FIT CONTRACT

GENERAL TERMS AND CONDITIONS

ARTICLE 1 DEFINITIONS AND RULES OF INTERPRETATION

1.1 Definitions

In addition to the terms defined elsewhere in this Agreement, capitalized terms shall have the meanings given to them in the attached Appendix 1 - Standard Definitions.

1.2 Headings and Table of Contents

The inclusion of headings and a table of contents in this Agreement are for convenience of reference only and shall not affect the construction or interpretation of this Agreement. Unless otherwise indicated, references to Articles, Sections and Exhibits are references to Articles, Sections and Exhibits in this Agreement.

1.3 Gender and Number

In this Agreement, unless the context otherwise requires, words importing the singular include the plural and vice versa and words importing gender include all genders.

1.4 Currency

Except where otherwise expressly provided, all amounts in this Agreement are stated, and shall be paid, in Dollars and Cents, and shall be rounded to the nearest Cent.

1.5 Time Periods

Unless otherwise specified, time periods within or following which any payment is to be made or act is to be done, shall be calculated by excluding the day on which the period commences and including the day on which the period ends and by extending the period to the next Business Day following if the last day of the period is not a Business Day.

1.6 Statutory References

A reference to a statute includes all regulations and rules made pursuant to the statute and, unless otherwise specified, the provisions of any statute, regulation or rule which amends, supplements or supersedes any such statute, regulation or rule.

1.7 IESO Market Rules

In the event of any conflict or inconsistency with the IESO Market Rules and the terms of this Agreement, the IESO Market Rules shall govern to the extent of such conflict or inconsistency. To the extent that there is a change in the IESO Market Rules that was not published by the IESO in its approved form 30 days prior to the Contract Date, which such change has the effect of materially affecting the Supplier's Economics, then:

- (a) either Party may, within 15 days following the date such amendment is published by the IESO in its approved form, notify the other Party that such change materially affects the Supplier's Economics (a "**Material IESO Market Rule Amendment**"). For greater

certainty, if a Party does not provide notice within 15 days following the date such amendment is published by the IESO in its approved form, then such Party shall not be entitled to any amendments to this Agreement as a result of such IESO Market Rule amendment;

- (b) the Supplier shall, within 60 days following the date of any notice sent pursuant to Section 1.7(a), provide to the OPA all such information as may be required or otherwise requested by the OPA to assess the impact of such Material IESO Market Rule Amendment on the Supplier's Economics;
- (c) the OPA shall, within 60 days following receipt of all information required to be provided by the Supplier and those Other Suppliers that are required to provide information pursuant to Section 1.7(b) of their respective FIT Contracts, but in any event no later than 120 days following receipt of all information required to be provided by the Supplier, either:
 - (i) advise the Supplier that the applicable IESO Market Rule amendment is not a Material IESO Market Rule Amendment; or
 - (ii) propose amendments to this Agreement and the respective agreements of any Other Suppliers that are so affected, on the basis that such amendments together with the change in the IESO Market Rules will substantially reflect the Supplier's Economics as contemplated hereunder and, at the OPA's discretion, that of such Other Suppliers, prior to the introduction of such change in the IESO Market Rules;
- (d) if by the date that is 60 days following the date that the OPA makes a determination or proposes amendments in accordance with Section 1.7(c), as applicable, the Parties do not agree to the amendments proposed pursuant to Section 1.7(c), or do not agree as to whether an IESO Market Rule amendment is a Material IESO Market Rule Amendment, as applicable, then the Parties and, at the OPA's discretion, such Other Suppliers who are so affected, that are required by the OPA to participate, shall engage in good faith negotiations to reach agreement;
- (e) if by the date that is 120 days following the date that the OPA makes a determination or proposes amendments in accordance with Section 1.7(c), as applicable, the Parties fail to reach agreement on the amendments described in Section 1.7(c) or do not agree as to whether an IESO Market Rule amendment is a Material IESO Market Rule Amendment, as applicable, the matter shall be determined by mandatory and binding arbitration, from which there shall be no appeal, with such arbitration(s) to be conducted in accordance with the procedures set out in Exhibit D. However, if the Supplier fails to participate in such arbitration, the Supplier acknowledges that it waives its right to participate in such arbitration, which shall nevertheless proceed, and the Supplier shall be bound by the award of the Arbitration Panel; and
- (f) this Section 1.7 shall not apply to the circumstances addressed in Section 2.10 or in respect of the establishment of any Future Contract Related Products.

1.8 Invalidity, Unenforceability or Inapplicability of Provisions

In the event that a court of competent jurisdiction determines that any provision of this Agreement is invalid, inapplicable or unenforceable, then either Party may propose, by notice to the other Party, a

replacement provision, and the OPA and the Supplier and, at the OPA's discretion, those Other Suppliers that are required by the OPA to participate shall engage in good faith negotiations to replace such provision with a valid, enforceable and applicable provision, the economic effect of which substantially reflects that of the invalid, unenforceable or inapplicable provision which it replaces (the "**Replacement Provision(s)**"). If the Parties are unable to agree on the Replacement Provisions within 30 days after the commencement of negotiations under this Section 1.8 then the Replacement Provision(s) shall be determined by mandatory and binding arbitration from which there shall be no appeal, with such arbitration(s) to be conducted in accordance with the procedures set out in Exhibit D. However, if the Supplier fails to participate in such arbitration, the Supplier acknowledges that it waives its right to participate in such arbitration, which shall nevertheless proceed, and the Supplier shall be bound by the award of the Arbitration Panel and the subsequent amendments to this Agreement made by the OPA to implement such award of the Arbitration Panel. This Section 1.8 shall not apply to the circumstances addressed in Section 2.10.

1.9 Entire Agreement

- (a) This Agreement constitutes the entire agreement between the Parties pertaining to the subject matter of this Agreement. There are no warranties, conditions or representations (including any that may be implied by statute) and there are no agreements in connection with the subject matter of this Agreement, except as specifically set forth or referred to in this Agreement. No reliance is placed on any warranty, representation, opinion, advice or assertion of fact made by a Party to this Agreement, or its Representatives, to the other Party to this Agreement, or its Representatives, except to the extent that the same has been reduced to writing and included as a term of this Agreement.
- (b) Where this Agreement explicitly incorporates by reference any definitions set out in the FIT Rules, such reference shall be to the FIT Rules in effect on the Contract Date.

1.10 Waiver, Amendment

Except as expressly provided in this Agreement, no waiver of any provision of this Agreement shall be binding unless executed in writing by the Party to be bound thereby and no amendment of any provision of this Agreement shall be binding unless executed in writing by both Parties to this Agreement. No waiver of any provision of this Agreement shall constitute a waiver of any other provision nor shall any waiver of any provision of this Agreement constitute a continuing waiver or operate as a waiver of, or estoppel with respect to, any subsequent failure to comply, unless otherwise expressly provided.

1.11 Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable in the Province of Ontario.

1.12 Preparation of Agreement

Notwithstanding the fact that this Agreement was drafted by the OPA's legal and other professional advisors, the Parties acknowledge and agree that any doubt or ambiguity in the meaning, application or enforceability of any term or provision of this Agreement shall not be construed or interpreted against the OPA or in favour of the Supplier when interpreting such term or provision, by virtue of such fact.

1.13 Exhibits

Each of the Exhibits set out in item 18 on the FIT Contract Cover Page are referenced in and form part of this Agreement.

ARTICLE 2 DEVELOPMENT AND OPERATION OF THE FACILITY

2.1 Design and Construction of the Facility

- (a) The Supplier shall design and build the Facility using Good Engineering and Operating Practices and meeting all relevant requirements of the IESO Market Rules, Distribution System Code, Transmission System Code, the Connection Agreement, the Renewable Energy Approval and any other equivalent environmental approval applicable to such Facility, in each case, as applicable, and all other Laws and Regulations. The Supplier shall ensure that the Facility is designed, engineered and constructed to operate in accordance with the requirements of this Agreement.
- (b) The Supplier shall at no time after the date of this Agreement modify, vary or amend in any material respect any of the features or specifications of the Project or the Facility as set out in the Application or the FIT Contract Cover Page (including for greater certainty, the Site) or make any change as to the Facility's status as a Registered Facility (a "**Facility Amendment**"), without first notifying the OPA in writing and obtaining the OPA's consent in writing. Such consent may be withheld by the OPA in its sole and absolute discretion.
- (c) Notwithstanding Section 2.1(b), prior to the Supplier procuring and delivering its IE Certificate pursuant to Section 2.6(a)(iv), the Supplier may elect to reduce the Contract Capacity to a lower amount by giving notice to the OPA, provided that such lower amount is no less than 75% of the original Contract Capacity (for clarity, as set out on the original unamended FIT Contract Cover Page as of the Contract Date). If the Supplier provides such notice, the Contract Capacity shall be reduced to the lower amount. The OPA shall have no obligation to consent to a request to alter the Contract Capacity other than as set out in this Section 2.1(c). Subject to Section 1.4 of Exhibit B, any such reduction in Contract Capacity shall only affect the amount of Completion and Performance Security that is required to be provided to the OPA after the date of the request for such reduction and, for clarity, shall not result in any change to the Contract Price.
- (d) Where the Supplier receives from an LDC, written estimates of the Supplier's Network Upgrade Costs or LDC Connection Costs, as applicable, that are substantially more than the costs that would have been reasonably foreseeable by a prudent Supplier taking Commercially Reasonable Efforts to estimate such costs, or where the LDC has provided written notice denying the Connection Impact Assessment, the Supplier may, prior to delivering an NTP Request, submit a written request to the OPA to terminate this Agreement, along with such evidence as the OPA may reasonably require.
- (e) If, on or prior to the Contract Date, the Supplier has provided an Aboriginal Participation Project Declaration confirming that the Aboriginal Participation Level in respect of the Facility is greater than or equal to 50%, and the Supplier is subsequently denied financing for the Facility requested from the Aboriginal Loan Guarantee Program after having taken Commercially Reasonable Efforts to secure such financing, and such denial is

reasonably anticipated to have a Material Adverse Effect, then the Supplier may, prior to delivering an NTP Request and within 60 days of receiving any such denial, submit a written request to the OPA to terminate this Agreement, along with such evidence as the OPA may reasonably require.

- (f) Where the OPA receives a request from a Supplier pursuant to Section 2.1(d) or 2.1(e), the OPA shall, acting reasonably, within 20 Business Days of any such request, either:
 - (i) approve the request, in which case this Agreement shall be terminated without any costs or payments of any kind to either Party, and all Completion and Performance Security shall be:
 - (A) returned or refunded to the Supplier; or
 - (B) in the case of a letter of credit, returned for cancellation;as applicable, within 20 Business Days following receipt by the OPA of a written request for the return or refund (as applicable) of such Completion and Performance Security; or
 - (ii) deny the request, in which case the Supplier may continue under this Agreement, terminate this Agreement in accordance with Section 2.4(a), or request a Senior Conference pursuant to the terms of Section 15.1.
- (g) In the case of a Solar (PV) Facility, the Supplier must design the Facility such that:
 - (i) the sum of the manufacturer's capacity ratings (in DC kW) for normal operation (e.g. continuous output ratings) of the installed solar modules (i.e. panels) of the Facility;

may not exceed 120% of:
 - (ii) the sum of the manufacturer's capacity ratings (in AC kW) for normal operation (e.g. continuous output ratings) of the installed inverters of the Facility.

2.2 Additional Development and Construction Covenants

- (a) The Supplier agrees that the Facility shall be located in the Province of Ontario. The Supplier agrees that the Facility shall have a Connection Point as set out in the FIT Contract Cover Page and shall affect supply or demand on a Distribution System.
- (b) The Supplier shall provide, at its expense, separate meter(s) and ancillary metering where required by the LDC to which the Facility is connected and monitoring equipment as more specifically set out in the applicable type of Exhibit B identified on the FIT Contract Cover Page.
- (c) Where the Facility is one described in Section 4.2(a), the Supplier shall deliver a copy of the Metering Plan in the Prescribed Form to the OPA for its approval no later than 90 days prior to the Milestone Date for Commercial Operation. Where the Facility is not one described in Section 4.2(a), the OPA may require the Supplier to provide a Metering Plan in a Prescribed Form by providing the Supplier with 60 days' prior notice of such request. In either case, the OPA shall review the Metering Plan submitted by the Supplier and

either approve the Metering Plan or provide the Supplier with its comments within 30 days after receipt. The OPA shall, when considering whether to approve the Metering Plan, have regard to those Electricity matters in the Metering Plan that have received IESO or LDC approval, as applicable. If, within 15 days after the OPA has delivered its comments on the Metering Plan to the Supplier, the Parties are not able to agree on the final terms of the Metering Plan, the Parties shall submit the matter for determination by an Independent Engineer agreed upon by the Parties, acting reasonably, whose determination on the terms of the Metering Plan shall be final and binding on the Parties (and from whose determination there shall be no recourse to the dispute resolution provisions of this Agreement). Subject to Section 2.1(b), the Metering Plan must be updated, and any resulting amendments to the Metering Plan must be provided to the OPA, within ten (10) Business Days after any change to the metering installation occurs.

- (d) If required to provide a Metering Plan pursuant to Section 2.2(c), the Supplier will provide the OPA with a commissioning report for all revenue meter(s) referenced in the Metering Plan prior to any use of metered data for the purposes expressed in Section 2.6. The OPA retains the right to audit, at any time during the Term, on reasonable notice to the Supplier and during normal business hours, the metering equipment to confirm the accuracy of the Metering Plan, and the meter data of the Facility to confirm the accuracy of such data. The Supplier shall not make any material changes to the Metering Plan following approval by the OPA or determination by the Independent Engineer (as applicable) without the prior written approval of the OPA, acting reasonably.
- (e) The Supplier shall provide, at its expense, all power system components on the Supplier's side of the Connection Point, including all transformation, switching and auxiliary equipment, such as synchronizing and protection and control equipment, pursuant to Laws and Regulations and any requirements deemed necessary by the IESO, the Transmitter or the LDC, as applicable, from time to time to protect the safety and security of the IESO-Controlled Grid, the Distribution System and each of their customers, each as the case may be. The Supplier shall install protective equipment to protect its own personnel, property, and equipment from variations in frequency and voltage or from temporary delivery of other than three-phase power, whether caused by the Facility or otherwise.
- (f) Intentionally deleted.
- (g) Where the FIT Contract Cover Page identifies the Renewable Fuel of the Facility as Solar (PV) (Non-Rooftop) and the FIT Contract Cover Page indicates that such Facility's Site is located, in whole or in part, on one or more Properties that are Rural-Residential Lands, the Supplier shall:
 - (i) comply with the Visual Screening Requirements; and
 - (ii) comply with the Setback Requirements.

2.3 Connection Assessments, Connection Costs and Network Upgrade Costs

- (a) The Supplier shall arrange, at its sole expense, for all Facility connection requirements in accordance with Laws and Regulations to permit the delivery of Delivered Electricity to the Connection Point.

- (b) All Connection Costs shall be for the account of the Supplier and LDC with which the Supplier has arranged connection of the Facility pursuant to the Connection Agreement, the Distribution System Code and the Transmission System Code, as applicable. The Supplier acknowledges that the responsibility for any Network Upgrade Costs associated with the connection of the Facility shall be allocated as set forth in the Distribution System Code and Transmission System Code.

2.4 Notice to Proceed

- (a) Until the OPA issues Notice to Proceed to the Supplier, and the Supplier has provided to the OPA the Incremental NTP Security in accordance with Section 2.4(h), the OPA may:
 - (i) terminate this Agreement in its sole and absolute discretion by notice to the Supplier and all Completion and Performance Security shall be:
 - (A) returned or refunded to the Supplier; or
 - (B) in the case of a letter of credit, returned for cancellation;as applicable, to the Supplier within 20 Business Days following receipt of a written request for such return or refund (as applicable) from the Supplier; and
 - (ii) if the right to terminate under Section 2.4(a)(i) has been exercised by the OPA, in its sole and absolute discretion, issue a Stop Work Direction, pursuant to which the Supplier shall permanently cease development and construction of the Facility.

Until the OPA issues Notice to Proceed to the Supplier, the Supplier may terminate this Agreement in its sole and absolute discretion by notice to the OPA.

- (b) If the OPA terminates this Agreement in accordance with Section 2.4(a), the Supplier shall provide to the OPA a written statement documenting the Pre-Construction Development Costs incurred prior to the Termination Date. The OPA shall thereafter pay to the Supplier as the sole and exclusive remedy for terminating this Agreement in accordance with this Section 2.4(b), an amount equal to the Pre-Construction Development Costs set out in such statement, as confirmed by the OPA, acting reasonably, and in any case the amount shall not exceed the Pre-Construction Liability Limit. For greater certainty, the Supplier acknowledges that any costs it may incur in excess of the Pre-Construction Liability Limit prior to the issuance of Notice to Proceed and the subsequent receipt by the OPA of the Incremental NTP Security are the exclusive responsibility of the Supplier and shall not be included in any such payment.
- (c) If the Supplier terminates this Agreement in accordance with Section 2.4(a), then:
 - (i) notwithstanding Section 9.5, as the OPA's sole and exclusive remedy for such termination, the Supplier shall pay to the OPA as liquidated damages and not as a penalty, a sum of money equal to the Dollar amount of all Completion and Performance Security required to be provided by the Supplier as of the date of such termination; provided that
 - (ii) notwithstanding paragraph (i) of this Section 2.4(c), where:

- (A) this Agreement is in respect of a Facility that is wind powered;
- (B) the Site is located in whole or in part on provincial Crown lands;
- (C) the Supplier, having obtained approval to proceed with testing for the Site from the MNR subsequent to its Application for the Facility, has tested the wind resource at the proposed Site in accordance with Good Engineering and Operating Practices; and
- (D) the wind resource is insufficient for the purposes of the Project;

following provision to the OPA by the Supplier of all wind testing information and such further evidence as the OPA may reasonably require that the termination was due to insufficient wind resource, the Supplier may request and the OPA shall return to the Supplier (or for cancellation, as appropriate) the applicable Completion and Performance Security in connection with the Supplier's exercise of its termination rights under Section 2.4(a).

- (d) The OPA shall not issue Notice to Proceed in accordance with this Section 2.4 until the Supplier provides the OPA with an NTP Request in the Prescribed Form, and provided such NTP Request is complete in all respects. An NTP Request shall not be complete unless it includes all of the following (the "**NTP Pre-requisites**"):
 - (i) documentation of the Renewable Energy Approval, if applicable, and any other equivalent environmental assessments, approvals, permits or registrations, including registering with the Environmental Activity Sector Registry, applicable to the Project necessary for the construction of the Facility to commence;
 - (ii) a completed financing plan in the Prescribed Form, listing all sources of equity or debt financing for the development of the Facility along with signed commitment letters from sources of financing representing collectively at least 50% of the expected development costs, stating their agreement in principle to provide the necessary financing, which commitment(s) may be conditional on the issuance of Notice to Proceed (the "**Financing Plan**");
 - (iii) Intentionally deleted;

Prior to engaging the OPA in a dispute, the Supplier shall make all reasonable efforts to resolve the dispute directly with the applicable LDC, failing which the Supplier shall provide notice to the OPA setting out the portions of the Statement that are in dispute with a brief explanation of the dispute and the steps taken towards resolving such dispute directly with the applicable LDC. If it is subsequently determined or agreed that an adjustment to the Statement is appropriate, the OPA will work the applicable LDC to prepare a revised Statement. Any overpayment or underpayment of any amount due under a Statement shall bear interest at the Interest Rate, calculated daily, from and including the time of such overpayment or underpayment to the date of the refund or payment thereof. Payment pursuant to the revised Statement shall be made on the next Payment Date following the date on which the revised Statement is delivered to the Supplier. The OPA shall provide 30 days' prior notice to the Supplier of any such designation or change.

4.5 Interest

The Party owing the Contract Payment shall pay interest on any late payment to the other Party, from the Payment Date to the date of payment, unless such late payment was through the fault of the other Party. The interest rate applicable to such late payment shall be the Interest Rate in effect on the date that the payment went into arrears, calculated daily, but shall not, under any circumstances, exceed the maximum interest rate permitted by Laws and Regulations.

4.6 Adjustment to Statement

- (a) Each Statement shall be subject to adjustment for errors in arithmetic, computation, or other errors, raised by a Party during the period of one year following the end of the calendar year in which such Statement was issued. If there are no complaints raised, or if any complaints raised in the time period have been resolved, such Statement shall be final and subject to no further adjustment after the expiration of such period.
- (b) Notwithstanding the foregoing, if the Supplier is a Market Participant, the determination by the IESO of any information shall be final and binding on the Parties in accordance with the IESO Market Rules, and without limiting the generality of the foregoing, if a Statement contains an error in the data or information issued by the IESO which the IESO has corrected, then the one year limit set forth in Section 4.6(a) shall not apply to the correction of such error or the OPA's ability to readjust the Statement.

- (iii) either Party is unable, wholly or partially, to perform or comply with its other obligations (other than payment obligations) hereunder, including the Supplier being unable to achieve Commercial Operation by the Milestone Date for Commercial Operation,

then the Party so affected by Force Majeure shall be excused and relieved from performing or complying with such obligations (other than payment obligations) and shall not be liable for any liabilities, damages, losses, payments, costs, expenses (or Indemnifiable Losses, in the case of the Supplier affected by Force Majeure) to, or incurred by, the other Party in respect of or relating to such Force Majeure and such Party's failure to so perform or comply during the continuance and to the extent of the inability so caused from and after the invocation of Force Majeure.

- (b) A Party shall be deemed to have invoked Force Majeure with effect from the commencement of the event or circumstances constituting Force Majeure when that Party gives to the other Party prompt written notice in substantially the Prescribed Form, provided that such notice shall be given within 20 Business Days of the later of (i) the commencement of the event or circumstances constituting Force Majeure or (ii) the date that the Party invoking Force Majeure knew or ought to have known that the event or circumstances constituting Force Majeure could have a Material Adverse Effect on the development or operation of the Facility. If the effect of the Force Majeure and full particulars of the cause thereof cannot be reasonably determined within such 20 Business Day period, the Party invoking Force Majeure shall be allowed a further 10 Business Days (or such longer period as the Parties may agree in writing) to provide such full particulars in substantially the Prescribed Form to the other Party.
- (c) The Party invoking Force Majeure shall use Commercially Reasonable Efforts to remedy the situation and remove, so far as possible and with reasonable dispatch, the Force Majeure, but settlement of strikes, lockouts and other labour disturbances shall be wholly within the discretion of the Party involved. Upon the request of the OPA, the Supplier shall: (i) provide to the OPA information and documentation confirming to the satisfaction of the OPA, acting reasonably, that such Commercially Reasonable Efforts were used, and (ii) represent and warrant that such information and documentation are

true, complete and accurate in all material respects and that no material information is omitted that would make such information or documentation misleading or inaccurate.

- (d) The Party invoking Force Majeure shall give prompt written notice of the termination of the event of Force Majeure, provided that such notice shall be given within 20 Business Days of the termination of the event or circumstances constituting Force Majeure.
- (e) Nothing in this Section 10.1 shall relieve a Party of its obligations to make payments of any amounts that were due and owing before the occurrence of the Force Majeure or that otherwise may become due and payable during any period of Force Majeure.
- (f) If an event of Force Majeure causes the Supplier to not achieve Commercial Operation by the Milestone Date for Commercial Operation, then the Milestone Date for Commercial Operation shall be extended for such reasonable period of delay directly resulting from such Force Majeure event. After the Commercial Operation Date, an event of Force Majeure shall not extend the Term.
- (g) Where a Supplier has invoked Force Majeure as provided in Section 10.1(b) and where such period or periods of Force Majeure (as determined with respect to each such period from the date the Force Majeure was deemed to be invoked under Section 10.1(b) until the termination of the event or circumstances constituting Force Majeure as provided in Section 10.1(d)) were in effect (whether prior to or during the Term) for:
 - (i) where Exhibit A provides that the original Milestone Date for Commercial Operation is the date that is 18 months following the Contract Date (for clarity, including FIT Contracts forming part of a Rooftop Portfolio), 18 months in the case of a single such period, and for an aggregate of more than 24 months in the case of more than one such period;
 - (ii) where Exhibit A provides that the original Milestone Date for Commercial Operation is the date that is 24 months following the Contract Date, 24 months in the case of a single such period, and for an aggregate of more than 30 months in the case of more than one such period;
 - (iii) where Exhibit A provides that the original Milestone Date for Commercial Operation is the date that is 36 months following the Contract Date (for clarity, excluding FIT Contracts forming part of a Rooftop Portfolio), 24 months in the case of a single such period, and for an aggregate of more than 36 months in the case of more than one such period; and
 - (iv) where Exhibit A provides that the original Milestone Date for Commercial Operation is the date that is 96 months following the Contract Date, 36 months in the case of a single such period, and for an aggregate of more than 48 months in the case of more than one such period;

then notwithstanding anything in this Agreement to the contrary, either Party may terminate this Agreement upon notice to the other Party and without any costs or payments of any kind to either Party, and all Completion and Performance Security shall be returned or refunded (as applicable) to the Supplier forthwith or in the case of security in the form of a letter of credit, returned for cancellation.

10.2 Exclusions

A Party shall not be entitled to invoke Force Majeure under this Article 10, nor shall it be relieved of its obligations hereunder in any of the following circumstances:

- (a) if and to the extent the Party seeking to invoke Force Majeure or its Affiliate has caused the applicable event of Force Majeure by its fault or negligence;
- (b) if and to the extent the relevant act, event, cause or condition was within the reasonable control of the Party seeking to invoke Force Majeure;
- (c) if and to the extent the Party is seeking to invoke Force Majeure as a result of the failure of performance of any other third party that is or was a direct or indirect vendor, materials supplier, service provider or other supplier, or customer, to or of such Party, unless such failure of performance of such third party was itself caused by an event that would be considered an event of Force Majeure under this Agreement, *mutatis mutandis*;
- (d) if and to the extent the Party is seeking to invoke Force Majeure because it is unable to procure or maintain any fuel supply to be utilized by the Facility;
- (e) if and to the extent the Party seeking to invoke Force Majeure has failed to use Commercially Reasonable Efforts to prevent or remedy the event of Force Majeure and remove, so far as possible and within a reasonable time period, the Force Majeure (except in the case of strikes, lockouts and other labour disturbances, the settlement of which shall be wholly within the discretion of the Party involved);
- (f) if and to the extent that the Supplier is seeking to invoke Force Majeure because it is able to sell any of the Delivered Electricity on more advantageous terms to a third party buyer;
- (g) if and to the extent that the Party seeking to invoke Force Majeure because of arrest or restraint by a Governmental Authority, such arrest or restraint was the result of a breach of or failure to comply with Laws and Regulations by such Party;
- (h) if the Force Majeure was caused by a lack of funds or other financial cause including the inability of the Supplier to secure financing; or
- (i) if the Party invoking Force Majeure fails to comply with the notice provisions in Sections 10.1(b) or 10.1(d).

10.3 Definition of Force Majeure

For the purposes of this Agreement, the term “**Force Majeure**” means any act, event, cause or condition that prevents a Party from performing its obligations (other than payment obligations) hereunder, but only if and to the extent such event or circumstance could not reasonably have been anticipated as at the Contract Date and is beyond the affected Party’s reasonable control and not caused, directly or indirectly, by fault or negligence of the Party seeking to have its performance obligation excused thereby, and shall include:

- (a) acts of God, including extreme wind, ice, lightning or other storms, earthquakes, tornadoes, hurricanes, cyclones, landslides, drought, floods and washouts;
- (b) fires or explosions;

- (c) local, regional or national states of emergency;
- (d) strikes and other labour disputes (other than legal strikes or labour disputes by employees of (i) such Party, or (ii) a third party contractor of such Party, unless, in either such case, such strikes or other labour disputes are the result or part of a general industry strike or labour dispute);
- (e) delays or disruptions in fuel supply resulting from a Force Majeure event (whether such event is in respect of a Party or a third party), and provided that it shall be considered an event of Force Majeure if delays or disruptions in fuel supply arise as a result of the Supplier being unable to secure transportation capacity for fuel supply to the Facility after having made Commercially Reasonable Efforts to do so, but it shall not be considered an event of Force Majeure if such transportation capacity was available and the Supplier failed to secure it or failed to maintain it after having secured it;
- (f) delays or disruptions (including those arising from events of Force Majeure referred to in this Section 10.3) in the construction of any Transmission System or Distribution System assets that are required for the Facility to Deliver Electricity;
- (g) civil disobedience or disturbances, war (whether declared or not), acts of sabotage, blockades, insurrections, terrorism, revolution, riots or epidemics;
- (h) an order, judgment, legislation, ruling or direction by Governmental Authorities restraining a Party, provided that the affected Party has not applied for or assisted in the application for and has used Commercially Reasonable Efforts to oppose said order, judgment, legislation, ruling or direction;
- (i) an inability to obtain, or to secure the renewal or amendment of, any permit, certificate, Connection Impact Assessment, licence or approval of any Governmental Authority, Transmitter or LDC required to perform or comply with any obligation under this Agreement, unless the revocation or modification of any such necessary permit, certificate, Connection Impact Assessment, licence or approval was caused by the violation of the terms thereof or consented to by the Party invoking Force Majeure; and
- (j) unanticipated maintenance or outage affecting the Facility which results directly from, or is scheduled or planned directly as a consequence of, an event of Force Majeure.

ARTICLE 11 LENDER'S RIGHTS

11.1 Lender Security

Notwithstanding Section 16.1, the Supplier, from time to time on or after the date of this Agreement shall have the right, at its cost, to enter into a Secured Lender's Security Agreement. For greater certainty, in the case of a deed of trust or similar instrument securing bonds or debentures where the trustee holds security on behalf of, or for the benefit of, other lenders, only the trustee shall be entitled to exercise the rights and remedies under the Secured Lender's Security Agreement as the Secured Lender on behalf of the lenders. A Secured Lender's Security Agreement shall be based upon and subject to the following conditions:

- (a) A Secured Lender's Security Agreement may be made for any amounts and upon any terms (including terms of the loans, interest rates, payment terms and prepayment

privileges or restrictions) as desired by the Supplier, except as otherwise provided in this Agreement.

- (b) A Secured Lender's Security Agreement may not secure any indebtedness, liability or obligation of the Supplier that is not related to the Facility or cover any real or personal property of the Supplier not related to the Facility, except in relation to one or more renewable generating facilities (excluding any such facility that is the subject of a contract under the microFIT Program) in Ontario that are the subject of a contract with the OPA and that are owned by the Supplier or an Affiliate thereof. For greater certainty, a Secured Lender's Security Agreement may cover shares or partnership interests in the capital of the Supplier.
- (c) The OPA shall have no liability whatsoever for payment of the principal sum secured by any Secured Lender's Security Agreement, or any interest accrued thereon or any other sum secured thereby or accruing thereunder; and the Secured Lender shall not be entitled to seek any damages against the OPA for any or all of the same.
- (d) No Secured Lender's Security Agreement shall be recognized by the OPA nor have status as such hereunder in the enforcement of the OPA's rights and remedies provided in this Agreement or by Laws and Regulations, unless and until a copy of the original thereof and the registration details, if applicable, together with written notice of the address of the Secured Lender to which notices may be sent, have been delivered to the OPA by the Supplier or the Secured Lender; and in the event of an assignment of such Secured Lender's Security Agreement, such assignment shall not be recognized by the OPA nor shall the assignee thereunder have the status of a Secured Lender hereunder unless and until a copy thereof and the registration details, if applicable, together with written notice of the address of the assignee thereof to which notices may be sent, have been delivered to the OPA by the Supplier or the Secured Lender.
- (e) If the Supplier is in default under or pursuant to the Secured Lender's Security Agreement and the Secured Lender intends to exercise any rights afforded to the Secured Lender under this Agreement, then the Secured Lender shall give written notice of such default to the OPA at least 10 Business Days prior to exercising any such rights.
- (f) Any Secured Lender's Security Agreement permitted hereunder may secure two or more separate debts, liabilities or obligations in favour of two or more separate Secured Lenders, provided that such Secured Lender's Security Agreement complies with the provisions of this Article 11.
- (g) Any number of permitted Secured Lender's Security Agreements may be outstanding at any one time, provided that each such Secured Lender's Security Agreement complies with the provisions of this Article 11.
- (h) All rights acquired by a Secured Lender under any Secured Lender's Security Agreement shall be subject to all of the provisions of this Agreement, including the restrictions on assignment contained herein. While any Secured Lender's Security Agreement is outstanding, the OPA and the Supplier shall not amend or supplement this Agreement or agree to a termination of this Agreement without the consent of the Secured Lender, which consent shall not be unreasonably withheld, conditioned or delayed. Prior to any such amendment, supplement or termination, the Supplier shall provide to the OPA such Secured Lender's consent in writing. A Secured Lender must respond within a reasonable period of time to any request to amend or supplement this Agreement.

- (i) Despite any enforcement of any Secured Lender's Security Agreement, the Supplier shall remain liable to the OPA for the payment of all sums owing to the OPA under this Agreement and for the performance of all of the Supplier's obligations under this Agreement.

11.2 Rights and Obligations of Secured Lenders

While any Secured Lender's Security Agreement remains outstanding, and if the OPA has received the notice referred to in Section 11.1(d) or the contents thereof are embodied in the agreement entered into by the OPA in accordance with Section 11.3, the following provisions shall apply:

- (a) No Supplier Event of Default (other than those referred to in Section 9.2(c)) shall be grounds for the termination by the OPA of this Agreement until:
 - (i) any notice required to be given under Section 9.1 and 9.2(a) has been given to the Supplier and to the Secured Lender; and
 - (ii) the cure period set out in Section 11.2(b) has expired without a cure having been completed and without the Secured Lender having taken the actions therein contemplated.
- (b) In the event the OPA has given any notice required to be given under Section 9.1, the Secured Lender shall, within the applicable cure period (including any extensions), if any, have the right (but not the obligation) to cure such default, and the OPA shall accept such performance by such Secured Lender as if the same had been performed by the Supplier.
- (c) Any payment to be made or action to be taken by a Secured Lender hereunder as a prerequisite to keeping this Agreement in effect shall be deemed properly to have been made or taken by the Secured Lender if such payment is made or action is taken by a nominee or agent of the Secured Lender or a receiver or receiver and manager appointed by or on the application of the Secured Lender.
- (d) A Secured Lender shall be entitled to the Supplier's rights and benefits contained in this Agreement and shall become liable for the Supplier's obligations solely as provided in this Section 11.2. A Secured Lender may, subject to the provisions of this Agreement, enforce any Secured Lender's Security Agreement and acquire the Supplier's Interest in any lawful way and, without limitation, a Secured Lender or its nominee or agent or a receiver or receiver and manager appointed by or on the application of the Secured Lender, may take possession of and manage the Facility and, upon foreclosure, or without foreclosure upon exercise of any contractual or statutory power of sale under such Secured Lender's Security Agreement, may sell or assign the Supplier's Interest with the consent of the OPA as required under Section 11.2(f).
- (e) Until a Secured Lender (i) forecloses or has otherwise taken ownership of the Supplier's Interest or (ii) has taken possession or control of the Supplier's Interest, whether directly or by an agent as a mortgagee in possession, or a receiver or receiver and manager has taken possession or control of the Supplier's Interest by reference to the Secured Lender's Security Agreement, the Secured Lender shall not be liable for any of the Supplier's obligations or be entitled to any of the Supplier's rights and benefits contained in this Agreement, except by way of security. If the Secured Lender itself or by a nominee or agent, or a receiver or a receiver and manager appointed by or on the

application of the Secured Lender, is the owner or is in control or possession of the Supplier's Interest, then the entity that is the owner or is in control or possession of the Supplier's Interest shall be bound by all of the Supplier's obligations. Once the Secured Lender or such other Person goes out of possession or control of the Supplier's Interest or transfers the Supplier's Interest in accordance with this Agreement to another Person who is at Arm's Length with the Secured Lender, the Secured Lender shall cease to be liable for any of the Supplier's obligations and shall cease to be entitled to any of the Supplier's rights and benefits contained in this Agreement, except, if the Secured Lender's Security Agreement remains outstanding, by way of security.

- (f) Despite anything else contained in this Agreement, the Secured Lender agrees that it shall not transfer, sell or dispose of the Supplier's Interest or any other interest in the Facility or shares or partnership interests in the capital of the Supplier to any Person unless such transferee or purchaser takes the Supplier's Interest or other applicable interest subject to the Supplier's obligations pursuant to this Agreement. No transfer shall be effective unless the OPA:
- (i) acting reasonably, if such transferee is at Arm's Length with the Secured Lender; or
 - (ii) acting in its sole and subjective discretion, if such transferee is not at Arm's Length with the Secured Lender,

has, in the case of a transfer, sale or disposal of the Supplier's Interest or any other interest in the Facility, approved of the transferee or purchaser and the transferee or purchaser has entered into an agreement with the OPA in form and substance satisfactory to the OPA, acting reasonably, wherein the transferee or purchaser agrees to assume and to perform the obligations of the Supplier in respect of the Supplier's Interest or the other applicable interest, whether arising before or after the transfer, sale or disposition and including the posting of the Completion and Performance Security, if any, required under Article 5, and in the case of a transfer, sale or disposal of shares or partnership interests in the capital of the Supplier, such a transfer, sale or disposal shall, other than in the circumstances described in Section 11.2(g), be subject to Section 16.2.

- (g) In the event of the termination of this Agreement prior to the end of the Term due to a Supplier Event of Default, the OPA shall, within 20 Business Days after the date of such termination, deliver to each Secured Lender that is at Arm's Length with the Supplier, a statement of all sums then known to the OPA that would at that time be due under this Agreement but for the termination and a notice to each such Secured Lender stating that the OPA is willing to enter into a New Agreement (the "**OPA Statement**"). Subject to the provisions of this Article 11, each such Secured Lender or its transferee approved by the OPA pursuant to Section 11.2(f) shall thereupon have the option to obtain from the OPA a New Agreement in accordance with the following terms:
- (i) Upon receipt of the written request of the Secured Lender within 30 days after the date on which it received the OPA Statement, the OPA shall enter into a New Agreement.
 - (ii) Such New Agreement shall be effective as of the Termination Date and shall be for the remainder of the Term at the time this Agreement was terminated and otherwise upon the terms contained in this Agreement. The OPA's obligation to enter into a New Agreement is conditional upon the Secured Lender (A) paying

all sums that would, at the time of the execution and delivery thereof, be due under this Agreement but for such termination, (B) otherwise fully curing any defaults under this Agreement existing immediately prior to termination of this Agreement that are capable of being cured, and (C) paying all reasonable costs and expenses, including legal fees, so as to provide a full indemnity (and not only substantial indemnity), incurred by the OPA in connection with such default and termination, and the preparation, execution and delivery of such New Agreement and related agreements and documents, provided, however, that with respect to any default that could not be cured by such Secured Lender until it obtains possession, such Secured Lender shall have the applicable cure period commencing on the date that it obtains possession to cure such default.

When the Secured Lender has appointed an agent, a receiver or a receiver and manager or has obtained a court-appointed receiver or receiver and manager for the purpose of enforcing the Secured Lender's security, that Person may exercise any of the Secured Lender's rights under this Section 11.2(g).

- (h) Despite anything to the contrary contained in this Agreement, the provisions of this Article 11 shall enure only to the benefit of the holders of a Secured Lender's Security Agreement. If the holders of more than one such Secured Lender's Security Agreement who are at Arm's Length with the Supplier make written requests to the OPA in accordance with this Section 11.2 to obtain a New Agreement, the OPA shall accept the request of the holder whose Secured Lender's Security Agreement had priority immediately prior to the termination of this Agreement over the Secured Lender's Security Agreements of the other Secured Lenders making such requests and thereupon the written request of each other Secured Lender shall be deemed to be void. In the event of any dispute or disagreement as to the respective priorities of any such Secured Lender's Security Agreement, the OPA may rely upon the opinion as to such priorities of any law firm qualified to practise law in the Province of Ontario retained by the OPA in its unqualified subjective discretion or may apply to a court of competent jurisdiction for a declaration as to such priorities, which opinion or declaration shall be conclusively binding upon all parties concerned.

11.3 Co-operation

The OPA and the Supplier shall enter into an agreement with any Secured Lender substantially in the Prescribed Form for the purpose of implementing the Secured Lender's Security Agreement protection provisions contained in this Agreement. The OPA, acting reasonably, shall consider any request jointly made by the Supplier and a Secured Lender or proposed Secured Lender to facilitate a provision of a Secured Lender's Security Agreement or proposed Secured Lender's Security Agreement that may require an amendment to this Agreement, provided that the rights of the OPA are not adversely affected thereby, the obligations of the Supplier to the OPA are not altered thereby and the consent of any other Secured Lender to such amendment has been obtained by the Supplier or the Secured Lender making the request for the amendment.

ARTICLE 12 DISCRIMINATORY ACTION

12.1 Discriminatory Action

- (a) A "**Discriminatory Action**" shall occur if:

- (i) either (A) the Legislative Assembly of Ontario causes to come into force any statute that was introduced as a bill in the Legislative Assembly of Ontario or the Government of Ontario causes to come into force or makes any order-in-council or regulation first having legal effect on or after the date of the Contract Date; or (B) the Legislative Assembly of Ontario directly or indirectly amends this Agreement without the consent of the Supplier;
 - (ii) the effect of the action referred to in Section 12.1(a)(i) is either (A) borne principally by the Supplier; or (B) borne principally by the Supplier and one or more Other Suppliers who have a FIT Contract or another bilateral arrangement with the OPA similar in nature to this Agreement; and
 - (iii) such action increases the costs that the Supplier would reasonably be expected to incur under this Agreement in respect of Delivering Electricity, except where such action is in response to any act or omission on the part of the Supplier that is contrary to Laws and Regulations (other than an act or omission rendered illegal by virtue of such action) or such action is permitted under this Agreement.
- (b) Notwithstanding the foregoing, none of the following shall be a Discriminatory Action:
- (i) Laws and Regulations of general application, including an increase of Taxes of general application, or any action of the Government of Ontario pursuant thereto;
 - (ii) any such statute that prior to five Business Days prior to the Contract Date:
 - (A) has been introduced as a bill in the Legislative Assembly of Ontario in a similar form as such statute takes when it has legal effect, provided that any amendments made to such bill in becoming such statute do not have a Material Adverse Effect on the Supplier; or
 - (B) has been made public in a discussion or consultation paper, press release or announcement issued by the OPA, the Government of Ontario, and/or the Ministry of Energy that appeared on the Website, the website of the OPA, the Government of Ontario and/or the Ministry of Energy, provided that any amendments made to such public form, in becoming such statute, do not have a Material Adverse Effect on the Supplier;
 - (iii) any of such regulations that prior to five Business Days prior to the Contract Date:
 - (A) have been published in the Ontario Gazette but by the terms of such regulations come into force on or after five Business Days prior to the Contract Date; or
 - (B) have been referred to in a press release issued by the OPA, the Government of Ontario and/or the Ministry of Energy that appeared on the website of the Government of Ontario or the Ministry of Energy, provided that any amendments made to such regulations in coming into force do not have a Material Adverse Effect on the Supplier; and
 - (iv) any new orders-in-council or regulations, the authority for the promulgation of which was created by the *Green Energy and Green Economy Act, 2009*

(Ontario), or the first amendment to any existing regulation, where the authority for such amendment was created by the *Green Energy and Green Economy Act, 2009* (Ontario).

12.2 Consequences of Discriminatory Action

To the extent that there is a Discriminatory Action, then:

- (a) the Supplier, upon becoming aware of the consequences of such Discriminatory Action, shall promptly notify the OPA;
- (b) the Parties and, at the OPA's discretion, those Other Suppliers that are required by the OPA to participate, shall engage in good faith negotiations to amend this Agreement and the respective agreements of those Other Suppliers on the basis that such amendments together with the Discriminatory Action will substantially reflect the Supplier's Economics and, at the OPA's discretion, those Other Suppliers, prior to the Discriminatory Action; and
- (c) if the Parties fail to reach agreement on the amendments described in Section 12.2(b), the matter shall be determined by mandatory and binding arbitration, from which there shall be no appeal, with such arbitration(s) to be conducted in accordance with the procedures set out in Exhibit D. However, if the Supplier fails to participate in such arbitration, the Supplier acknowledges that it waives its right to participate in such arbitration, which shall nevertheless proceed, and the Supplier shall be bound by the award of the Arbitration Panel and the subsequent amendments to this Agreement made by the OPA to implement such award of the Arbitration Panel.

12.3 Right of the OPA to Remedy a Discriminatory Action

If the OPA wishes to remedy or cause to be remedied the occurrence of a Discriminatory Action, the OPA must give notice to the Supplier within 30 days after the date of receipt of notice of the Discriminatory Action. If the OPA gives such notice, the OPA must remedy or cause to be remedied the Discriminatory Action within 180 days after the date of receipt of the notice of the Discriminatory Action. If the OPA remedies or causes to be remedied the Discriminatory Action in accordance with the preceding sentence, the Supplier shall have the right to obtain, without duplication, compensation for any detrimental effect the Discriminatory Action had on the Supplier's Economics, adjusted to apply only to the period during which the Discriminatory Action detrimentally affected the Supplier's Economics.

ARTICLE 13 LIABILITY AND INDEMNIFICATION

13.1 Exclusion of Consequential Damages

Notwithstanding anything contained herein to the contrary, neither Party will be liable under this Agreement or under any cause of action relating to the subject matter of this Agreement for any special, indirect, incidental, punitive, exemplary or consequential damages, including loss of profits (save and except as provided in Sections 1.7, 1.8, 2.10 and 12.2), loss of use of any property or claims of customers or contractors of the Parties for any such damages.

13.2 Liquidated Damages

The Supplier acknowledges and agrees that it would be extremely difficult and impracticable to determine precisely the amount of actual damages that would be suffered by the OPA and the Ontario ratepayer as result of a failure by the Supplier to meet its obligations under this Agreement. The Supplier further acknowledges and agrees that the liquidated damages set forth in this Agreement are a fair and reasonable approximation of the amount of actual damages that would be suffered by the OPA and the Ontario ratepayer as a result of a failure by the Supplier to meet its obligations under this Agreement, and does not constitute a penalty.

13.3 OPA Indemnification

The Supplier shall indemnify, defend and hold the OPA, the Government of Ontario, the members of the Government of Ontario's Executive Council and their respective Affiliates, and each of the foregoing Persons' respective directors, officers, employees, shareholders, advisors and agents (including contractors and their employees) (collectively, the "**Indemnitees**") harmless from and against any and all Claims, losses, damages, liabilities, penalties, obligations, payments, costs and expenses and accrued interest thereon (including the costs and expenses of, and accrued interest on, any and all actions, suits, proceedings for personal injury (including death) or property damage, assessments, judgments, settlements and compromises relating thereto and reasonable lawyers' fees and reasonable disbursements in connection therewith) (each, an "**Indemnifiable Loss**"), asserted against or suffered by the Indemnitees relating to, in connection with, resulting from, or arising out of (i) any occurrence or event relating to the Facility, except to the extent that any injury or damage is attributable to the negligence or wilful misconduct of the Indemnitees or the failure of the Indemnitees to comply with Laws and Regulations, (ii) any breach by the Supplier of any representations, warranties and covenants contained in this Agreement, except to the extent that any injury or damage is attributable to the negligence or wilful misconduct of the Indemnitees, and (iii) a discharge of any contaminant into the natural environment, at or related to, the Facility and any fines or orders of any kind that may be levied or made in connection therewith pursuant to Laws and Regulations, except to the degree that such discharge shall have been due to the negligence or wilful misconduct of the Indemnitees. For greater certainty, in the event of contributory negligence or other fault of the Indemnitees, then such Indemnitees shall not be indemnified hereunder in the proportion that the Indemnitees' negligence or other fault contributed to any Indemnifiable Loss.

13.4 Defence of Claims

- (a) Promptly after receipt by the Indemnitees of any Claim or notice of the commencement of any action, administrative or legal proceeding or investigation as to which the indemnity provided for in Section 13.3 may apply, the OPA shall notify the Supplier in writing of such fact. The Supplier shall assume the defence thereof with counsel designated by the Supplier and satisfactory to the affected Indemnitees, acting reasonably; provided, however, that if the defendants in any such action include both the Indemnitees and the Supplier and the Indemnitees shall have reasonably concluded that there may be legal defences available to them which are different from or additional to, or inconsistent with, those available to the Supplier, the Indemnitees shall have the right to select separate counsel satisfactory to the Supplier acting reasonably (at no additional cost to the Indemnitees) to participate in the defence of such action on behalf of the Indemnitees. The Supplier shall promptly confirm that it is assuming the defence of the Indemnitees by providing written notice to the Indemnitees. Such notice shall be provided no later than five Business Days prior to the deadline for responding to any Claim relating to any Indemnifiable Loss.

- (b) Should any of the Indemnitees be entitled to indemnification under Section 13.3 as a result of a Claim by a third party, and the Supplier fails to assume the defence of such Claim (which failure shall be assumed if the Supplier fails to provide the notice prescribed by Section 13.4(a)), the Indemnitees shall, at the expense of the Supplier, contest (or, with the prior written consent of the Supplier, settle) such Claim, provided that no such contest need be made and settlement or full payment of any such Claim may be made without consent of the Supplier (with the Supplier remaining obligated to indemnify the Indemnitees under Section 13.3), if, in the written opinion of an independent third party counsel chosen by the Company Representatives, such Claim is meritorious. If the Supplier is obligated to indemnify any Indemnitees under Section 13.3, the amount owing to the Indemnitees will be the amount of such Indemnitees' actual out-of-pocket loss net of any insurance proceeds received or other recovery.

13.5 Joint and Several Liability

Other than in the case of an Ontario limited partnership, if the Supplier is not a single legal entity, then all such entities that constitute the Supplier shall be jointly and severally liable to the OPA for all representations, warranties, obligations, covenants and liabilities of the Supplier hereunder.

ARTICLE 14 CONTRACT OPERATION AND ADMINISTRATION

14.1 Company Representative

The Supplier and the OPA shall, by notice in the Prescribed Form, each appoint, from time to time, a representative (a "**Company Representative**"), who shall be duly authorized to act on behalf of the Party that has made the appointment, and with whom the other Party may consult at all reasonable times, and whose instructions, requests and decisions, provided the same are in writing signed by the respective Company Representative, shall be binding on the appointing Party as to all matters pertaining to this Agreement. The Company Representative shall not have the power or authority to amend this Agreement solely by virtue of his or her position as Company Representative. Unless otherwise appointed as set out herein, the Supplier's Company Representative shall be the Company Representative as set out on the FIT Contract Cover Page.

14.2 Record Retention; Audit Rights

The Supplier and the OPA shall both keep complete and accurate records and all other data required by either of them for the purpose of proper administration of this Agreement. All such records shall be maintained as required by Laws and Regulations but for no less than seven years after the creation of the record or data. The Supplier and the OPA, on a confidential basis as provided for in Article 7 of this Agreement, shall provide reasonable access to the relevant and appropriate financial and operating records and data kept by such Party relating to this Agreement reasonably required for the other Party to comply with its obligations to Governmental Authorities or to verify or audit information provided in accordance with this Agreement, including the provision of copies of documents and all other information reasonably required by the OPA or its Representative, which shall be delivered to the premises of the OPA or its Representative as directed by the OPA. Moreover, the Supplier agrees and consents to the IESO, an LDC or any other relevant third party providing to the OPA all relevant meter and invoice data regarding the Facility required by the OPA in order to verify the amount of Delivered Electricity. A Party may use its own employees or Representatives for purposes of any such review of records, provided that those employees or Representatives are bound by the confidentiality requirements provided for in Article 7 in which case no further confidentiality agreements or arrangements need be entered into. The Supplier shall ensure that any confidentiality agreements or arrangements between it and any third party (including

any subcontractor, supplier or other supplier of goods or services to the Supplier) shall not have the effect of preventing, impairing or delaying any disclosure or access to or by the OPA or any of its Representatives as contemplated in this Section 14.2.

14.3 Reports to the OPA

If the Supplier is required to report Outages directly to the IESO or an LDC, the Supplier shall deliver to the OPA a copy of all reports, plans and notices that the Supplier is required to provide to the IESO or such LDC with respect to Outages, at the same time or within one Business Day after such reports, plans and notices are delivered by the Supplier to the IESO or the LDC, as applicable.

14.4 Inspection of Facility

- (a) The OPA and its Representatives shall, at all times upon two Business Days prior notice, at any time after the Contract Date, have access to the Facility and every part thereof, and all relevant records during regular business hours and the Supplier shall, and shall cause all personnel operating and managing the Facility, to furnish the OPA with all reasonable assistance in inspecting the Facility (including the right to be provided with copies of any and all written records and downloads of any and all electronic records as reasonably required) for the purpose of ascertaining compliance with this Agreement; provided that such access and assistance shall be carried out in accordance with and subject to the reasonable safety and security requirements of the Supplier and all personnel operating and managing the Facility, as applicable, and shall not interfere with the operation of the Facility. The Supplier shall ensure that any confidentiality agreements or arrangements between it and any third party (including any subcontractor, supplier or other supplier of goods or services to the Supplier) shall not have the effect of preventing, impairing or delaying any disclosure or access to or by the OPA or any of its Representatives as contemplated in this Section 14.4.
- (b) The inspection of the Facility by or on behalf of the OPA shall not relieve the Supplier of any of its obligations to comply with the terms of this Agreement. No Supplier Event of Default will be waived or deemed to have been waived by any inspection by or on behalf of the OPA. In no event will any inspection by the OPA hereunder be a representation that there has been or will be compliance with this Agreement and Laws and Regulations.

14.5 Inspection Not Waiver

- (a) Failure by the OPA to inspect the Facility or any part thereof under Section 14.4, or to exercise its audit rights under Section 14.2, shall not constitute a waiver of any of the rights of the OPA hereunder. An inspection or audit not followed by a notice of a Supplier Event of Default shall not constitute or be deemed to constitute a waiver of any Supplier Event of Default, nor shall it constitute or be deemed to constitute an acknowledgement that there has been or will be compliance by the Supplier with this Agreement.
- (b) Failure by the Supplier to exercise its audit rights under Section 14.2 shall not constitute or be deemed to constitute a waiver of any of the rights of the Supplier hereunder. An audit not followed by a notice of a OPA Event of Default shall not constitute or be deemed to constitute a waiver of any OPA Event of Default, nor shall it constitute or be deemed to constitute an acknowledgement that there has been or will be compliance by the OPA with this Agreement.

14.6 Notices

- (a) All notices pertaining to this Agreement not explicitly permitted to be in a form other than writing shall be in writing and shall be addressed to the other Party as follows:

If to the Supplier, to the Company Representative at the contact details set out in the FIT Contract Cover Page.

If to the OPA: Ontario Power Authority
 120 Adelaide Street West
 Suite 1600
 Toronto, Ontario
 M5H 1T1

Attention: Director, Contract Management
Facsimile: 416-967-1947
E-mail: FIT.Contract@powerauthority.on.ca

Either Party may, by written notice to the other, change its respective Company Representative in accordance with Section 14.1 or the address to which notices are to be sent.

- (b) Notice delivered or transmitted as provided above shall be deemed to have been given and received on the day it is received or transmitted, provided that it is received or transmitted on a Business Day prior to 5:00 p.m. local time in the place of receipt. Otherwise such notice shall be deemed to have been given and received on the next following Business Day.
- (c) Any notices of an Event of Default and termination of this Agreement shall only be given by hand or courier delivery.

ARTICLE 15 DISPUTE RESOLUTION

15.1 Informal Dispute Resolution

If either Party considers that any dispute has arisen under or in connection with this Agreement that the Parties cannot resolve, then such Party may deliver a notice to the other Party describing the nature and the particulars of such dispute. Within 20 Business Days following delivery of such notice to the other Party, a senior executive of the Supplier shall meet with a manager of the OPA, either in person or by telephone (the “**Senior Conference**”), to attempt to resolve the dispute. Each Party shall be prepared to propose a solution to the dispute. If, following the Senior Conference, the dispute is not resolved, the dispute may be settled by arbitration pursuant to Section 15.2, if agreed to by both Parties.

15.2 Arbitration

Except as otherwise specifically provided for in this Agreement, any matter in issue between the Parties as to their rights under this Agreement may be decided by arbitration provided, however, that the Parties have first completed a Senior Conference pursuant to Section 15.1. Any dispute to be decided by arbitration will be decided by a single arbitrator appointed by the Parties or, if such Parties fail to appoint an arbitrator within 15 Business Days following the agreement to refer the dispute to arbitration, upon the application of either of the Parties, the arbitrator shall be appointed by a Judge of the Superior Court of

Justice (Ontario) sitting in the Judicial District of Toronto Region. The arbitrator shall not have any current or past business or financial relationships with any Party (except prior arbitration). The arbitrator shall provide each of the Parties an opportunity to be heard and shall conduct the arbitration hearing in accordance with the provisions of the *Arbitration Act, 1991* (Ontario). Unless otherwise agreed by the Parties, the arbitrator shall render a decision within 90 days after the end of the arbitration hearing and shall notify the Parties in writing of such decision and the reasons therefor. The arbitrator shall be authorized only to interpret and apply the provisions of this Agreement and shall have no power to modify or change this Agreement in any manner. The decision of the arbitrator shall be conclusive, final and binding upon the Parties. The decision of the arbitrator may be appealed solely on the grounds that the conduct of the arbitrator, or the decision itself, violated the provisions of the *Arbitration Act, 1991* (Ontario) or solely on a question of law as provided for in the *Arbitration Act, 1991* (Ontario). The *Arbitration Act, 1991* (Ontario) shall govern the procedures to apply in the enforcement of any award made. If it is necessary to enforce such award, all costs of enforcement shall be payable and paid by the Party against whom such award is enforced. Unless otherwise provided in the arbitral award to the contrary, each Party shall bear (and be solely responsible for) its own costs incurred during the arbitration process, and each Party shall bear (and be solely responsible for) its equal share of the costs of the arbitrator. Each Party shall be otherwise responsible for its own costs incurred during the arbitration process.

ARTICLE 16

ASSIGNMENT AND CHANGE OF CONTROL

16.1 Assignment

- (a) Following the Commercial Operation Date, this Agreement along with all of the rights, interests and obligations under this Agreement (including for greater certainty those rights, interests and obligations relating to Environmental Attributes) may be assigned by either Party, with the prior written consent of the other Party, which consent shall not be unreasonably withheld, except as set out in Section 16.1(b) below and as provided in Article 11. Prior to the Commercial Operation Date, neither this Agreement nor any of the rights, interests or obligations under this Agreement may be assigned by the Supplier.
- (b) For the purposes of Section 16.1(a), it shall not be unreasonable for the OPA to withhold its consent if the proposed assignment would (i) cause a Supplier to breach the obligation to own or lease the Facility as set out in Section 2.7(a), or (ii) have or is likely to have, as determined by the OPA acting reasonably, a Material Adverse Effect on the Supplier's ability to perform its obligations under this Agreement.
- (c) Notwithstanding Section 16.1(a), other than where the subject of this Agreement is a Participation Project that is not a Rooftop Solar Project, the Supplier may, subject to compliance with Laws and Regulations and provided that there is not a Supplier Event of Default that has not been remedied, assign this Agreement without the consent of the OPA to an Affiliate acquiring the Facility; provided, however, that no such assignment by the Supplier or any of its successors or permitted assigns hereunder shall be valid or effective unless and until such Affiliate agrees with the OPA in writing to assume all of the Supplier's obligations under this Agreement and be bound by the terms of this Agreement, and the arrangements and obligations of the Supplier set forth in Article 5 have been met in accordance with the terms of Article 5.
- (d) Notwithstanding Section 16.1(a), where the Facility is a Rooftop Solar Facility (for clarity, including in respect of Participation Projects), the Supplier may, prior to the Commercial Operation Date, assign this Agreement with the prior written consent of the

OPA, which may not be unreasonably withheld, in circumstances where the building or structure to which the Facility is affixed is being sold, transferred or otherwise conveyed to the proposed assignee of this Agreement.

- (e) If the Supplier assigns this Agreement to a non-resident of Canada as that term is defined in the ITA, and the OPA incurs any additional Taxes, at any time thereafter, solely as the result of such assignment, then payments under this Agreement by the OPA shall be reduced by the amount of such additional Taxes and the OPA shall remit such additional Taxes to the applicable taxing authorities. The OPA shall within 60 days after remitting such Taxes, notify the assignee in writing, providing reasonable detail of such payment so that the assignee may claim any applicable rebates, refunds or credits from the applicable taxing authorities. If after the OPA has paid such amounts, the OPA receives a refund, rebate or credit on account of such Taxes, then the OPA shall promptly remit such refund, rebate or credit amount to the assignee.
- (f) If a valid assignment of this Agreement is made by the Supplier in accordance with this Section 16.1, the OPA acknowledges and agrees that, upon such assignment and assumption and notice thereof by the assignor to the OPA, the assignor shall be relieved of all its duties, obligations and liabilities hereunder.
- (g) The OPA shall have the right to assign this Agreement from time to time and all benefits and obligations hereunder for the balance of the Term without the consent of the Supplier to an assignee which shall assume the obligations and liability of the OPA under this Agreement and be novated into this Agreement in the place and stead of the OPA (except for the OPA's obligation in Section 16.1(g)(iii) which will remain in force), provided that the assignee agrees in writing to assume and be bound by the terms and conditions of this Agreement and further agrees not to make any material amendments to or terminate this Agreement after such assignment without the prior written consent of the OPA, whereupon:
 - (i) the representation set forth in Section 6.2(a) shall apply to the assignee with all necessary amendments to reflect the form and the manner in which the assignee was established;
 - (ii) all of the representations set forth in Section 6.2 shall be deemed to be made by the assignee to the Supplier at the time of such assignment and assumption; and
 - (iii) the OPA shall be relieved of all obligations and liability arising pursuant to this Agreement; notwithstanding the foregoing, the OPA shall remain liable to the Supplier for remedying any payment defaults under Section 9.3(a) and shall remain liable for any obligations and liabilities of the assignee arising from any OPA Event of Default, provided that any notice required to be given under Sections 9.3 and 9.4(a) is given on the same day to the assignee and to the OPA. The time periods in Section 9.3 shall not begin to run until both the assignee and the OPA have been so notified.
- (h) Notwithstanding this Section 16.1, where this Agreement forms part of a Rooftop Portfolio, neither this Agreement nor any of the rights, interests or obligations under this Agreement may be assigned by the Supplier to any Person at any time unless this Agreement and all other FIT Contracts forming part of such Rooftop Portfolio, and all related rights, interests and obligations, are similarly assigned to such Person at such

time. For certainty, any assignment of a Rooftop Portfolio shall require compliance with the assignment provisions of every FIT Contract comprising such Rooftop Portfolio.

16.2 Change of Control

- (a) Other than in accordance with Section 16.2(b), no change of Control of the Supplier shall be permitted prior to Commercial Operation, except with the prior written consent of the OPA, which consent may be withheld in the OPA's sole and absolute discretion. Following Commercial Operation, a change of Control of the Supplier shall be permitted, provided that the Supplier, within 10 Business Days following such change of Control having effect, provides the OPA with notice of such change of Control and such additional information as the OPA may reasonably require regarding the names of the Persons who Control or otherwise indirectly or directly have an ownership interest in the Supplier, following such change of Control.
- (b) Provided there is not a Supplier Event of Default that has not been remedied, a change of Control of the Supplier prior to Commercial Operation, under one or more of the following circumstances, is permitted without the consent of the OPA namely:
 - (i) the Person that is the direct subject of the transaction giving rise to the change of Control of the Supplier, is not a Special Purpose Entity;
 - (ii) each Person Controlling the Supplier following such change of Control is an Affiliate of one or more of the Persons Controlling the Supplier prior to such change of Control; or
 - (iii) the Economic Interest of the Person(s) that Control the Supplier as of the Contract Date is not less than 25% following such change of Control;

the Supplier shall, within 10 Business Days following such change of Control having effect, provide the OPA with notice of such change of Control and such additional information as the OPA may reasonably require regarding the names of the Persons who Control or otherwise indirectly or directly have an ownership interest in the Supplier, following such change of Control.
- (c) For the purposes of Sections 16.2(a) and 16.2(b), a change of Control shall include a change from no Person having Control of the Supplier to any Person having Control of the Supplier, as well as a change from any Person having Control of the Supplier to no Person having Control of the Supplier.
- (d) Without limiting the generality of Section 16.2(b)(i) and by way of example only, if entity A owns entity B, and A is sold to a third party, A is the direct subject of the transaction giving rise to the change of Control; therefore if B is the Supplier, then this change of Control may be permitted pursuant to Section 16.2(b)(i) so long as A is not a Special Purpose Entity.

ARTICLE 17

PARTICIPATION PROJECTS

17.1 Provisions for Aboriginal Participation Projects

- (a) Notwithstanding Section 1.2(e) of Exhibit A, the amount of the Initial Security shall be \$5.00 per kW of Contract Capacity if, prior to the Contract Date, the Supplier has provided an Aboriginal Participation Project Declaration confirming that the Aboriginal Participation Level in respect of the Facility is greater than 50%.
- (b) Notwithstanding Section 1.2(f) of Exhibit A, the amount of the Incremental NTP Security shall be \$5.00 per kW of Contract Capacity if, prior to or commensurate with the NTP Request, the Supplier has provided an Aboriginal Participation Project Declaration confirming that the Aboriginal Participation Level in respect of the Facility is greater than 50%.
- (c) The Aboriginal Price Adder shall only apply to a Facility (i) that is an Aboriginal Participation Project as at the Commercial Operation Date, and (ii) for which the Supplier submits an Aboriginal Participation Project Declaration confirming such status prior to the Commercial Operation Date.
- (d) Where a Project or a Facility is not an Aboriginal Participation Project as of the Commercial Operation Date, or where the Supplier fails to provide an Aboriginal Participation Project Declaration confirming such status, the Aboriginal Price Adder shall not apply to such Facility at any time, regardless of any change in the Aboriginal Participation Level.
- (e) Where the Aboriginal Participation Level has increased since the last Aboriginal Participation Project Declaration, the Supplier may submit a revised Aboriginal Participation Project Declaration to the OPA at any time up to the date on which it submits the other documentation required to be provided to the OPA for the purpose of achieving Commercial Operation pursuant to Section 2.6.
- (f) Subject to Section 17.3, where the Supplier has provided any Completion and Performance Security to the OPA that has not been returned or refunded (as applicable) to the Supplier, and the Supplier has obtained the benefit of reduced Completion and Performance Security pursuant to Sections 17.1(a) or (b), where the Aboriginal Participation Level decreases from greater than 50% to equal to or below 50%, then notwithstanding Sections 17.1(a) and (b), the Supplier shall, within 20 Business Days of any such decrease, provide and maintain additional Completion and Performance Security such that the total amount of Completion and Performance Security is in accordance with the amounts set out in Sections 5.1 and 5.2 or Exhibit A, as applicable. For greater certainty, where the Aboriginal Participation Level increases from equal to or below 50% to greater than 50%, there shall be no reduction in the amount of Completion and Performance Security already provided to the OPA.
- (g) A Supplier in respect of an Aboriginal Participation Project shall, within 20 Business Days of a request by the OPA, provide written evidence documenting the Aboriginal Participation Level that is to the satisfaction of the OPA, acting reasonably. If the evidence provided by the Supplier does not demonstrate to the satisfaction of the OPA, acting reasonably, that the actual Aboriginal Participation Level is at least equal to the Aboriginal Participation Level being used to determine the Aboriginal Price Adder, then,

without prejudice to the provisions of Sections 17.3(b), (c) or (d), the Aboriginal Price Adder shall be recalculated in accordance with the documented Aboriginal Participation Level and applied retroactively to the latest date for which the Supplier can demonstrate that the Aboriginal Participation Level used to determine the Aboriginal Price Adder was accurate. Any overpayment that resulted from an inaccurate Aboriginal Participation Level shall be paid by the Supplier to the OPA forthwith, failing which the OPA may set off any such amounts from any future payments owing to the Supplier.

17.2 Provisions for Community Participation Projects

- (a) Notwithstanding Section 1.2(e) of Exhibit A, the amount of the Initial Security shall be \$5.00 per kW of Contract Capacity if, prior to the Contract Date, the Supplier has provided a Community Participation Project Declaration confirming that the Community Participation Level in respect of the Facility is greater than 50%.
- (b) Notwithstanding Section 1.2(f) of Exhibit A, the amount of the Incremental NTP Security shall be \$5.00 per kW of Contract Capacity if, prior to or commensurate with the NTP Request, the Supplier has provided a Community Participation Project Declaration confirming that the Community Participation Level in respect of the Facility is greater than 50%.
- (c) The Community Price Adder shall only apply to a Facility (i) that is a Community Participation Project as at the Commercial Operation Date, and (ii) for which the Supplier submits a Community Participation Project Declaration confirming such status prior to the Commercial Operation Date.
- (d) Where a Project or a Facility is not a Community Participation Project as of the Commercial Operation Date, or where the Supplier fails to provide a Community Participation Project Declaration confirming such, the Community Price Adder shall not apply to such Facility at any time, regardless of any change in the Community Participation Level.
- (e) Where the Community Participation Level has increased since the last Community Participation Project Declaration, the Supplier may submit a revised Community Participation Project Declaration to the OPA, at any time up to the date on which it submits the other documentation required to be provided to the OPA for the purpose of achieving Commercial Operation pursuant to Section 2.6.
- (f) Where at any time the Community Participation Level decreases since the preceding Community Participation Project Declaration, the Supplier shall submit a revised Community Participation Project Declaration to the OPA within 20 Business Days of such decrease, following which, the Community Price Adder shall be recalculated based on the decreased Community Participation Level, and such decreased Community Price Adder shall be effective as of the date of the decrease in the Community Participation Level.
- (g) Subject to Section 17.3, where the Supplier has provided any Completion and Performance Security to the OPA that has not been returned or refunded (as applicable) to the Supplier, and the Supplier has obtained the benefit of reduced Completion and Performance Security pursuant to Sections 17.2(a) or (b), where the Community Participation Level decreases from greater than 50% to below or equal to 50%, then notwithstanding Sections 17.2(a) and (b), the Supplier shall, within 20 Business Days of

any such decrease, provide and maintain additional Completion and Performance Security such that the total amount of Completion and Performance Security is in accordance with the amounts set out in Sections 5.1 and 5.2 or Exhibit A, as applicable. For greater certainty, where the Community Participation Level increases from below or equal to 50% to greater than 50%, there shall be no reduction in the amount of Completion and Performance Security already provided to the OPA.

- (h) Subject to Section 17.3, a Supplier in respect of a Community Participation Project shall, within 20 Business Days of a request by the OPA, provide written evidence documenting the Community Participation Level that is to the satisfaction of the OPA, acting reasonably. If the evidence provided by the Supplier does not demonstrate to the satisfaction of the OPA, acting reasonably, that the actual Community Participation Level is not at least equal to the Community Participation Level being used to determine the Community Price Adder, then, without prejudice to the provisions of Sections 17.3(b), (c) or (d), the Community Price Adder shall be recalculated in accordance with the documented Community Participation Level and applied retroactively to the latest date for which the Supplier can demonstrate that the Community Participation Level used to determine the Community Price Adder was accurate. Any overpayment that resulted from an inaccurate Community Participation Level shall be paid by the Supplier to the OPA forthwith, failing which the OPA may set off any such amounts from any future payments owing to the Supplier.
- (i) Prior to Notice to Proceed, on the Commercial Operation Date and on or prior to each anniversary thereof during the Term, the Supplier whose Facility is a Community Participation Project shall certify in writing in the Prescribed Form to the OPA that it has, and (other than in the case of the initial such certification) has had at all times during the period since the previous certification:
 - (i) in the case of a Facility that is a Contract Capacity Set-Aside Project, at least 50 Qualifying Members; or
 - (ii) in the case of a Facility that is not a Contract Capacity Set-Aside Project, at least 35 Qualifying Members.

Where, at the time of such certification, the identity of any such Qualifying Members has changed, the Supplier shall provide with the certification the Qualifying Membership Declaration of any new Qualifying Member and the names of any persons that ceased to be Qualifying Members during such period.

17.2A Provisions for Municipal Participation Projects and Public Sector Entity Participation Projects

- (a) Notwithstanding Section 1.2(e) of Exhibit A, the amount of the Initial Security shall be \$5.00 per kW of Contract Capacity if, prior to the Contract Date, the Supplier has provided a Municipal Participation Project Declaration or Public Sector Entity Participation Project Declaration confirming that the Municipal Participation Level or Public Sector Entity Participation Level, as applicable, in respect of the Facility is greater than 50%.
- (b) Notwithstanding Section 1.2(f) of Exhibit A, the amount of the Incremental NTP Security shall be \$5.00 per kW of Contract Capacity if, prior to or commensurate with the NTP Request, the Supplier has provided a Municipal Participation Project Declaration or

Public Sector Entity Participation Project Declaration confirming that the Municipal Participation Level or Public Sector Entity Participation Level, as applicable, in respect of the Facility is greater than 50%.

- (c) The Municipal Price Adder or Public Sector Entity Price Adder, as applicable, shall only apply to a Facility (i) that is a Municipal Participation Project or Public Sector Entity Participation Project, as applicable, as at the Commercial Operation Date, and (ii) for which the Supplier submits a Municipal Participation Project Declaration or Public Sector Entity Participation Project Declaration, as applicable, confirming such status prior to the Commercial Operation Date.
- (d) Where a Project or a Facility is not a Municipal Participation Project or Public Sector Entity Participation Project as of the Commercial Operation Date, or where the Supplier fails to provide a Municipal Participation Project Declaration or Public Sector Entity Participation Project Declaration, as applicable, confirming such, the Municipal Price Adder or Public Sector Entity Price Adder, as applicable, shall not apply to such Facility at any time, regardless of any change in the Municipal Participation Level or Public Sector Entity Participation Level, as applicable.
- (e) Where the Municipal Participation Level or Public Sector Entity Participation Level has increased since the last Municipal Participation Project Declaration or Public Sector Entity Participation Project Declaration, as applicable, the Supplier may submit a revised Municipal Participation Project Declaration or Public Sector Entity Participation Project Declaration, as applicable, to the OPA, at any time up to the date on which it submits the other documentation required to be provided to the OPA for the purpose of achieving Commercial Operation pursuant to Section 2.6.
- (f) Where at any time the Municipal Participation Level or Public Sector Entity Participation Level decreases since the preceding Municipal Participation Project Declaration or Public Sector Entity Participation Project Declaration, as applicable, the Supplier shall submit a revised Municipal Participation Project Declaration or Public Sector Entity Participation Project Declaration, as applicable, to the OPA within 20 Business Days of such decrease, following which, the Municipal Price Adder or Public Sector Entity Price Adder, as applicable, shall be recalculated based on the decreased Municipal Participation Level or Public Sector Entity Participation Level, as applicable, and such decreased Municipal Price Adder or Public Sector Entity Price Adder shall be effective as of the date of the decrease in the Participation Level.
- (g) Subject to Section 17.3, where the Supplier has provided any Completion and Performance Security to the OPA that has not been returned or refunded (as applicable) to the Supplier, and the Supplier has obtained the benefit of reduced Completion and Performance Security pursuant to Sections 17.2A(a) or (b), where the Municipal Participation Level or Public Sector Entity Participation Level decreases from greater than 50% to below or equal to 50%, then notwithstanding Sections 17.2A(a) and (b), the Supplier shall, within 20 Business Days of any such decrease, provide and maintain additional Completion and Performance Security such that the total amount of Completion and Performance Security is in accordance with the amounts set out in Sections 5.1 and 5.2 or Exhibit A, as applicable. For greater certainty, where the Municipal Participation Level or Public Sector Entity Participation Level increases from below or equal to 50% to greater than 50%, there shall be no reduction in the amount of Completion and Performance Security already provided to the OPA.

- (h) Subject to Section 17.3, a Supplier in respect of a Municipal Participation Project or Public Sector Entity Participation Project shall, within 20 Business Days of a request by the OPA, provide written evidence documenting the Participation Level that is to the satisfaction of the OPA, acting reasonably. If the evidence provided by the Supplier does not demonstrate to the satisfaction of the OPA, acting reasonably, that the actual Participation Level is not at least equal to the Municipal Participation Level or Public Sector Entity Participation Level being used to determine the Municipal Price Adder or Public Sector Entity Price Adder, as applicable, then, without prejudice to the provisions of Sections 17.3(b), (c) or (d), the Municipal Price Adder or Public Sector Entity Price Adder, as applicable, shall be recalculated in accordance with the documented Participation Level and applied retroactively to the latest date for which the Supplier can demonstrate that the Participation Level used to determine the Municipal Price Adder or Public Sector Entity Price Adder, as applicable, was accurate. Any overpayment that resulted from an inaccurate Participation Level shall be paid by the Supplier to the OPA forthwith, failing which the OPA may set off any such amounts from any future payments owing to the Supplier.

17.3 Decreases in Participation Level

- (a) Where, in the case of a Participation Project, the applicable Participation Level decreases from the Participation Level in effect as at the later of:

- (i) the date of the applicable Supporting Documentation; and
- (ii) the effective date of any such decrease as set out in the most recent Notice of Decrease;

the Supplier shall provide written notice (“**Notice of Decrease**”) to the OPA within 20 days of such decrease, which notice shall include the revised Participation Level and the effective date thereof. For clarity, where the Participation Project is a Community Participation Project and such decrease is due to the Community Investment Member ceasing to qualify as such due to an insufficient number of Co-op Members that are Property Owners, the Participation Level shall decrease to 0%.

- (b) Where, in the case of a Contract Capacity Set-Aside Project:

- (i) at any time from the Commercial Operation Date until the fifth anniversary of the Commercial Operation Date the Participation Level is equal to or below 50%; or
- (ii) at any time after the fifth anniversary of the Commercial Operation Date the Participation Level is below 25%;

then, such failure to maintain the required Participation Level shall constitute a Supplier Event of Default if such failure is not remedied within six months after written notice of such failure from the OPA, provided that where the Contract Capacity Set-Aside Project is a Community Participation Project and such failure is due to the Community Investment Member ceasing to qualify as such due to an insufficient number of Co-op Members that are Property Owners such cure period shall be available only where such failure commenced less than 12 months prior to the date on which the OPA received the corresponding Notice of Decrease.

For a Community Participation Project, it shall not be a Supplier Event of Default if the failure to maintain the required Participation Level is due to the Community Investment Member ceasing to qualify as such due to an insufficient number of Co-op Members that are Property Owners where such insufficiency has occurred as a result of either the death of a Co-op Member or a Co-op Member no longer being a Property Owner.

- (c) Where in the case of a Participation Project that is not a Rooftop Solar Facility and that is not a Contract Capacity Set-Aside Project, in respect of which Priority Points were awarded, if at any time, the Participation Level is below 15% such failure to maintain a Participation Level of at least 15% shall constitute a Supplier Event of Default if such failure is not remedied within six months after written notice of such failure from the OPA, provided that where such Participation Project is a Community Participation Project and such failure is due to the Community Investment Member ceasing to qualify as such due to an insufficient number of Co-op Members that are Property Owners, such cure period shall be available only where such failure commenced less than 12 months prior to the date on which the OPA received the corresponding Notice of Decrease.
- (d) Where, in the case of a Participation Project in respect of which Priority Points were awarded that is a Rooftop Solar Facility and that is not a Contract Capacity Set-Aside Project, if at any time from the Contract Date until the fifth anniversary of the Commercial Operation Date the Participation Level is below 15%, then, such failure to maintain a Participation Level of at least 15% shall constitute a Supplier Event of Default if such failure is not remedied within six months after written notice of such failure from the OPA, provided that where the Participation Project is a Community Participation Project and such failure is due to the Community Investment Member ceasing to qualify as such due to an insufficient number of Co-op Members that are Property Owners, such cure period shall be available only where such failure commenced less than 12 months prior to the date on which the OPA received the corresponding Notice of Decrease.
- (e) Where, in the case of an Aboriginal Participation Project, a Community Participation Project, a Municipal Participation Project or a Public Sector Entity Participation Project that was otherwise eligible to receive a Price Adder:
 - (i) the Participation Level was greater than 50% as at the Commercial Operation Date; and
 - (ii) at any time during the Term the Participation Level is below or equal to 50%, but greater than or equal to 15%;

then, as at such time, the Supplier shall no longer be entitled to receive the Aboriginal Price Adder (Over 50%), the Community Price Adder (Over 50%), the Municipal Price Adder (Over 50%), or the Public Sector Entity Price Adder (Over 50%), as the case may be, but shall thereafter, subject to this Agreement, be entitled to receive the Aboriginal Price Adder (15%-50%), the Community Price Adder (15%-50%), the Municipal Price Adder (15%-50%) or Public Sector Entity Price Adder (15%-50%), as the case may be, until such time as the Supplier restores the Participation Level to greater than 50% and provides the OPA with a revised Aboriginal Participation Project Declaration, Community Participation Project Declaration, Municipal Participation Project Declaration or Public Sector Entity Participation Project Declaration confirming this.

- (f) Without prejudice to Sections 17.3(b), (c) or (d), where, in the case of an Aboriginal Participation Project, a Community Participation Project, a Municipal Participation

Project or a Public Sector Entity Participation Project that was otherwise eligible to receive a Price Adder, at any time during the Term the Participation Level is below 15% then, as at such time, the Supplier shall no longer be entitled to receive any Price Adder until such time as the Supplier restores the Participation Level to greater than 15% and provides the OPA with a revised Aboriginal Participation Project Declaration, Community Participation Project Declaration, Municipal Participation Project Declaration or Public Sector Entity Participation Project Declaration confirming this.

- (g) For clarity, in this Section 17.3, a Supplier shall be subject to a Supplier Event of Default as provided in this section only where:
 - (i) the FIT Contract Cover Page indicates that the Participation Project is an Aboriginal Participation Project, Community Participation Project, Municipal Participation Project or Public Sector Entity Participation Project in respect of which Priority Points were awarded; or
 - (ii) was designated as a Contract Capacity Set-Aside Project.
