain and maintain in good standing any license, permit, certificate, registration, authorization, consent or approval of any Governmental Authority required to perform or comply with their respective obligations under this Agreement, including such licensing as is required by the OEB. Without limiting the generality of the foregoing, the Supplier agrees to meet all applicable Facility registration requirements as specified in the IESO Market Rules.
- (c) The Supplier shall apply to the System Operator to become authorized as a “Market Participant”, as a **“Generator” or “Electricity Storage Participant” (as applicable)** and designated as a “Metered Market Participant” pursuant to the IESO Market Rules. The settlement of Market Settlement Charges shall take place directly between the Supplier as the “Metered Market Participant” and the System Operator, and any costs incurred by the Supplier acting as the “Market Participant” pursuant to the IESO Market Rules in respect of this Agreement shall be charged to and be the sole responsibility of the Supplier, unless otherwise expressly set out herein.

2.10 Environmental Attributes

The Buyer shall have no interest hereunder in any Environmental Attributes arising from the operation of the Facility or, except in respect of the Supplier’s performance requirements under this Agreement, other products or services associated with the generation of Electricity by the Facility. For greater certainty, the Supplier shall, at its sole expense, be responsible for complying with any Laws and Regulations relating to Environmental Attributes, including any costs associated with obtaining, qualifying and registering Environmental Attributes for the operation of the Facility or otherwise.

2.11 Future Capacity Related Products

- (a) The Supplier will provide the Buyer with prior written notice of the development by the Supplier of any Future Capacity Related Products, from time to time.
- (b) The Supplier shall not, without the Buyer’s prior written consent, which consent shall be subject to the Buyer’s sole and absolute discretion, develop, register or monetize any Future Capacity Related Products during the Term.

2.12 Other Commitment of Contract Capacity

The Supplier shall ensure that the Contract Capacity is exclusively committed to the Buyer hereunder and that no part of the Contract Capacity is subject to any physical or contractual arrangement that conflicts with the Supplier’s ability to satisfy the Must-Offer Obligation during the Term.

2.13 Materials Cost Index Adjustment

- (a) The “**Materials Cost Index Adjustment**”, which shall be a one-time adjustment to the Fixed Capacity Payment as set out in Exhibit B as at the Contract Date in accordance with this Section 2.13, that may, for greater certainty, be a positive or negative adjustment, shall be calculated as follows:

$M CIA = (MCP_m / MCP_b) \times FCP \times [0.5]$	
where:	
M CIA	is the Materials Cost Index Adjustment (in \$/MW-Business Day).
MCP _m	is the market major product group price for primary ferrous metal products (identified as subcategory [P61]) plus the market major product group price for primary non-ferrous metal products (identified as subcategory [P62]), each as set out in the IPPI (collectively “ Reference Products ”) [averaged over the three consecutive calendar months ending with the calendar month during which first (1 st) anniversary of the Contract Date occurs].
MCP _b	is the baseline market major product group price for the Reference Products, each as set out in the IPPI for the [calendar month immediately prior to the Proposal Submission Deadline].
FCP	is the Fixed Capacity Payment as set out in Exhibit B as at the Contract Date.

[NTD: Reference Products, IPPI and other potential representative indices under ongoing consideration by IESO.]

Draft

- (b) By no later than sixty (60) days after the first (1st) anniversary of the Contract Date, the Supplier shall provide the Buyer with a written notice setting out its calculation of the Materials Cost Index Adjustment (the “**MCIA Notice**”).
- (c) The Buyer shall respond to the MCIA Notice within thirty (30) days after receipt of the MCIA Notice confirming the content of the MCIA Notice or otherwise setting out its own calculation of the Material Cost Index Adjustment and the corresponding adjustment (positive or negative) to the Fixed Capacity Payment to replace the value set out as such in Exhibit B and which shall apply for purposes of the calculations set out in Exhibit J throughout the Term.

2.14 Municipal Support Confirmation

- (a) If the Proposal did not include a Municipal Support Resolution at the time of its submission under the E-LT1 RFP and the Facility is not located in whole or in part on Indigenous Lands, the Supplier shall, by no later than sixty (60) days after the first (1st) anniversary of the Contract Date, provide the Buyer with a written notice including (i) a Municipal Support Resolution dated after the Proposal Submission Deadline, or (ii) a letter signed by a Land Use Planner confirming that all permits and approvals that are required to be issued by or on behalf of a Municipality for the construction, operation and maintenance of the Facility have been received or issued.
- (b) If the Supplier fails to meet the requirements set out in Section 2.14(a), such failure shall constitute a Supplier Event of Default. If the Buyer elects to terminate this Agreement as a result of a Supplier Event of Default arising under this Section 2.14(b), this Agreement shall be terminated without any costs or payments of any kind to either Party and all Completion and Performance Security shall be returned to the Supplier within twenty (20) Business Days of the Buyer’s written notice of termination.

Note to IESO: In Section 2.14(b), please make this a mutual right of termination, rather than a default. The Supplier has no control over the municipality and if the Buyer does not terminate, it will mean the Supplier will remain in perpetual default under the Agreement which exposes the Supplier to damages (including under Section 10.1(j)) even if Section 2.14(b) was intended to provide for a "no cost" termination option. Further, in Section 2.14(a)(ii), the certifications made by a Land Use Planner should be limited to confirming that the Supplier has permits and approvals that are required to be issued by the municipality having regard to the status of the project at the time such certification is issued. Certain normal course permits are typically not available until closer to construction of the Project, and the municipality won't pre-emptively issue permits or approvals required for operations and maintenance of a Facility but will issue permits as and when required during operations.

Except for the Supplier Event of Default set out in Section 10.1(l), ~~and subject to Supplier’s compliance with the other requirements set out in this Agreement~~, the Availability Non-Performance Charge shall be the sole and exclusive remedy for the Supplier’s failure to satisfy the Must-Offer Obligation.

Note to IESO: The language we suggest deleting here is to be clear that the Availability Non-Performance Charge should be solely applicable in the event of Availability Non-Performance, regardless of compliance with any other requirements set forth in the agreement, which have separate remedies.

ARTICLE 4 CALCULATION OF MONTHLY PAYMENT

Monthly Payment

it” shall be an amount, based on the Fixed Capacity Payment and calculated in Exhibit J. If the Monthly Payment is a positive amount, it shall be payable from the Buyer to the Supplier. If the Monthly Payment is a negative amount, the absolute value of the amount shall be payable from the Supplier to the Buyer.

4.2 Supplier’s Responsibility for Taxes

The Supplier is liable for and shall pay, or cause to be paid, or reimburse the Buyer if the Buyer has paid, all Taxes applicable to any Monthly Payment due to the Buyer. If any HST is payable in connection with the Monthly Payment, such HST shall be paid by the Supplier. In the event that the Buyer is required to remit such Taxes, the amount thereof shall be deducted from any sums becoming due to the Supplier hereunder, or shall be added to any sums becoming due to the Buyer hereunder.

4.3 Buyer’s Responsibility for Taxes

The Buyer is liable for and shall pay, or cause to be paid, or reimburse the Supplier if the Supplier has paid, all Taxes applicable to any Monthly Payment due to the Supplier. If any HST is payable in connection with the Monthly Payment, such HST shall be paid by the Buyer. In the event that the Supplier is required to remit such Taxes, the amount thereof shall be deducted from any sums becoming due to the Buyer hereunder, or shall be added to any sums becoming due to the Supplier hereunder.

4.4 Non-Residency

If the Supplier is or becomes a non-resident of Canada, as that term is defined in the ITA, the Supplier shall notify the Buyer forthwith of such status and shall provide the Buyer with information sufficient to permit the Buyer to comply with any withholding Tax, or other Tax obligations, to which the Buyer may be subject as a result thereof. If the Buyer incurs any withholding or other similar liability for Taxes as a result of such non-residency, then payments under this Agreement by the Buyer shall be reduced by the amount of such withholding Taxes and the Buyer shall remit such withholding Taxes to the applicable taxing authorities. The Buyer shall within sixty (60) days after remitting such Taxes, notify the Supplier in writing, providing reasonable detail of such payment so that the Supplier may claim any applicable rebates, refunds or credits from the applicable taxing authorities. If, after the Buyer has paid such amounts, the Buyer receives a refund, rebate or credit on account of such Taxes, then the Buyer shall promptly remit such refund, rebate or credit amount to the Supplier.

ARTICLE 5 STATEMENTS AND PAYMENTS

5.1 Meter and Other Data

The Supplier agrees to provide to the Buyer access to the meters in the Metering Plan to accommodate remote interrogation of the metered data (including State-of-Charge data, if applicable) on a daily basis. The Supplier agrees to provide to the Buyer, at all times, access to any other information relating to the Facility that the Supplier has provided or received pursuant to the IESO Market Rules or that the Supplier has provided to or received from the LDC, as applicable, from time to time. 5.2 Statements

The Buyer shall prepare and deliver a settlement statement (the "**Statement**") to the Supplier, within twenty (20) Business Days after the end of each calendar month in the Term that is the subject of the Statement (the "**Settlement Month**"), setting out the basis for the Monthly Payment with respect to the Settlement Month, as well as the basis for any other payments owing under this Agreement by either Party to the other in the Settlement Month. A Statement may be delivered by the Buyer to the Supplier by electronic means and shall include the reference number assigned to this Agreement by the Buyer and a description of the components of the Monthly Payment and other payments, as described in this Agreement, including Section 4.1 as applicable, owing to the Supplier for the Settlement Month.

5.3 Payment

The Party owing the Monthly Payment shall remit to the other Party full payment in respect of the Statement no later than the final Business Day of the month immediately after the end of the Settlement Month to which the Statement relates (the "**Payment Date**"). Any and all payments required to be made by either Party under any provision of this Agreement shall be made by electronic funds transfer (ETF) to the applicable account designated in Section 5.5, or as otherwise agreed by the Parties.

5.4 Interest

The Party owing the Monthly Payment shall pay interest on any late payment to the other Party, from the Payment Date to the date of payment, unless such late payment was through the fault of the other Party. The interest rate applicable to such late payment shall be the Interest Rate in effect on the date that the payment went into arrears, calculated daily, but shall not, under any circumstances, exceed the maximum interest rate permitted by Laws and Regulations.

- (c) Notwithstanding any other provision of this Agreement, no delay, including a delay resulting from an event of Force Majeure, shall extend the date by which any component of the Completion and Performance Security is required to be provided by the Supplier.
- (d) In the event that the Buyer, in accordance with this Agreement, has recovered monies that were due to it using all or part of the Completion and Performance Security, the Supplier shall forthwith provide replacement security to cover an amount equal to that recovered or paid out of the Completion and Performance Security.

6.2 Composition of Security

- (a) The Completion and Performance Security shall be in the form of a Letter of Credit, for the full amount of the Completion and Performance Security.
- (b) A Letter of Credit delivered hereunder shall be subject to the following provisions:
 - (i) The Supplier shall (i) renew or cause the renewal of each outstanding Letter of Credit on a timely basis as provided in the relevant Letter of Credit, (ii) if the financial institution that issued an outstanding Letter of Credit has indicated its intent not to renew such Letter of Credit, provide a substitute Letter of Credit or other equivalent form of security satisfactory to the Buyer at least ten (10) Business Days prior to the expiration of the outstanding Letter of Credit, and (iii) if a financial institution issuing a Letter of Credit fails to honour the Buyer's properly documented request to draw on an outstanding Letter of Credit (other than a failure to honour as a result of a request to draw that does not conform to the requirements of such Letter of Credit), provide for the benefit of the Buyer (A) a substitute Letter of Credit that is issued by another financial institution, or (B) other security satisfactory to the Buyer in an amount equal to such outstanding Letter of Credit, in either case within five (5) Business Days after the Supplier receives notice of such refusal.

If an event of Force Majeure causes the Supplier to not achieve Commercial Operation by the Milestone Date for Commercial Operation, then the Milestone Date for Commercial Operation shall be extended for such reasonable period of delay directly resulting from such Force Majeure event. If an event of Force Majeure causes the Supplier to not achieve Commercial Operation by the Longstop Date, then the Longstop Date shall be extended for such reasonable period of delay directly resulting from such Force Majeure event. An event of Force Majeure shall not, in any circumstances, extend the Term. Additionally, notwithstanding the prior paragraph of this Section 11.1(a), following the Term Commencement Date, during such time as the Supplier is so unable to perform or comply with its obligations as a result of a Force Majeure, to the extent that the Supplier is able to deliver a portion of the Contract Capacity from the Facility despite an event of Force Majeure, then the calculation of Monthly Payment will be made with respect to such portion of the Contract Capacity and Electricity delivered in accordance with Exhibit J.

- (b) A Party shall be deemed to have invoked Force Majeure with effect from the commencement of the event or circumstances constituting Force Majeure when that Party gives to the other Party prompt notice in writing of the effect of the Force Majeure and reasonably full particulars of the cause thereof, in substantially the form as set forth in Exhibit H, provided that such notice shall be given within ten (10) Business Days of the commencement of the event or circumstances constituting Force Majeure. Where a Party fails to provide notice of the commencement of the event or circumstances constituting Force Majeure within ten (10) Business Days of the commencement of such event or circumstances, such Party shall be deemed to have invoked Force Majeure with effect from the date when that Party gives to the other Party written notice in substantially the form as set forth in Exhibit H, of the event or circumstances constituting Force Majeure. If the effect of the Force Majeure and full particulars of the cause thereof cannot be reasonably determined within such ten (10) Business Day period, the Party invoking Force Majeure shall be allowed a further ten (10) Business Days (or such longer period as the Parties may agree in writing) to provide such full particulars, in substantially the form set forth as Exhibit H, to the other Party.
- (c) The Party invoking Force Majeure shall use Commercially Reasonable Efforts to remedy the situation and remove, so far as possible and with reasonable dispatch, the Force Majeure, but settlement of strikes, lockouts and other labour disturbances shall be wholly within the discretion of the Party involved.

- (c) if and to the extent that the Party seeking to invoke Force Majeure because of arrest or restraint by a Governmental Authority, such arrest or restraint was the result of a breach by such Party of Laws and Regulations;
- (d) if the Force Majeure was caused by a lack of funds or other financial cause;
- (e) if the System Operator amends the schedule of Planned Outages for the Facility as set out in the Annual Operating Plan;
- (f) if the Party invoking Force Majeure fails to comply with the notice provisions in Sections 11.1(b) or 11.1(d); or
- (g) in respect of any impacts of the COVID-19 pandemic or the Russo-Ukrainian military conflict that were known or ought reasonably to be known by the Supplier as of the Contract Date.

For greater certainty, actions of the Buyer that are not actions of the System Operator shall not constitute Force Majeure.

Note to IESO: It is important to introduce into the definition of Force Majeure the fact that issues related to interconnection approvals by the IESO or completion of interconnection works by LDCs could be Force Majeure events that allow for relief to Milestone Dates if conditions satisfied.

11.3 Definition of Force Majeure

For the purposes of this Agreement, the term “**Force Majeure**” means any act, event, cause or condition that prevents a Party from performing its obligations (other than payment obligations) hereunder, and that is beyond the affected Party’s reasonable control, and shall include:

- (a) acts of God, including extreme wind, ice, lightning or other storms, earthquakes, tornadoes, hurricanes, cyclones, landslides, drought, floods and washouts;
- (b) fires or explosions;
- (c) local, regional or national states of emergency;
- (d) strikes and other labour disputes (other than legal strikes or labour disputes by employees of such Party or third party) invoking Force Majeure, unless such strikes or labour disputes are the result or part of a general industry strike or labour dispute;

- (f) civil disobedience or disturbances, war (whether declared or not), acts of sabotage, blockades, insurrections, terrorism, revolution, riots or epidemics;
- (g) an order, judgment, **the System Operator,** or direction by Governmental Authorities restraining a Party, **interconnection approval,** provided that the affected Party has not applied for or assisted the application for and has used Commercially Reasonable Efforts to **interconnection approval** obtain, or to secure the renewal or amendment of, any permit, certificate, impact assessment, licence or approval of any Governmental Authority, Transmitter or LDC required to perform or comply with any obligation under this Agreement, unless the revocation or modification of any such necessary permit, certificate, impact assessment, licence or approval was caused by the violation of the terms thereof or consented to by the Party invoking Force Majeure;
- (h) any inability, despite the use of Commercially Reasonable Efforts, to obtain, or to secure the renewal or amendment of, any permit, certificate, impact assessment, licence or approval of any Governmental Authority, Transmitter or LDC required to perform or comply with any obligation under this Agreement, unless the revocation or modification of any such necessary permit, certificate, impact assessment, licence or approval was caused by the violation of the terms thereof or consented to by the Party invoking Force Majeure;
- (i) any unanticipated maintenance or Outage affecting the Facility:
 - (i) which is not identified in the Supplier’s then current schedule of Planned Outages submitted to the Buyer or the LDC, as the case may be, in advance of the occurrence of an event of Force Majeure referred to in this Section 11.3, and
 - (ii) which results directly from, or is scheduled or planned directly as a consequence of, an event of Force Majeure referred to in this Section 11.3, or which results from a failure of equipment that prevents the Facility from producing Electricity, provided that:

(j) delays or disruptions (including those arising from events of Force Majeure referred to in this Section 11.3) in the construction of any Transmission System or Distribution System assets that are required for the Facility to Deliver Electricity

(k) any delay in achieving Commercial Operation of the Facility before the corresponding Milestone Date as a result of an amendment by the IESO to the outage schedule (1) relating to the connection of the Facility to the IESO-Controlled Grid; and/or (2) relating to the completion of any Network Upgrades."

- (A) notice of the unanticipated maintenance or Outage is provided to the Buyer by the Supplier concurrently, or as soon as reasonably possible thereafter, with the notice in respect thereof provided to the System Operator under the IESO Market Rules but, in any event, within ten (10) Business Days thereof;
- (B) the Supplier provides notice to the Buyer immediately, or as soon as reasonably possible thereafter, upon receipt from the System Operator of advance acceptance or other proposed scheduling or approval of such maintenance or outage, if such approval is required to be obtained from the System Operator;
- (C) the Supplier provides timely updates to the Buyer of the commencement date of the maintenance or outage and, where possible, provides seven (7) days advance notice of such date;
- (D) the unanticipated maintenance or Outage is commenced within one hundred and twenty (120) days of the commencement of the occurrence of the relevant event of Force Majeure; and
- (E) the Supplier schedules the unanticipated maintenance or outage in accordance with Good Engineering and Operating Practices.

For greater certainty, nothing in Section 11.3(i) shall be construed as limiting the duration of an event of Force Majeure. Each Party shall resume its obligations as soon as the event of Force Majeure has been overcome.

16.6 and 16.7

ARTICLE 12 LENDER'S RIGHTS

12.1 Lender Security

Notwithstanding Section 16.5, the Supplier, from time to time on or after the date of execution of this Agreement shall have the right, at its cost, to enter into a Secured Lender's Security Agreement. For the avoidance of doubt, in the case of a deed of trust or similar instrument securing bonds or debentures where the trustee holds security on behalf of, or for the benefit of, other lenders, only the trustee shall be entitled to exercise the rights and remedies under the Secured Lender's Security Agreement as the Secured Lender on behalf of the lenders. A Secured Lender's Security Agreement shall be based upon and subject to the following conditions:

- (a) A Secured Lender's Security Agreement may be made for any amounts and upon any terms (including terms of the loans, interest rates, payment terms and prepayment privileges or restrictions) as desired by the Supplier, except as otherwise provided in this Agreement.
- (b) No Secured Lender's Security Agreement shall affect or encumber in any manner the Buyer's title to any government-owned premises. The Buyer shall have no liability whatsoever for payment of the principal sum secured by any Secured

Draft

Lender's Security Agreement, or any interest accrued thereon or any other sum secured thereby or accruing thereunder; and the Secured Lender shall not be entitled to seek any damages against the Buyer for any or all of the same.

- (c) No Secured Lender's Security Agreement shall be binding upon the Buyer in the enforcement of the Buyer's rights and remedies provided in this Agreement or by Laws and Regulations, unless and until a copy of the original thereof and the registration details, if applicable, together with written notice of the address of the Secured Lender to which notices may be sent have been delivered to the Buyer by the Supplier or the Secured Lender; and in the event of an assignment of such Secured Lender's Security Agreement, such assignment shall not be binding upon the Buyer unless and until a copy thereof and the registration details, if applicable, together with written notice of the address of the assignee thereof to which notices may be sent, have been delivered to the Buyer by the Supplier or the Secured Lender.
- (d) If the Supplier is in default under or pursuant to the Secured Lender's Security Agreement and the Secured Lender intends to exercise any rights afforded to the Secured Lender under this Agreement, then the Secured Lender shall give notice of such default to the Buyer at least five (5) Business Days prior to exercising any such rights.
- (e) Any Secured Lender's Security Agreement permitted hereunder may secure two (2) or more separate debts, liabilities or obligations in favour of two (2) or more separate Secured Lenders, provided that such Secured Lender's Security Agreement complies with the provisions of this Article 12.
- (f) Any number of permitted Secured Lender's Security Agreements may be outstanding at any one time, provided that each such Secured Lender's Security Agreement complies with the provisions of this Article 12.
- (g) All rights acquired by a Secured Lender under any Secured Lender's Security Agreement shall be subject to all of the provisions of this Agreement, including the restrictions on assignment contained herein. While any Secured Lender's Security Agreement is outstanding, the Buyer and the Supplier shall not amend or supplement this Agreement or agree to a termination of this Agreement without the consent of the Secured Lender, which consent shall not be unreasonably withheld, conditioned, or delayed. A Secured Lender must respond within a reasonable period of time to any request to amend or supplement this Agreement.
- (h) Despite any enforcement of any Secured Lender's Security Agreement, the Supplier shall remain liable to the Buyer for the payment of all sums owing to the Buyer under this Agreement and for the performance of all of the Supplier's obligations under this Agreement.

12.2 Rights and Obligations of Secured Lenders

While any Secured Lender's Security Agreement remains outstanding, and if the Buyer has received the notice referred to in Section 12.1(c) or the contents thereof are embodied in the agreement entered into by the Buyer in accordance with Section 12.3, the following provisions shall apply:

- (a) No Supplier Event of Default (other than those set out in Section 10.2(c)) shall be grounds for the termination by the Buyer of this Agreement until:
 - (i) any notice required to be given under Section 10.1 and Section 10.2(a) has been given to the Supplier and to the Secured Lender; and
 - (ii) the cure period set out in Section 12.2(b) has expired without a cure having been completed and without the Secured Lender having taken the actions therein contemplated.
- (b) In the event the Buyer has given any notice required to be given under Section 10.1, the Secured Lender shall, within the applicable cure period (including any extensions), if any, have the right (but not the obligation) to cure such default, and the Buyer shall accept such performance by such Secured Lender as if the same had been performed by the Supplier.
- (c) Any payment to be made or action to be taken by a Secured Lender hereunder as a prerequisite to keeping this Agreement in effect shall be deemed properly to have been made or taken by the Secured Lender if such payment is made or action is taken by a nominee or agent of the Secured Lender or a receiver or receiver and manager appointed by or on the application of the Secured Lender.
- (d) A Secured Lender shall be entitled to the Supplier's rights and benefits contained in this Agreement and shall become liable for the Supplier's obligations solely as provided in Section 12.2. A Secured Lender may, subject to the provisions of this Agreement, enforce any Secured Lender's Security Agreement and acquire the Supplier's Interest in any lawful way and, without limitation, a Secured Lender or its nominee or agent or a receiver or receiver and manager appointed by or on the application of the Secured Lender, may take possession of and manage the Facility and, upon foreclosure, or without foreclosure upon exercise of any contractual or statutory power of sale under such Secured Lender's Security Agreement, may sell or assign the Supplier's Interest with the consent of the Buyer as required under Section 12.2(f).
- (e) Until a Secured Lender (i) forecloses or has otherwise taken ownership of the Supplier's Interest or (ii) has taken possession or control of the Supplier's Interest, whether directly or by an agent as a mortgagee in possession, or a receiver or receiver and manager has taken possession or control of the Supplier's Interest by reference to the Secured Lender's Security Agreement, the Secured Lender shall not be liable for any of the Supplier's obligations or be entitled to any of the Supplier's rights and benefits contained in this Agreement, except by way of

Draft

security. If the Secured Lender itself or by a nominee or agent, or a receiver or a receiver and manager appointed by or on the application of the Secured Lender, is the owner or is in control or possession of the Supplier's Interest, then the entity that is the owner or is in control or possession of the Supplier's Interest shall be bound by all of the Supplier's obligations. Once the Secured Lender or such other Person goes out of possession or control of the Supplier's Interest or transfers the Supplier's Interest in accordance with this Agreement to another Person who is at Arm's Length with the Secured Lender, the Secured Lender shall cease to be liable for any of the Supplier's obligations and shall cease to be entitled to any of the Supplier's rights and benefits contained in this Agreement, except, if the Secured Lender's Security Agreement remains outstanding, by way of security.

- (f) Despite anything else contained in this Agreement, any Person to whom the Supplier's Interest is transferred shall take the Supplier's Interest subject to the Supplier's obligations. No transfer shall be effective unless the Buyer:
 - (i) acting reasonably, if such transferee is at Arm's Length with the Secured Lender; or
 - (ii) acting in its sole and subjective discretion, if such transferee is not at Arm's Length with the Secured Lender,

has approved of the transferee and the transferee has entered into an agreement with the Buyer in form and substance satisfactory to the Buyer, acting reasonably, wherein the transferee agrees to assume and to perform the obligations of the Supplier in respect of the Supplier's Interest, whether arising before or after the transfer, and including the posting of the Completion and Performance Security required under Article 6.

- (g) In the event of the termination of this Agreement prior to the end of the Term due to a Supplier Event of Default, the Buyer shall, within ten (10) days after the date of such termination, deliver to each Secured Lender which is at Arm's Length with the Supplier a statement of all sums then known to the Buyer that would at that time be due under this Agreement but for the termination and a notice to each such Secured Lender stating that the Buyer is willing to enter into a New Agreement (the "**Buyer Statement**"). Subject to the provisions of this Article 12, each such Secured Lender or its transferee approved by the Buyer pursuant to Section 12.2(f) hereof shall thereupon have the option to obtain from the Buyer a New Agreement in accordance with the following terms:
 - (i) Upon receipt of the written request of the Secured Lender within thirty (30) days after the date on which it received the Buyer Statement, the Buyer shall enter into a New Agreement.
 - (ii) Such New Agreement shall be effective as of the Termination Date and shall be for the remainder of the Term at the time this Agreement was terminated and otherwise upon the terms contained in this Agreement. The Buyer's obligation to enter into a New Agreement is conditional upon the Secured

Draft

Lender (A) paying all sums that would, at the time of the execution and delivery thereof, be due under this Agreement but for such termination, (B) otherwise fully curing any defaults under this Agreement existing immediately prior to termination of this Agreement that are capable of being cured, and (C) paying all reasonable costs and expenses, including legal fees, so as to provide a full indemnity (and not only substantial indemnity), incurred by the Buyer in connection with such default and termination, and the preparation, execution and delivery of such New Agreement and related agreements and documents, provided, however, that with respect to any default that could not be cured by such Secured Lender until it obtains possession, such Secured Lender or its transferee approved by the Buyer pursuant to Section 12.2(f) hereof, as the case may be, shall have the applicable cure period commencing on the date that it obtains possession to cure such default.

When the Secured Lender has appointed an agent, a receiver or a receiver and manager or has obtained a court-appointed receiver or receiver and manager for the purpose of enforcing the Secured Lender's security, that Person may exercise any of the Secured Lender's rights under this Section 12.2(g).

- (h) Despite anything to the contrary contained in this Agreement, the provisions of this Article 12 shall enure only to the benefit of the holders of a Secured Lender's Security Agreement. If the holders of more than one such Secured Lender's Security Agreement who are at Arm's Length with the Supplier make written requests to the Buyer in accordance with this Section 12.2 to obtain a New Agreement, the Buyer shall accept the request of the holder whose Secured Lender's Security Agreement had priority immediately prior to the termination of this Agreement over the Secured Lender's Security Agreements of the other Secured Lenders making such requests and thereupon the written request of each other Secured Lender shall be deemed to be void. In the event of any dispute or disagreement as to the respective priorities of any such Secured Lender's Security Agreement, the Buyer may rely upon the opinion as to such priorities of any law firm qualified to practice law in the Province of Ontario retained by the Buyer in its unqualified subjective discretion or may apply to a court of competent jurisdiction for a declaration as to such priorities, which opinion or declaration shall be conclusively binding upon all parties concerned.

12.3 Cooperation

The Buyer and the Supplier shall enter into an agreement with any Secured Lender for the purpose of implementing the Secured Lender's Security Agreement protection provisions contained in this Agreement. The Buyer, acting reasonably, shall consider any request jointly made by the Supplier and a Secured Lender or proposed Secured Lender to facilitate a provision of a Secured Lender's Security Agreement or proposed Secured Lender's Security Agreement that may require an amendment to this Agreement, provided that the rights of the Buyer are not adversely affected thereby, the obligations of the Supplier to the Buyer are not altered thereby and the consent of any other Secured Lender to such amendment has been obtained by the Supplier or the Secured Lender making the request for the amendment.

ARTICLE 13 DISCRIMINATORY ACTION

13.1 Discriminatory Action

A “**Discriminatory Action**” shall occur if:

- (a) the Legislative Assembly of Ontario:
 - (i) causes to come into force any statute that was introduced as a bill in the Legislative Assembly of Ontario or the Government of Ontario causes to come into force or makes any order-in-council or regulation first having legal effect on or after the date hereof; or
 - (ii) directly or indirectly amends this Agreement without the agreement of the Supplier;

the effect of the action referred to in Section 13.1(a):

- (i) is borne principally by the Supplier; or
- (ii) is borne principally by the Supplier and one or more Other Suppliers;

or materially impact the economic benefit the Supplier would reasonably be expected to receive

the action referred to in Section 13.1(a) has the effect of increasing the costs that the Supplier would reasonably be expected to incur in respect of the development, construction, operation and maintenance of the Facility hereunder, including costs related to satisfy the Must-Offer Obligation, except where such action is in response to any act or omission on the part of the Supplier that is contrary to Laws and Regulations (other than an act or omission rendered illegal by virtue of such action) or such action is permitted under this Agreement. Despite the preceding sentence, none of the following shall be a Discriminatory Action:

- (i) Laws and Regulations of general application, including an increase of Taxes of general application, or any action of the Government of Ontario pursuant thereto;
- (ii) any such statute that prior to five (5) Business Days prior to the Contract Date:
 - (A) has been introduced as a bill in the Legislative Assembly of Ontario in a similar form as such statute takes when it has legal effect, provided that any amendments made to such bill in becoming such statute do not have a Material Adverse Effect on the Supplier; or
 - (B) has been made public in a discussion or consultation paper, press release or announcement issued by the Buyer, the Government of Ontario, and/or the Ministry of Energy that appeared on the Buyer's Website or the website of the Government of Ontario and/or the Ministry of Energy, provided that any amendments made to such

Note to IESO: Discriminatory Action is defined to include an action that has the effect of increasing costs incurred in respect of the development, construction, operation and maintenance of the Facility, including costs to satisfy Must-Offer Obligations; however, Section 13.2 (Consequences of Discriminatory Action) is limited only to recovery of costs associated with Must-Offer Obligations. Section 13.2 should include compensation for the increase in the costs that the Supplier would reasonably be expected to incur as a consequence of the Discriminatory Action (including costs incurred in respect of the development, construction, operation and maintenance of the Facility and the increase in the costs that the Supplier would reasonably be expected to incur to satisfy the Must-Offer Obligation).

public form, in becoming such statute, do not have a Material Adverse Effect on the Supplier; and

(iii) any of such regulations that prior to five (5) Business Days prior to the Contract Date:

(A) have been published in the Ontario Gazette but by the terms of such regulations come into force on or after five (5) Business Days prior to the Contract Date, or

(B) have been referred to in a press release issued by the Buyer, the Government of Ontario and/or the Ministry of Energy that appeared on the website of the Government of Ontario or the Ministry of Energy, provided that any amendments made to such regulations in coming into force do not have a Material Adverse Effect on the Supplier.

or to reasonably compensate Supplier for the change in the commercial value of the Agreement, each

of Discriminatory Action

If a Discriminatory Action occurs, the Supplier shall have the right to obtain, without duplication, compensation (the “**Discriminatory Action Compensation**”) from the Buyer for the amount of the increase in the costs that the Supplier would reasonably be expected to incur to satisfy the Must-Offer Obligation as a result of the occurrence of such Discriminatory Action, commencing on the first day of the first calendar month following the date of the Discriminatory Action and ending at the expiry of the Term, but excluding the portion of any costs charged by a Person who does not deal at Arm’s Length with the Supplier that is in excess of the costs that would have been charged had such Person been at Arm’s Length with the Supplier.

13.3 Notice of Discriminatory Action

(a) In order to exercise its rights in the event of the occurrence of a Discriminatory Action, the Supplier must give a notice (the “**Preliminary Notice**”) to the Buyer within sixty (60) days after the date on which the Supplier first became aware (or should have been aware, using reasonable due diligence) of the Discriminatory Action stating that a Discriminatory Action has occurred. Within sixty (60) days after the date of receipt of the Preliminary Notice, the Supplier must give another notice (the “**Notice of Discriminatory Action**”). A Notice of Discriminatory Action must include:

(i) a statement of the Discriminatory Action that has occurred;

(ii) details of the effect of the said occurrence that is borne by the Supplier;

(iii) details of the manner in which the Discriminatory Action increases the costs that the Supplier would reasonably be expected to incur under this Agreement in satisfying the Must-Offer Obligation; and

Draft

- (iv) the amount claimed as Discriminatory Action Compensation and details of the computation thereof.

The Buyer shall, after receipt of a Notice of Discriminatory Action, be entitled, by notice given within thirty (30) days after the date of receipt of the Notice of Discriminatory Action, to require the Supplier to provide such further supporting particulars as the Buyer considers necessary, acting reasonably.

- (b) If the Buyer wishes to dispute the occurrence of a Discriminatory Action, the Buyer shall give a notice of dispute (the “**Notice of Dispute**”) to the Supplier, stating the grounds for such dispute, within thirty (30) days after the date of receipt of the Notice of Discriminatory Action or within thirty (30) days after the date of receipt of the further supporting particulars, as applicable.
- (c) If neither the Notice of Discriminatory Action nor the Notice of Dispute has been withdrawn within thirty (30) days after the date of receipt of the Notice of Dispute by the Supplier, the dispute of the occurrence of a Discriminatory Action shall be submitted to mandatory and binding arbitration in accordance with Section 16.2 without first having to comply with Section 16.1.
- (d) If the Buyer does not dispute the occurrence of a Discriminatory Action or the amount of Discriminatory Action Compensation claimed in the Notice of Discriminatory Action, the Buyer shall pay to the Supplier the amount of Discriminatory Action Compensation claimed within sixty (60) days after the date of receipt of the Notice of Discriminatory Action. If a Notice of Dispute has been given, the Buyer shall pay to the Supplier the Discriminatory Action Compensation Amount determined in accordance with Section 13.3(e) not later than sixty (60) days after the later of the date on which the dispute with respect to the occurrence of a Discriminatory Action is resolved and the date on which the Discriminatory Action Compensation Amount is determined.
- (e)
 - (i) If the Buyer wishes to dispute the amount of the Discriminatory Action Compensation, the Buyer shall give to the Supplier a notice (the “**Discriminatory Action Compensation Notice**”) setting out an amount that the Buyer proposes as the Discriminatory Action Compensation (the “**Discriminatory Action Compensation Amount**”), if any, together with details of the computation. If the Supplier does not give notice (the “**Supplier Non-acceptance Notice**”) to the Buyer stating that it does not accept the Discriminatory Action Compensation Amount proposed within thirty (30) days after the date of receipt of the Discriminatory Action Compensation Notice, the Supplier shall be deemed to have accepted the Discriminatory Action Compensation Amount so proposed. If the Supplier Non-acceptance Notice is given, the Buyer and the Supplier shall attempt to determine the Discriminatory Action Compensation Amount through negotiation, and any amount so agreed in writing shall be the Discriminatory Action Compensation Amount. If the Buyer and the

Draft

Supplier do not agree in writing upon the Discriminatory Action Compensation Amount within sixty (60) days after the date of receipt of the Supplier Non-acceptance Notice, the Discriminatory Action Compensation Amount shall be determined in accordance with the procedure set forth in Section 13.3(e)(ii) and Sections 16.1 and 16.2 shall not apply to such determination.

- (ii) If the negotiation described in Section 13.3(e)(i) does not result in an agreement in writing on the Discriminatory Action Compensation Amount, either the Buyer or the Supplier may, after the later of (A) the date on which a dispute with respect to the occurrence of a Discriminatory Action is resolved and (B) the date of the expiry of a period of thirty (30) days after the date of receipt of the Supplier Non-acceptance Notice, by notice to the other require the dispute to be resolved by arbitration as set out below. The Buyer and the Supplier shall, within thirty (30) days after the date of receipt of such notice of arbitration, jointly appoint a valuator to determine the Discriminatory Action Compensation Amount. The valuator so appointed shall be a duly qualified business valuator where the individual responsible for the valuation has not less than ten (10) years' experience in the field of business valuation. If the Buyer and the Supplier are unable to agree upon a valuator within such period, the Buyer and the Supplier shall jointly make application (provided that if a Party does not participate in such application, the other Party may make application alone) under the *Arbitration Act, 1991* (Ontario) to a judge of the Superior Court of Justice to appoint a valuator, and the provisions of the *Arbitration Act, 1991* (Ontario) shall govern such appointment. The valuator shall determine the Discriminatory Action Compensation Amount within sixty (60) Business Days after the date of his or her appointment. Pending a decision by the valuator, the Buyer and the Supplier shall share equally, and be responsible for their respective shares of, all fees and expenses of the valuator. The fees and expenses of the valuator shall be paid by the non-prevailing party. "Prevailing Party" means the Party whose determination of the Discriminatory Action Compensation Amount is most nearly equal to that of the valuator's determination. The Supplier's and the Buyer's respective determinations of the Discriminatory Action Compensation Amount shall be based upon the Notice of Discriminatory Action and the Discriminatory Action Compensation Notice, as applicable.
- (iii) In order to facilitate the determination of the Discriminatory Action Compensation Amount by the valuator, each of the Buyer and the Supplier shall provide to the valuator such information as may be requested by the valuator, acting reasonably, and the Supplier shall permit the valuator and the valuator's representatives to have reasonable access during normal business hours to such information and to take extracts therefrom and to make copies thereof.

Draft

- (iv) The Discriminatory Action Compensation Amount as determined by the valuator shall be final and conclusive and not subject to any appeal.
- (f) Any amount to be paid under Section 13.3(d) shall bear interest at a variable nominal rate per annum equal on each day to the Interest Rate then in effect from the date of receipt of the Notice of Discriminatory Action to the date of payment.
- (g) Payment of the Discriminatory Action Compensation and interest thereon by the Buyer to the Supplier shall constitute full and final satisfaction of all amounts that may be claimed by the Supplier for and in respect of the occurrence of the Discriminatory Action and, upon such payment, the Buyer shall be released and forever discharged by the Supplier from any and all liability in respect of such Discriminatory Action.

13.4 Right of the Buyer to Remedy or Cause to be Remedied a Discriminatory Action

If the Buyer wishes to remedy or cause to be remedied the occurrence of a Discriminatory Action, the Buyer must give notice to the Supplier within thirty (30) days after the later of the date of receipt of the Notice of Discriminatory Action and the date of the receipt by the Buyer of the further supporting particulars referred to in Section 13.3(a). If the Buyer gives such notice, the Buyer must remedy or cause to be remedied the Discriminatory Action within one hundred and eighty (180) days after the date of receipt of the Notice of Discriminatory Action or, if a Notice of Dispute has been given, within one hundred and eighty (180) days after the date of the final award pursuant to Section 16.2 to the effect that a Discriminatory Action occurred. If the Buyer remedies or causes to be remedied the Discriminatory Action in accordance with the preceding sentence, the Supplier shall have the right to obtain, without duplication, the amount that the Supplier would have the right to claim in respect of that Discriminatory Action pursuant to Section 13.2, adjusted to apply only to the period commencing on the first day of the first calendar month following the date of the Discriminatory Action and expiring on the day preceding the day on which the Discriminatory Action was remedied.

ARTICLE 14 LIABILITY AND INDEMNIFICATION

14.1 Exclusion of Consequential Damages

Notwithstanding anything contained herein to the contrary, neither Party will be liable under this Agreement or under any cause of action relating to the subject matter of this Agreement for any special, indirect, incidental, punitive, exemplary or consequential damages, including loss of profits, loss of use of any property or claims of customers or contractors of the Parties for any such damages.

14.2 Liquidated Damages

Nothing in this Article shall reduce a Party's claim for liquidated damages pursuant to Sections 2.3(c), 2.4(b), 3.1(b), or 6.2(b)(iii). The Supplier acknowledges and agrees with the Buyer that the actual damages incurred by the Buyer and Electricity consumers as a result of a failure by the Supplier to meet its obligations under this Agreement are impossible to definitively quantify and

Draft

the Supplier further agrees that the payment of the liquidated damages set forth in this Agreement constitutes a fair and reasonable means of compensating the Buyer for damages likely to be incurred as a result of such delays and does not constitute a penalty.

14.3 Buyer Indemnification

In addition to the indemnity provided by the Supplier in Section 2.6(c), the Supplier shall indemnify, defend and hold the Buyer, the System Operator, the Government of Ontario, the members of the Government of Ontario's Executive Council, and their respective Affiliates, and each of the foregoing Persons' respective directors, officers, employees, shareholders, advisors, and agents (including contractors and their employees) (collectively, the "**Indemnitees**") harmless from and against any and all claims, demands, suits, losses, damages, liabilities, penalties, obligations, payments, costs and expenses and accrued interest thereon (including the costs and expenses of, and accrued interest on, any and all actions, suits, proceedings for personal injury (including death) or property damage, assessments, judgments, settlements and compromises relating thereto and reasonable lawyers' fees and reasonable disbursements in connection therewith) (each, an "**Indemnifiable Loss**"), asserted against or suffered by the Indemnitees relating to, in connection with, resulting from, or arising out of:

- (a) any occurrence or event relating to the Facility, except to the extent that any injury or damage is attributable to the negligence or wilful misconduct of the Indemnitees or the failure of the Indemnitees to comply with Laws and Regulations; or
- (b) any breach by the Supplier of any representations, warranties, and covenants contained in this Agreement, except to the extent that any injury or damage is attributable to the negligence or wilful misconduct of the Indemnitees.

For greater certainty, in the event of contributory negligence or other fault of the Indemnitees, then such Indemnitees shall not be indemnified hereunder in the proportion that the Indemnitees' negligence or other fault contributed to any Indemnifiable Loss.

14.4 Defence of Claims

- (a) Promptly after receipt by the Indemnitees of any Claim or notice of the commencement of any action, administrative or legal proceeding, or investigation as to which the indemnity provided for in Section 14.3 may apply, the Buyer shall notify the Supplier in writing of such fact. The Supplier shall assume the defence thereof with counsel designated by the Supplier and satisfactory to the affected Indemnitees, acting reasonably; provided, however, that if the defendants in any such action include both the Indemnitees and the Supplier and the Indemnitees shall have reasonably concluded that there may be legal defences available to them which are different from or additional to, or inconsistent with, those available to the Supplier, the Indemnitees shall have the right to select separate counsel satisfactory to the Supplier acting reasonably (at no additional cost to the Indemnitees) to participate in the defence of such action on behalf of the Indemnitees. The Supplier shall promptly confirm that it is assuming the defence of the Indemnitees by providing written notice to the Indemnitees. Such notice

Draft

shall be provided no later than five (5) days prior to the deadline for responding to any Claim relating to any Indemnifiable Loss.

- (b) Should any of the Indemnitees be entitled to indemnification under Section 14.3 as a result of a Claim by a third party, and the Supplier fails to assume the defence of such Claim (which failure shall be assumed if the Supplier fails to provide the notice prescribed by Section 14.4(a)), the Indemnitees shall, at the expense of the Supplier, contest (or, with the prior written consent of the Supplier, settle) such Claim, provided that no such contest need be made and settlement or full payment of any such Claim may be made without consent of the Supplier (with the Supplier remaining obligated to indemnify the Indemnitees under Section 14.3), if, in the written opinion of an independent third party counsel chosen by the Company Representatives, such Claim is meritorious. If the Supplier is obligated to indemnify any Indemnitees under Section 14.3, the amount owing to the Indemnitees will be the amount of such Indemnitees' actual out-of-pocket loss net of any insurance proceeds received or other recovery.

15.1 Company Representative

The Supplier and the Buyer shall by notice in the form of Exhibit D, each appoint, from time to time, a representative (a “**Company Representative**”), who shall be duly authorized to act on behalf of the Party that has made the appointment, and with whom the other Party may consult at all reasonable times, and whose instructions, requests, and decisions, provided the same are in writing signed by the respective Company Representative, shall be binding on the appointing Party as to all matters pertaining to this Agreement. The Company Representatives shall not have the power or authority to amend this Agreement.

15.2 Record Retention; Audit Rights and Obligations

- (a) The Supplier and the Buyer shall both keep complete and accurate records and all other data required by either of them for the purpose of proper administration of this Agreement and related to the Facility in Ontario, Canada. All such records shall be maintained as required by Laws and Regulations but for no less than for seven (7) years after the creation of the record or data.
- (b) The Supplier and the Buyer, on a confidential basis as provided for in Article 8 of this Agreement, shall provide reasonable access to the relevant and appropriate financial and operating records and data kept by it relating to this Agreement reasonably required for the other Party to comply with its obligations to Governmental Authorities or to verify or audit billings or to verify or audit information provided in accordance with this Agreement. A Party may use its own employees for purposes of any such review of records provided that those employees are bound by the confidentiality requirements provided for in Article 8. Alternatively, a Party may at its own expense appoint an auditor to conduct its audit.

Draft

The Party seeking access to such records in this manner shall pay the fees and expenses associated with use of the third party auditor.

15.3 Reports to the Buyer

- (a) The Supplier shall deliver to the Buyer a copy of all reports, plans and notices that the Supplier is required to provide under the IESO Market Rules with respect to Outages, at the same time or within one (1) Business Day after such reports, plans and notices are delivered by the Supplier under the IESO Market Rules.
- (b) In addition to the documentation provided in Section 15.3(a):
 - (i) the Supplier shall, at the request of the Buyer, provide to the Buyer an annual operating plan for the Facility for the succeeding Contract Year, in the form set out in Exhibit L (the “**Annual Operating Plan**”). The Annual Operating Plan shall include a schedule of Planned Outages for that twelve (12) month period (together with the Supplier’s estimate of the expected duration of each Planned Outage) which shall be consistent with Good Engineering and Operating Practices and, to the extent the Supplier is required to do so by the IESO Market Rules, coordinated with and approved by the System Operator. The Supplier may, on not less than ten (10) Business Days’ prior notice to the Buyer, amend the Annual Operating Plan and its schedule of Planned Outages, provided that where the System Operator directs the Supplier to amend its schedule of Planned Outages on less than ten (10) Business Days’ prior notice, the Supplier shall make the corresponding amendments to its Annual Operating Plan and shall provide the Buyer with notice of such amendment within two (2) Business Days of receipt of any such direction from the System Operator; and
 - (ii) the Supplier shall provide prompt notice to the Buyer of any Outage other than a Planned Outage, or any anticipated Outage other than a Planned Outage, followed thereafter by a subsequent notice, to be delivered as soon as reasonably practicable, which subsequent notice shall include a statement of the cause of such Outage, the proposed corrective action and the Supplier’s estimate of the expected duration of such Outage. The Supplier shall use Commercially Reasonable Efforts to promptly end or reduce the length of such Outage.
- (c) All Outages shall take place in accordance with the notices of Outages provided by the Supplier to the Buyer under this Section 15.3, provided that where the System Operator directs the Supplier to amend its schedule of Planned Outages on less than ten (10) Business Days’ prior notice, the Supplier shall follow such direction and provide notice of any changes to the Buyer within two (2) Business Days of receipt of such direction from the System Operator.

15.4 Inspection of Facility

- (a) The Buyer’s representatives shall, at all times upon two (2) Business Days’ prior notice, at any time after the Contract Date, have access to the Facility and every part thereof during regular business hours and the Supplier shall, and shall cause all personnel operating and managing the Facility, to furnish the Buyer with all reasonable assistance in inspecting the Facility for the purpose of ascertaining compliance with this Agreement; provided that such access and assistance shall be carried out in accordance with and subject to the reasonable safety and security requirements of the Supplier and all personnel operating and managing the Facility, as applicable, and shall not interfere with the operation of the Facility.
- (b) The inspection of the Facility by or on behalf of the Buyer shall not relieve the Supplier of any of its obligations to comply with the terms of this Agreement. No Supplier Event of Default will be waived or deemed to have been waived by any inspection by or on behalf of the Buyer. In no event will any inspection by the Buyer hereunder be a representation that there has been or will be compliance with this Agreement and Laws and Regulations.

15.5 Inspection Not Waiver

- (a) Failure by the Buyer to inspect the Facility or any part thereof under Section 15.4, or to exercise its audit rights under Section 15.2, shall not constitute a waiver of any of the rights of the Buyer hereunder. An inspection or audit not followed by a notice of a Supplier Event of Default shall not constitute or be deemed to constitute a waiver of any Supplier Event of Default, nor shall it constitute or be deemed to constitute an acknowledgement that there has been or will be compliance by the Supplier with this Agreement.
- (b) Failure by the Supplier to exercise its audit rights under Section 15.2 shall not constitute or be deemed to constitute a waiver of any of the rights of the Supplier hereunder. An audit not followed by a notice of a Buyer Event of Default shall not constitute or be deemed to constitute a waiver of any Buyer Event of Default, nor shall it constitute or be deemed to constitute an acknowledgement that there has been or will be compliance by the Buyer with this Agreement.

15.6 Capacity Check Tests

selected by
Supplier

[NTD: To be further considered for each technology type. Technology specific Test Protocols under consideration.]

- (a) **Right to Request Capacity Check Test.**
 - (i) The Buyer shall have the option, exercisable on no more than **[one (1)]** occasion per Season, upon providing written notice to the Supplier (a “**Capacity Check Test Notice**”), to require the Supplier in respect of any Facility, provided it is not during an Outage, to conduct a test at any time during Qualifying Hours within the Capacity Check Test Window, at the

Draft

Supplier's sole cost and expense, that may be witnessed by the Buyer or its Representative, to confirm the ability of the Facility to produce at least one hundred percent (100%) of the Monthly Contract Capacity, as described below (the "**Capacity Check Test**").

- (ii) The test window for the Capacity Check Test shall be any time during Qualifying Hours in the ten (10) consecutive Business Day period following the delivery of the Capacity Check Test Notice, provided that ambient temperature conditions, as reported at the Environment Canada weather station that is physically nearest to the Facility, do not to exceed +35 degrees Celsius in the Summer or fall below -20 degrees Celsius in the Winter for more than fifty percent (50%) of Qualifying Hours (the "**Capacity Check Test Window**"). In the event that ambient temperature conditions, as reported at the Environment Canada weather station that is physically nearest to the Facility, exceed +35 degrees Celsius in the Summer or fall below -20 degrees Celsius in the Winter for more than fifty percent (50%) of Qualifying Hours in the ten (10) consecutive Business Days following the Capacity Check Test Notice, the Capacity Check Test Window shall be automatically extended until such time as there have been ten (10) Business Days (in aggregate) since the delivery of the Capacity Check Test Notice where ambient temperature conditions, as reported at the Environment Canada weather station that is physically nearest to the Facility, did not exceed +35 degrees Celsius in the Summer or fall below -20 degrees Celsius in the Winter for more than fifty percent (50%) of Qualifying Hours.
- (iii) The measurements of the Capacity Check Test shall be made using high accuracy calibrated instruments and recording systems or Facility instrumentation, including tariff meters for Electricity acceptable to the Buyer, acting reasonably and in accordance with the Metering Plan. Each Capacity Check Test consists of the Facility Delivering Electricity for at least forty-eight (48) continuous five (5) minute intervals during Qualifying Hours during a period designated by the Supplier on prior written notice to the Buyer in advance as a test period, subject to coordination and scheduling under the IESO Market Rules, and shall be evaluated based on a calculation of the generator Electricity output at the Delivery Points net of any Station Service Loads in accordance with the Metering Plan. The Supplier acknowledges and agrees that the Monthly Contract Capacity, the Electricity output of the Facility and the Station Service Loads, as may be measured by the Capacity Check Test, shall not be adjusted for ambient weather conditions.

(b) **Optional Re-Performance of a Capacity Check Test as a result of Force Majeure.**

If a Capacity Check Test is interrupted by an event of Force Majeure, then the Supplier may, at the Supplier's sole cost and expense, re-perform the Capacity Check Test within ten (10) Business Days after the receipt by the Supplier of the Capacity Confirmation relating to such Capacity Check Test from the Buyer.

Draft

Notwithstanding the foregoing, where a Capacity Check Test is interrupted by an event of Force Majeure, and the effect of such event of Force Majeure is capable of being remedied within twelve (12) hours, the Buyer shall have the right to require the Supplier to re-perform the Capacity Check Test immediately upon the remedying of the effect of such event of Force Majeure.

(c) **Capacity Check Test Report.**

The Supplier shall at the Supplier's sole cost and expense and within two (2) Business Days after the closing of the Capacity Check Test Window, after completion of the Capacity Check Test prepare and submit to the Buyer a written Capacity Check Test report that includes the data collected during the test period, computation of test data and the test results (provided in .xls format for both the primary and alternate or secondary meter). The Buyer shall provide to the Supplier within ten (10) Business Days after receipt of the Capacity Check Test report from the Supplier, written confirmation of the Electricity output for the four (4) hours, during the Capacity Check Test (the "**Capacity Confirmation**").

(d) **Requirements to Pass a Capacity Check Test.**

To pass the Capacity Check Test, **[the Electricity output (in MWh) for the four (4) hour period of the Capacity Check Test, divided by four (4) hours must be equal to or greater than one hundred percent (100%) of the Monthly Contract Capacity]**, in which case the Capacity Reduction Factor shall, for the purposes of Exhibit J, be an amount equal to 1.0, effective from the date of the Capacity Confirmation in relation to the Capacity Check Test.

(e) **Further Capacity Check Test.**

(i) If the Supplier has not passed the Capacity Check Test, then the Supplier shall, at the Supplier's cost and expense, perform a further Capacity Check Test (the "**Further Capacity Check Test**") within ten (10) Business Days after the receipt by the Supplier of the Capacity Confirmation from the Buyer, on the same terms and conditions as the Capacity Check Test described in Section 15.6(a).

(ii) For clarity, any Further Capacity Check Test shall not count towards the Buyer's option to require one (1) Capacity Check Test per Season per Contract Year. If the total Electricity output of the Facility for each of the Capacity Check Test and the Further Capacity Check Test, as stated in their respective Capacity Confirmations, divided by the one (1) hour or four (4) hours, as applicable, in each of the respective check tests (each an "**Average Test Capacity**"), are both less than **[eighty-five percent (85%)]** of the Monthly Contract Capacity, then this shall be considered a Supplier Event of Default. For purposes of calculating the Average Test Capacity in this Section 15.6, **[the Electricity output from four (4) hours shall not exceed a maximum amount equal to the Contract Capacity multiplied by four (4) hours.]**

Draft

(f) **Result of Further Capacity Check Test.**

- (i) If the Further Capacity Check Test shows that the Average Test Capacity was less than one hundred percent (100%) of the Monthly Contract Capacity, then the Capacity Reduction Factor for purposes of Exhibit J shall be reduced as set out below, effective on the date of the Capacity Confirmation in relation to the Further Capacity Check Test.
- (ii) The Capacity Reduction Factor shall be an amount equal to a fraction, the numerator of which is the greater of the Average Test Capacities resulting from the Capacity Check Test and the Further Capacity Check Test, and the denominator of which is one hundred percent (100%) of the Monthly Contract Capacity which relates to such greater Average Test Capacity.

(g) **Final Capacity Check Test.**

If Section 15.6(f) is applicable, then the Supplier shall perform a further Capacity Check Test (the “**Final Capacity Check Test**”) at the Supplier’s cost and expense within ten (10) Business Days after written notice has been delivered by the Supplier to the Buyer, no earlier than one month and no later than six (6) months after the date of the Capacity Confirmation with respect to the Further Capacity Check Test, failing which this shall be considered to be a Supplier Event of Default. The Final Capacity Check Test shall take place on the same terms and conditions as the Capacity Check Test described in Section 15.6(a) and including the delivery of the Capacity Confirmation in relation to the Final Capacity Check Test. For clarity, any Final Capacity Check Test shall not count towards the Buyer’s option to require one (1) Capacity Check Test per Season per Contract Year. If the total Electricity output of the Facility for the four (4) continuous hours of the Final Capacity Check Test, as stated in the Capacity Confirmation with respect to the Final Capacity Check Test, divided by the four (4) hours in such check test (which result shall also be an “**Average Test Capacity**” as calculated pursuant to subsection (e)):

- (i) is less than **[eighty-five percent (85%)]** of the Monthly Contract Capacity, then this shall be considered a Supplier Event of Default;
- (ii) is equal or greater to **[eighty-five percent (85%) and less than one hundred percent (100%)]** of the Monthly Contract Capacity, then the Capacity Reduction Factor shall, for the purposes of Exhibit J, be an amount equal to a fraction, the numerator of which is (a) the Average Test Capacity in relation to the Final Capacity Check Test, and the denominator of which is (b) **[one hundred percent (100%)]** of the Monthly Contract Capacity which relates to the Final Capacity Check Test; or
- (iii) is equal to **[one hundred percent (100%)]** of the Contract Capacity, then the Capacity Reduction Factor shall, for the purposes of Exhibit J, be an amount equal to 1.0, effective from the date of the Capacity Confirmation in relation to the Final Capacity Check Test.

ARTICLE 16 MISCELLANEOUS

16.1 Informal Dispute Resolution

If either Party considers that a dispute has arisen under or in connection with this Agreement that the Parties cannot resolve, then such Party may deliver a notice to the other Party describing the nature and the particulars of such dispute. Within ten (10) Business Days following delivery of such notice to the other Party, a senior executive (Vice-President or higher) from each Party shall meet, either in person or by telephone (the “**Senior Conference**”), to attempt to resolve the dispute. The Parties shall use Commercially Reasonable Efforts to cause their respective senior executives attending a Senior Conference to be informed with all relevant background information in respect of the dispute and to be prepared to propose a resolution to the dispute. If, following the Senior Conference, the dispute is not resolved, the dispute may be settled by arbitration pursuant to Section 16.2, if agreed to by both Parties.

Draft

16.2 Arbitration

- (a) Except as otherwise specifically provided for in this Agreement, any matter in issue between the Parties as to their rights under this Agreement may be decided by arbitration provided, however, that the Parties have first completed a Senior Conference pursuant to Section 16.1.
- (b) Any dispute to be decided by arbitration will be decided by a single arbitrator appointed by the Parties or, if such Parties fail to appoint an arbitrator within fifteen (15) days following the agreement to refer the dispute to arbitration, upon the application of either of the Parties, the arbitrator shall be appointed by a Judge of the Superior Court of Justice (Ontario) sitting in the Judicial District of Toronto Region. The arbitrator shall not have any current or past business or financial relationships with any Party (except prior arbitration). The arbitrator shall provide each of the Parties an opportunity to be heard and shall conduct the arbitration hearing in accordance with the provisions of the *Arbitration Act, 1991* (Ontario).
- (c) Unless otherwise agreed by the Parties, the arbitrator shall render a decision within ninety (90) days after the end of the arbitration hearing and shall notify the Parties in writing of such decision and the reasons therefor. The arbitrator shall be authorized only to interpret and apply the provisions of this Agreement and shall have no power to modify or change this Agreement in any manner. The decision of the arbitrator shall be conclusive, final and binding upon the Parties. The decision of the arbitrator may be appealed solely on the grounds that the conduct of the arbitrator, or the decision itself, violated the provisions of the *Arbitration Act, 1991* (Ontario) or solely on a question of law as provided for in the *Arbitration Act, 1991* (Ontario). The *Arbitration Act, 1991* (Ontario) shall govern the procedures to apply in the enforcement of any award made. If it is necessary to enforce such award, all costs of enforcement shall be payable and paid by the Party against whom such award is enforced. Unless otherwise provided in the arbitral award to the contrary, each Party shall bear (and be solely responsible for) its own costs incurred during the arbitration process, and each Party shall bear (and be solely responsible for) its equal share of the costs of the arbitrator. Each Party shall be otherwise responsible for its own costs incurred during the arbitration process.

16.3 Business Relationship

Each Party shall be solely liable for the payment of all wages, taxes, and other costs related to the employment by such Party of Persons who perform this Agreement, including all federal, provincial, and local income, social insurance, health, payroll and employment taxes and statutorily-mandated workers' compensation coverage. None of the Persons employed by either Party shall be considered employees of the other Party for any purpose. Nothing in this Agreement shall create or be deemed to create a relationship of partners, joint venturers, fiduciary, principal and agent or any other relationship between the Parties.

Draft

16.4 Binding Agreement

Except as otherwise set out in this Agreement, this Agreement shall not confer upon any other Person, except the Parties and their respective successors and permitted assigns, any rights, interests, obligations or remedies under this Agreement. This Agreement and all of the provisions of this Agreement shall be binding upon and shall enure to the benefit of the Parties and their respective successors and permitted assigns.

16.5 Assignment

- (a) Except as set out below and as provided in Article 12, neither this Agreement nor any of the rights, interests or obligations under this Agreement may be assigned by either Party, including by operation of Laws and Regulations, without the prior written consent of the other Party, which consent shall not be unreasonably withheld.
- (b) The Supplier may, subject to compliance with Laws and Regulations and provided that there is not a Supplier Event of Default that has not been remedied, assign this Agreement without the consent of the Buyer to an Affiliate acquiring the Facility; provided, however, that no such assignment by the Supplier or any of its successors or permitted assigns hereunder shall be valid or effective unless and until such Affiliate agrees with the Buyer in writing to assume all of the Supplier's obligations and be bound by the terms of this Agreement, and the arrangements and obligations of the Supplier set forth in Article 6 have been met in accordance with the terms of Article 6. If a valid assignment of this Agreement is made by the Supplier in accordance with this Section 16.5, the Buyer acknowledges and agrees that, upon such assignment and assumption and notice thereof by the assignor to the Buyer, the assignor shall be relieved of all its duties, obligations and liabilities hereunder.
- (c) If the Supplier assigns this Agreement to a non-resident of Canada (the "Assignee"), as that term is defined in the ITA, and the Buyer incurs any additional Taxes, at any time thereafter, solely as the result of such assignment, then payments under this Agreement by the Buyer shall be reduced by the amount of such additional or withholding Taxes and the Buyer shall remit such additional or withholding Taxes to the applicable taxing authorities. The Buyer shall within sixty (60) days after remitting such Taxes, notify the Assignee in writing, providing reasonable detail of such payment so that the Assignee may claim any applicable rebates, refunds or credits from the equal to or greater authorities. If after the Buyer has paid such amounts, the Buyer receives a refund, rebate or credit on account of such Taxes, then the Buyer shall promptly remit such refund, rebate or credit amount to the Assignee.
- (d) The Buyer shall have the right to assign this Agreement and all benefits and obligations hereunder for the balance of the Term without the consent of the Supplier to an assignee with a Credit Rating ~~no lower~~ than that of the Buyer at the time of the assignment, which such assignee shall assume the obligations and liability of the Buyer under this Agreement and be novated into this Agreement in the place and stead of the Buyer (except for the Buyer's obligation in Section

Draft

16.5(d)(iii) which will remain in force as against the Buyer), provided that the assignee agrees in writing to assume and be bound by the terms and conditions of this Agreement, and further agrees to provide the Secured Lender with a written acknowledgement of the Secured Lender's rights in relation to this Agreement in the form prescribed by the Buyer, whereupon:

- (i) the representation set forth in Section 7.2(a) shall apply to the assignee with all necessary amendments to reflect the form and the manner in which the assignee was established;
 - (ii) all of the other representations set forth in Section 7.2 shall be deemed to be made by the assignee to the Supplier at the time of such assignment and assumption; and
 - (iii) the Buyer shall be relieved of all obligations and liability arising pursuant to this Agreement; notwithstanding the foregoing, the Buyer shall remain liable to the Supplier for remedying any payment defaults under Section 10.3(a) before any such payment default becomes a Buyer Event of Default, and shall remain liable for any obligations and liabilities of the assignee arising from any Buyer Event of Default. Any notice required to be given under Sections 10.3 and 10.4(a) shall be given to the assignee and to the Buyer. The time periods in Section 10.3 shall not begin to run until both the assignee and the Buyer have been so notified.
- (e) The Buyer shall have the right to assign this Agreement and all benefits and obligations hereunder from time to time throughout the Term for a period less than the balance of the Term (the "**Assignment Period**") without the consent of the Supplier to an assignee with a Credit Rating no lower than that of the Buyer at the time of the assignment, which such assignee shall assume the obligations of the Buyer under this Agreement and be novated into this Agreement in the place and stead of the Buyer (except for the Buyer's obligation in Section 16.5(d)(iii) which will remain in force as against the Buyer), provided that the assignee agrees in writing to assume and be bound by the terms and conditions of this Agreement, and further agrees to provide the Secured Lender with a written acknowledgement of the Secured Lender's rights in relation to this Agreement in the form prescribed by the Buyer, whereupon:
- (i) the representation set forth in Section 7.2(a) shall apply to the assignee with all necessary amendments to reflect the form and the manner in which the assignee was established;
 - (ii) all of the other representations set forth in Section 7.2 shall be deemed to be made by the assignee to the Supplier at the time of such assignment and assumption;
 - (iii) the Buyer shall be relieved of all obligations and liability arising pursuant to this Agreement; notwithstanding the foregoing, the Buyer shall remain liable to the Supplier for remedying any payment defaults under Section

Draft

10.3(a) before any such payment default becomes a Buyer Event of Default, and shall remain liable to the Supplier for any obligations and liabilities of the assignee arising from any Buyer Event of Default. Any notice required to be given under Sections 10.3 and 10.4(a) shall be given to the assignee and to the Buyer. The time periods in Section 10.3 shall not begin to run until both the assignee and the Buyer have been so notified; and

- (iv) upon the expiry of the Assignment Period:
 - (A) this Agreement, without requiring the execution of any assignment, consent or other documentation of any nature, shall automatically revert and be assigned back to the Buyer;
 - (B) the assignee shall remain responsible to the Supplier for all obligations and liabilities incurred or accrued by the assignee during the Assignment Period; and
 - (C) the Independent Electricity System Operator, as Buyer pursuant to the automatic assignment back to it, shall be deemed to be in good standing under this Agreement, provided that such good standing shall not relieve the Independent Electricity System Operator from any obligation to the Supplier pursuant to Section 16.5(e)(iii) that arose prior to the expiry of the Assignment Period.

16.6 No Change of Control

- (a) The Supplier shall not permit or allow a change of Control of the Supplier, except with the prior written consent of the Buyer, which consent may not be unreasonably withheld. It shall not be unreasonable to withhold such consent if the change of Control will have or is likely to have, as determined by the Buyer acting reasonably, a Material Adverse Effect on the Supplier's ability to perform its obligations under this Agreement, in which case such consent may be withheld by the Buyer.
- (b) For the purposes of Sections 16.6(a) and 16.7(a)(ii), a change of Control shall exclude, and for purposes of Section 16.7(a)(iii) the restriction therein shall exclude a change in ownership of any shares or units of ownership that are listed on a recognized stock exchange, provided that such shares or units of ownership are not those of an entity that directly owns the Facility whose special or sole purpose is the ownership of the Facility or the Facility and other facilities under a contract or other bilateral arrangements with the Buyer that have similar change of Control restrictions. For greater certainty, and the purposes of Sections 16.6(a) and 16.7(a)(ii), a change of Control shall include a change from no Person having Control of the Supplier to any Person having Control of the Supplier, as well as a change from any Person having Control of the Supplier to no Person having Control of the Supplier.

Draft

16.7 No Assignment or Change of Control for Specified Period; Other Rights and Restrictions

- (a) Notwithstanding the provisions of Sections 16.5(a), 16.5(b), 16.5(c) and 16.6(a) to the contrary, and except as provided in Article 12, under no circumstances shall:
- (i) any assignment of this Agreement by the Supplier, other than an assignment made pursuant to Section 16.5(b) be permitted;
 - (ii) any change of Control in respect of the Supplier be permitted; and
 - (iii) fifty percent (50%) or more of securities or ownership interests carrying votes or ownership interests in respect of the Supplier be held, directly or indirectly, whether as owner or other beneficiary and other than solely as the beneficiary of an unrealized security interest, individually or collectively by any Person or Persons who, as of the Contract Date, did not directly or indirectly hold any of such securities or ownership interests in respect of the Supplier, whether as owner or other beneficiary and other than solely as the beneficiary of an unrealized security interest,

until the **first (1st)** anniversary of the Commercial Operation Date. For clarity, the foregoing transfer restrictions shall not apply in respect of a *bona fide* enforcement of a security interest duly granted under Article 12 of this Agreement.

- (b) If the Supplier was awarded rated criteria points in its Proposal as an Indigenous Participation Supplier, as specified in Exhibit B, then the Supplier shall, within twenty (20) Business Days of a request by the Buyer, provide written evidence documenting the Economic Interest in the Supplier that is held by an Indigenous Community that is to the satisfaction of the Buyer, acting reasonably. Until the fifth (5th) anniversary of the Commercial Operation Date, if the Indigenous Participation Level falls below the Initial IPL, the Supplier shall provide written notice thereof to the Buyer within twenty (20) days of such decrease, which notice shall include the revised Indigenous Participation Level and the effective date thereof. If the Indigenous Participation Level is not restored to a level of at least the Initial IPL within six (6) months after such written notice, then such failure to maintain an Indigenous Participation Level of at least the Initial IPL until at least the fifth (5th) anniversary of the Commercial Operation Date shall constitute a Supplier Event of Default. Notwithstanding the foregoing, where the Indigenous Community that held Economic Interest in the Supplier as of the Contract Date provides a written notice to the Buyer, signed by one or more individuals with authority to bind the applicable Indigenous Community, requesting a reduction in the Indigenous Participation Level relative to the Initial IPL prior to the fifth (5th) anniversary of the Commercial Operation Date, to a level that may not be less than ten percent (10%), such reduced Indigenous Participation Level shall be deemed to constitute the Initial IPL for purposes of this Section 16.7(b).

Draft

- (c) Except as otherwise provided for in Sections 16.6(a), 16.7(a) and 16.7(b), nothing in this Agreement restricts the transfer of ownership interests in the Supplier among the owners of the Supplier.

16.8 Survival

The provisions of Sections 2.6(c), 2.7, 4.2, 4.4, Article 5, Section 6.2(b)(iii), Article 8, Sections 10.2, 10.4, 10.5, and 12.2(g), Article 14, Sections 15.2, 16.1, 16.2, and 16.5(c) shall survive the expiration of the Term or earlier termination of this Agreement. The expiration of the Term or a termination of this Agreement shall not affect or prejudice any rights or obligations that have accrued or arisen under this Agreement prior to the time of expiration or termination and such rights and obligations shall survive the expiration of the Term or the termination of this Agreement for a period of time equal to the applicable statute of limitations.

16.9 Counterparts

This Agreement may be executed in two or more counterparts, and all such counterparts shall together constitute one and the same Agreement. It shall not be necessary in making proof of the contents of this Agreement to produce or account for more than one such counterpart. Any Party may deliver an executed copy of this Agreement by electronic mail but such Party shall, within ten (10) Business Days of such delivery by electronic mail, promptly deliver to the other Party an originally executed copy of this Agreement.

16.10 Additional Rights of Set-Off

In addition to the other rights of set-off under this Agreement or otherwise arising in law or equity, either Party may set off any amounts owing to such Party under this Agreement against any amounts owed to the other Party under this Agreement.

16.11 Rights and Remedies Not Limited to Contract

Unless expressly provided in this Agreement, the express rights and remedies of the Buyer or the Supplier set out in this Agreement are in addition to and shall not limit any other rights and remedies available to the Buyer or the Supplier, respectively, at law or in equity.

16.12 Time of Essence

Time is of the essence in the performance of the Parties' respective obligations under this Agreement.

16.13 Further Assurances

Each of the Parties shall, from time to time on written request of the other Party, do all such further acts and execute and deliver or cause to be done, executed or delivered all such further acts, deeds, documents, assurances and things as may be required, acting reasonably, in order to fully perform and to more effectively implement and carry out the terms of this Agreement. The Parties agree to promptly execute and deliver any documentation required by any Governmental Authority in connection with any termination of this Agreement.

CALCULATION OF ADJUSTED MONTHLY CONTRACT CAPACITY**

The Adjusted Monthly Contract Capacity for a Facility other than an Electricity Storage Facility for Settlement Month “*m*” (or AMCC_{*m*}) shall be calculated as follows:

AMCC_{<i>m</i>} = MCC × FMCRF_{<i>m</i>} × POCRF_{<i>m</i>}

MCC	is the Monthly Contract Capacity for Settlement Month “ <i>m</i> ”.
FMCRF _{<i>m</i>}	is the Force Majeure Capacity Reduction Factor for Settlement Month “ <i>m</i> ” calculated in accordance with Exhibit J.
POCRF _{<i>m</i>}	<p>is the Planned Outage Capacity Reduction Factor for Settlement Month “<i>m</i>”, which:</p> <p>(i) shall be equal to 1.0 if there are no Planned Outages affecting any Qualifying Hours in the Settlement Month; and</p> <p>(ii) in all other Settlement Months shall be the greater of:</p> <p style="padding-left: 40px;">(a) the value calculated as follows: $1 - \frac{POH_m}{NQH_m}$; and</p> <p style="padding-left: 40px;">(b) 0.95.</p> <p>For clarity, in no circumstances will POCRF_{<i>m</i>} be less than 0.95, even if Planned Outages are scheduled for more than five percent (5%) of Qualifying Hours in such Settlement Month.</p>
POH	is a Planned Outage Hour, which is a Qualifying Hour in Settlement Month “ <i>m</i> ” for which the Facility is the subject of a Planned Outage.
POH _{<i>m</i>}	<p>is the total number of Planned Outage Hours in Settlement Month “<i>m</i>”.</p> <p>In determining Planned Outage Hours occurring during a Settlement Month, an hour may be a partial Planned Outage Hour as a result of an inability of the Facility to produce at the full Contract Capacity or as a result of a Planned Outage lasting for a part but not all of an hour. An hour in which either such partial Planned Outage occurs (or both of them) will be counted as a fractional Planned Outage Hour by subtracting from one the quotient obtained by dividing: (i) the maximum output of the Facility in that hour that could have been achieved given the partial Planned Outage or derate (in MWh) by (ii) the Contract Capacity multiplied by one (1) hour (in MWh). **EXHIBIT J
CALCULATION OF MONTHLY PAYMENT**

This Exhibit J sets out the calculation of the Monthly Payment. Except as expressly set forth below, all references to Sections are to Sections of the Agreement.

For Settlement Months, or partial Settlement Months, commencing on the Commercial Operation Date, the Monthly Payment is calculated as follows:

MP_m = $[FCP_{dy} \times SMD_m \times MCC_m \times CRF_m \times FMCRF_m \times MPSAF_m] - ANPC_m + RCC_m$	
where:	
MP _m	is the Monthly Payment (in \$ for the Settlement Month “m”)
FCP _{dy}	<p>is the daily Fixed Capacity Payment (in \$/MW for each Business Day “d”) in the Settlement Month “m” for Contract Year “y”.</p> <p>For the first Contract Year, the Fixed Capacity Payment shall be equal to the amount set out as such in Exhibit B, as adjusted by Section 2.13, (the “FCP_{dB}”) multiplied by ECODPM_m.</p> <p>For the second and each succeeding Contract Year, twenty percent (20%) of the Fixed Capacity Payment shall be adjusted on the first day of such Contract Year to the percentage increase or decrease (if any) between the CPI effective as of the first day of such Contract Year compared with the CPI effective as the first day of the first Contract Year, such that FCP_{dy} shall be calculated as follows:</p> <p>FCP_{dy} = ECODPM_m × [(FCP_{dB} × 0.2 × IF_y) + (FCP_{dB} × 0.8)]</p>
ECODPM _m	is the Early COD Payment Multiplier set out Section 2.3(b) as applicable to the Settlement Month “m” prior to the COD Bonus End Date, and from and after the COD Bonus End Date, shall be equal to 1.0.
IF _y	<p>is the Index Factor for Contract Year “y” and shall be calculated as follows:</p> <p>IF_y = CPI_y / CPI_B</p>
CPI _y	is the CPI applicable to the calendar month immediately prior to the first day of Contract Year “y”.
CPI _B	is the CPI applicable to the calendar month immediately prior to the Term Commencement Date.
SMD _m	is the number of Business Days in the Settlement Month “m”, provided that if the Settlement Month is the first or last Settlement Month of the

Draft

	Term, the SMD_m will be only the number of Business Days of the Term in such Settlement Month.
MCC_m	is the Monthly Contract Capacity (in MW) for the Settlement Month “ m ”.
CRF_m	is the Capacity Reduction Factor for Settlement Month “ m ” as defined in Section 15.6, and expressed as a fraction. The Capacity Reduction Factor shall be 1.0 unless and to the extent the circumstances set out in Section 15.6(f) and Section 15.6(g) apply. If the Capacity Reduction Factor changes during the Settlement Month, then CRF will be calculated as a weighted average based on the number of days of the Settlement Month during which the different values of CRF apply.
$FMCRF_m$	is the Force Majeure Capacity Reduction Factor for Settlement Month “ m ” which shall be equal to 1.0 if there are no Outages affecting any Qualifying Hours in the Settlement Month resulting from an event of Force Majeure, otherwise it shall be calculated as follows: $FMCRF_m = 1 - \frac{FMOH_m}{NQH_m}$
NQH_m	is the total number of Qualifying Hours in Settlement Month “ m ”.
FMOH	is a Force Majeure Outage Hour, which is a Qualifying Hour in Settlement Month “ m ” for which the Facility is the subject of an event of Force Majeure.
$FMOH_m$	is the total number of Force Majeure Outage Hours in Settlement Month “ m ”. In determining Force Majeure Outage Hours occurring during a Settlement Month, an hour may be a partial Force Majeure Outage Hour as a result of an inability of the Facility to produce at the full Contract Capacity or as a result of an event of Force Majeure lasting for a part but not all of an hour. An hour in which either such partial Force Majeure occurs (or both of them) will be counted as a fractional Force Majeure Outage Hour by subtracting from one the quotient obtained by dividing: (i) the maximum output of the Facility in that hour that could have been achieved given the partial Force Majeure or derate (in MWh) by (ii) the Contract Capacity multiplied by one (1) hour (in MWh). This fraction will be the contribution of that hour to the FMOH in the given Settlement Month.
$MPSAF_m$	is the Market Price Spread Adjustment Factor applicable to an Electricity Storage Facility, which shall be equal to 1.0 for any Facility that is not an

Draft

	Electricity Storage Facility and, for an Electricity Storage Facility, shall be calculated in accordance with Exhibit M.
$ANPC_m$	is Availability Non-Performance Charge for Settlement Month “ <i>m</i> ”, as calculated in accordance with Exhibit F.
RCC_m	Is the Regulatory Charge Credit for an Electricity Storage Facility calculated in accordance with Exhibit S. For greater certainty, if the Facility is not an Electricity Storage Facility RCC_m shall be zero.

, who shall be familiar with commercial law matters and have no financial or personal interest in the business affairs of any of the parties

EXHIBIT
ARBITRATION PROCEDURES APPLICABLE TO SECTIONS 1.6 AND 1.7

The following rules and procedures (the "Rules") shall govern, exclusively, any matter or matters to be arbitrated between the Parties under Sections 1.6 and 1.7 of this Agreement.

1. **Commencement of Arbitration** – If the Parties and, at the Buyer’s option, all Other Suppliers required by the Buyer to participate, have been unable to reach agreement as contemplated in Sections 1.6 and 1.7 of this Agreement, as applicable, then the Buyer shall commence arbitration by delivering a written notice (the "Request") to the Supplier and such Other Suppliers required by the Buyer to participate (collectively the "Suppliers").

Note to IESO: Replacement Price is not defined in the Agreement. It should be clarified that this refers to a revision to account for a change required under 1.6 to effect a change in the contract price/contract requirements based on a change in market rules.

Buyer has not already done so, the Buyer shall then deliver to the Suppliers the names of each Other Supplier. Within twenty (20) days of the delivery of the Request, the Buyer shall deliver to the Suppliers a written notice nominating an arbitrator who shall be familiar with commercial law matters and has no financial or personal interest in the business affairs of any of the parties. Within twenty (20) days of the receipt of the Buyer’s notice nominating its arbitrator, the Suppliers shall by written notice to the Buyer nominate an arbitrator who shall be familiar with commercial law matters and has no financial or personal interest in the business affairs of any of the parties. The two (2) arbitrators nominated shall then select a chairperson of the arbitration panel (the "Arbitration Panel") who shall be a former judge of a Superior Court or appellate court in Canada.

2. **Application to Court** - If the Suppliers are unable to agree on an arbitrator within twenty (20) days of the receipt of the Buyer’s notice nominating an arbitrator, any of the Suppliers or the Buyer may apply to a judge of the Superior Court of Justice of Ontario to appoint the arbitrator. If the two (2) arbitrators nominated by the Suppliers and the Buyer do not agree on a chair person within thirty (30) days of the nomination or appointment of the arbitrator, any of the Suppliers or the Buyer may apply to a judge of the Superior Court of Justice of Ontario to appoint the chair person.

Note to IESO: Again, to clarify. If Replacement Price refers to 1.6 and Replacement Provision to 1.7, it is unclear how these can be resolved in one proceeding.

3. **General** - The Arbitration Panel, once appointed, shall proceed immediately to determine the Replacement Price and/or the Replacement Provision, as the case may be, in accordance with the Ontario *Arbitration Act, 1991* and, where applicable, the Ontario *International Commercial Arbitration Act*, it being the intention of the Buyer and the Supplier that there be, to the extent possible, one arbitration proceeding and hearing to determine the Replacement Price and/or the Replacement Provision. Unless otherwise agreed by the Parties, the Arbitration Panel shall determine the conduct of the arbitration proceeding, including the exchange of statements of claim and defence, the need for oral discovery and whether to hold oral hearings with a presentation of oral argument so that the award may be made within the time period set forth in the Rules. Suppliers shall have a right to participate in the arbitration proceeding.

Note to IESO: To confirm, every Supplier will have a right to participate equally and brief and present before the arbitrators?

4. **Consolidation** – The Parties agree that should the Arbitration Panel determine that the Replacement Price and/or the Replacement Provision needs to be determined through more than one (1) arbitration proceeding, then the Parties agree that the Arbitration Panel shall determine whether the arbitration proceedings shall be consolidated, conducted

Draft

simultaneously or consecutively or whether any of the arbitration proceedings should be stayed until any of the others are completed.

5. **Award** - The award of the Arbitration Panel, which shall include the Replacement Price and/or Replacement Provision, shall be made within six (6) months after the appointment of the Arbitration Panel, subject to any extended date to be agreed by the Parties or any reasonable delay due to unforeseen circumstances.
6. **Costs** – The Parties shall pay their own costs of participating in the arbitration proceedings.
7. **Fees** - Each of the arbitrators on the Arbitration Panel shall be paid their normal professional fees for their time and attendances, which fees together with any hearing room fees, shall be paid by the Buyer.
8. **Computation of Time** - In the computation of time under these Rules or an order or direction given by the Arbitration Panel, except where a contrary intention appears, or the parties otherwise agree:
 - (a) where there is a reference to a number of days between two events, those days shall be counted by excluding the day on which the first event happens and including the day on which the second event happens, even if they are described as clear days or the words “at least” are used;
 - (b) statutory holidays shall not be counted;
 - (c) where the time for doing any act or any order or direction given by the Arbitration Panel expires on a day which is not a Business Day, the act may be done on the next day that is a Business Day; and
 - (d) service of a document or notice or any order or direction given by the Arbitration Panel made after 4:00 p.m. (Toronto time), or at any time on a day which is not a Business Day, shall be deemed to have been made on the next Business Day.
9. **Place of Arbitration** - The arbitration, including the rendering of the award, shall take place in Toronto, Ontario, which shall be the seat of the proceedings. The language to be used in the arbitration shall be English.

**EXHIBIT M
MARKET PRICE SPREAD ADJUSTMENT FOR ELECTRICITY STORAGE
FACILITY**

This Exhibit M sets out the calculation of the Market Price Spread Adjustment Factor for Settlement Month “*m*” in respect of an Electricity Storage Facility. Except as expressly set forth below, all references to Sections are to Sections of the Agreement.

The Market Price Spread Adjustment Factor, or MPSAF_{*m*}, is calculated as follows:

<p>a) where the AMPS_{<i>m</i>} is lower than [\$10/MWh], then</p> <p>MPSAF_{<i>m</i>} = 1 + LSAF;</p> <p>b) where the AMPS_{<i>m</i>} is higher than [\$50/MWh], then</p> <p>MPSAF_{<i>m</i>} = 1 – HSAF; and</p> <p>c) where AMPS_{<i>m</i>} is equal to or greater than [\$10/MWh] but equal to or less than [\$50/MWh], then MPSAF_{<i>m</i>} = 1.</p>	
where:	
AMPS _{<i>m</i>}	is the Average Market Price Spread for Settlement Month “ <i>m</i> ”, being the average, for each Business Day in Settlement Month “ <i>m</i> ”, of the difference between the High Block Average Price and the Low Block Average Price.
High Block Average Price	Is the average of the HOEP applicable to the Facility (including any future locational marginal price) for the four (4) highest-priced contiguous hours occurring during Qualifying Hours, such that the sum of the prices of such contiguous four (4) Qualifying Hours is maximized.
Low Block Average Price	Is the average of the HOEP applicable to the Facility (including any future locational marginal price) for the four (4) lowest-priced contiguous hours occurring outside of Qualifying Hours, such that the sum of the prices of such contiguous four (4) hours that are not Qualifying Hours is minimized.
LSAF	Is the Low-Spread Adjustment Factor.
HSAF	Is the High-Spread Adjustment Factor.

[NTD: Whether Proponents bid LSAF & HSAF in their Proposals or whether LSAF and HSAF may be fixed by IESO under consideration.]

EXHIBIT S DETERMINATION OF REGULATORY CHARGE CREDIT FOR AN ELECTRICITY STORAGE FACILITY

1. Regulatory Charge Credit

This Exhibit S sets out the calculation of the Regulatory Charge Credit for a Facility that is an Electricity Storage Facility for a given Settlement Month “m” which shall be calculated as follows:

$RCC_m = GREA_m \times RAF_m$	
where:	
RCC_m	is the Regulatory Charge Settlement Month “m” (i
$GREA_m$	is the Gross Reimbursabl is calculated as the sum o Supplier in respect of Wi Settlement Month “m”, p Section 2 of this Exhibit
RAF_m	is the Reimbursement Ad and is calculated as $AMRTE_m$ divided by RRE, provided that the RAF_m shall not be greater than 1.0.
$AMRTE_m$	is the Apparent Monthly Round Trip Efficiency for Settlement Month “m” and is calculated as the total Delivered Electricity by the Facility during the most recent three (3) month period which ends on the last day of Settlement Month “m” divided by the total Withdrawn Electricity by the Facility during the most recent three (3) month period which ends on the last day of Settlement Month “m”.
RRE	is the Reimbursement Reference Efficiency, and is equal to 0.80 .

Note to IESO: While the definition of "Global Adjustment" includes "or its successors", to the extent the Global Adjustment is replaced or ceases to be published (or ICI is terminated or replaced), it would be better if the provisions of Section 1.7 (Inapplicability of Indices) applied so as to determine how any successor to the Global Adjustment is treated in this Contract and to ensure that the Supplier is placed in the same financial position it would have been absent such changes. For example, depending on what the successor to GA could look like, it might be better for the replacement charge to treated as any other "Regulatory Energy Charge", rather than as GA as presently contemplated. Exhibit S notably also doesn't address scenarios in which the Global Adjustment is replaced or significantly changed, just scenarios where the basis upon which GA is allocated to the Facility changes.

2. GA Reimbursement

The amount of Global Adjustment included in the Gross Reimbursable Energy Adder (the “GA Amount”) shall be determined as follows:

2.1 The GA Amount shall be calculated as the amount of Global Adjustment incurred by the Supplier (net of any credits on account of Global Adjustment) in respect of the Contract Capacity, until such time as the Facility ~~is eligible to begin participation in~~ the Industrial Conservation Initiative (“ICI”) program or any successor or replacement program designed to reduce or eliminate the Facility’s Global Adjustment cost (each, an “ICI Successor Program”).

2.2 If at any time there is: (A) a change in the basis upon which Global Adjustment is allocated to the Facility, or (B) a change to the ICI or any ICI Successor Program, then subject to Section 2.3 of this Exhibit S, the GA Amount shall be calculated as the amount of any Global Adjustment

Draft

belongs

incurred (net of any credits on account of Global Adjustment) in respect of the Contract Capacity, other than any amount of Global Adjustment that the Supplier would have avoided had the Facility not been drawing power from the IESO-Controlled Grid during any peak demand periods (“**Peak Demand Periods**”) prescribed at the applicable time for the purposes of the allocation of Global Adjustment to a prescribed class of electricity consumers to which the Facility or the Supplier is eligible to belong.

2.3 At any time the Supplier is entitled to a reimbursement of Global Adjustment under this Agreement, the Supplier shall use commercially reasonable efforts to cause the Facility to participate in the ICI program or any ICI Successor Program.

2.4 For greater certainty, and provided that the Supplier has complied with Section 2.3 of this Exhibit S, but without limiting Section 2.1 of this Exhibit S in any way, so long as the Facility has not drawn power from the IESO-Controlled Grid during any Peak Demand Periods, the GA Amount shall be equal to the Global Adjustment incurred in respect of the Contract Capacity, if any.

Note to IESO: Section 2.2 (which addresses changes in GA allocation or changes to the ICI program) doesn't provide much protection for changes in GA itself; it just reiterates that GA amount will be calculated as the GA incurred in respect of the Contract Capacity, other than the GA that would have been avoided had the Facility not been drawing power during peaks.
