**Subject:** LT1 Webinar Feedback - Indigenous Participation

Hello,

Following this morning's LT1 webinar, our team would like to provide one point of feedback.

Compared with E-LT1, in which a proponent could receive three Rated Criteria Points for Indigenous participation of 50% or greater, the proposed Rated Criteria Points for Indigenous participation in LT1 has dropped from three to two points for the same level of participation.

This may have an impact on the economics of an LT1 project or reduce the probability of being awarded a Contract. We are requesting that the Rated Criteria points for Indigenous participation remain the same as in E-LT1.

Thank you for your consideration.

Regards,  
Genny
