**Re: Load Pricing in Market Renewal**

Praxair Canada, Inc. is aware of the extensive consultations that are currently taking place regarding the IESO's Market Renewal Program. In particular, Praxair Canada, Inc. has a specific interest in the discussions that are ongoing regarding load pricing in the renewed market.

Praxair Canada, Inc. is aware of the IESO's recommendation for a Zonal / Nodal pricing construct in regards to load pricing. Further, we have reviewed the submissions of the Association of Major Power Consumers in Ontario (AMPCO) - of which we are a member. Praxair Canada, Inc. fully supports the positions set out by AMPCO in its submissions to the IESO on this subject.

Praxair Canada, Inc. trusts that the IESO will consider this feedback in its consideration of the appropriate path forward in this matter. We appreciate the opportunity to provide such feedback.
