Subject: Register Now: MRP - Energy Engagement July Meetings

The IESO would like to invite stakeholders to register for the next round of MRP Energy meetings which will take place next month in July.

The meetings will take place over two days on **July 18 and July 19**.

The first day of meetings will be a half day (in the afternoon) and the second day a full day. Exact meeting start and end times will be communicated shortly. The location of the meeting will be the Holiday Inn near the Pearson Airport (970 Dixon Rd, Etobicoke, ON).

At these upcoming MRP Energy Meetings, focus will be on the Single Schedule Market, Day-Ahead Market and the Enhanced Real-Time Unit Commitment engagement initiatives.

We ask all stakeholders who are interested to please register with IESO Engagement (engagement@ieso.ca) and note whether you are able to attend either or both dates in-person or require the teleconference information for either day.

Meeting materials, including a detailed agenda and presentations, will be provided closer to the date.

Thank you, Jason
IESO Engagement
