[NAME OF PARTICIPANT]

(hereinafter referred to as the "**Participant**")

WHEREAS the Participant has submitted a Detailed Engineering Study Funding Application to the IESO;

AND WHEREAS the Participant reasonably expects that the Detailed Engineering Study will identify activities and Measures that will generate Electricity Savings;

AND WHEREAS in the absence of receipt of the Detailed Engineering Study Incentive the Participant would not undertake the Detailed Engineering Study;

AND WHEREAS the IESO has approved the Application;

NOW THEREFORE IN CONSIDERATION of the mutual covenants and agreements herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

3. **Detailed Engineering Study.**
 - (a) The Participant agrees to complete a Detailed Engineering Study and to prepare a Draft Report and Final Report as set out in Section 5(b) hereof on the results of such Detailed Engineering Study in accordance with (a) the Program Rules, including, Exhibit "C" – Detailed Engineering Study Minimum Requirements to the Program Rules; and (b) the Application. Without limiting the generality of the foregoing, the Participant shall obtain the prior written approval of the IESO of the cost and scope of the Detailed Engineering Study. The third party selected by the Participant to complete any Detailed Engineering Study will be required to develop a methodology for determining the preliminary Base Case Baseline including the collection and analysis of the System data, including any pre-metering required to implement the Detailed Engineering Study pursuant to Section 3.1(d) of the Program Rules. As compliance with the Detailed Engineering Study minimum requirements is mandatory, the Participant may elect to have such methodology reviewed by the Technical Reviewer prior to implementation. Such proposed methodology will be subject to confirmation or amendment in the M&V Plan.
 - (b) Any conflict or inconsistency between the Detailed Engineering Study Funding Application and the Proposal, on the one hand, and the Information Requests or IRs, on the other hand, shall be resolved in favour of the IRs unless otherwise provided by the IESO, and any conflict or inconsistency between the Detailed Engineering Study Funding Application and the Proposal shall be resolved in favour of the Detailed Engineering Study Funding Application.
 - (c) As of the date hereof, the Parties agree that the description of the Detailed Engineering Study set out at Schedule "B" is complete and accurate.
4. **Costs.** The Participant shall, concurrently with the Draft Report (as defined below) submit to the IESO a certificate signed by the Participant's Company Representative showing the actual Eligible Costs incurred by the Participant to complete the Detailed Engineering Study and attaching all relevant receipts. The IESO has the right to audit such certificate and shall, in its discretion, accept or reject all or part of such certified costs. The IESO may, within 30 days of receipt of such certificate, notify the Participant that the IESO intends to audit such certified costs. Upon receipt of such notice, the Participant shall use all Commercially Reasonable Efforts to assist the IESO in the course of the audit by making any information and personnel available to the IESO within five (5) Business Days of any request therefor. At the conclusion of such an audit, the IESO shall, in its sole discretion, either: (i) accept the certified costs or (ii) if the IESO does not accept such certified costs, determine the actual costs incurred based upon the results of its audit and notify the Participant thereof, and the actual Eligible Costs incurred shall be deemed for all purposes of this Agreement to be such amount determined by the IESO.
5. **Payment.**
 - (a) The Detailed Engineering Study Incentive approved by the IESO is as set out under the heading "Approved Amount" at Schedule "B" attached hereto (the "**Approved Amount**").
 - (b) The IESO agrees to pay the Detailed Engineering Study Incentive to the Participant in two payments as follows:
 - (i) the lower of (A) 50% of the Approved Amount for the Detailed Engineering Study and (B) the actual Eligible Costs incurred by the Participant to complete the Detailed Engineering Study, within 30 days of acceptance by the IESO of an Invoice and acceptance by the IESO of a draft report on the results of such study provided by the Participant (the "**Draft Report**"), which acceptance will in part be based on the extent to which such draft report reflects appropriately the originally contemplated scope of the study, as set out in the Application and not on the specific recommendations set out in the Draft Report; and

- (ii) the actual Eligible Costs incurred by the Participant to complete the Detailed Engineering Study up to the remaining unpaid portion of the Approved Amount, within 30 days of acceptance by the IESO of an Invoice and approval by the IESO of a final report on the results of such study provided by the Participant (the "**Final Report**").
 - (c) All payments hereunder shall be made in Canadian dollars, by cheque or by electronic funds transfer to the Participant's account.
 - (d) The Participant agrees to have each viable Project identified in the Detailed Engineering Study presented to the Participant's capital committee for consideration for inclusion in the Participant's capital budget, plan and /or program for its next fiscal period, and to cause its Chief Financial Officer (or such other officer of the Participant with direct knowledge of these matters and acceptable to the IESO) to certify to the IESO in writing that such presentation has occurred no later than the date on which the advance of funding will be made by the IESO pursuant to Section 5(b)(ii) hereof. The receipt of such certification shall be a condition precedent to such advance.
6. **Reports.** The IESO shall not be liable to pay any amount pursuant to Section 5 of this Agreement unless the Draft Report has been accepted or the Final Report has been approved in each case by the IESO. The Participant shall deliver the Final Report to the IESO within 60 days of delivery to the Participant by the IESO of its comments on the Draft Report. If the System that is the subject of the Detailed Engineering Study is changed or altered after completion of the Detailed Engineering Study but prior to the acceptance by the IESO of the Final Report, the Participant will update the Detailed Engineering Study and the Final Report to account for such changes or alterations and satisfy the requirements contained in Exhibit C – Detailed Engineering Study Minimum Requirements to the Program Rules.
7. **Net Project Incentive.** The total amount of funding advanced pursuant to this Agreement will be deducted from any Project Incentive so that the total amount paid to the Participant in respect of the Project does not exceed the Project Incentive determined in accordance with Section 1.6 of the Program Rules.

The costs of any arbitration hereunder shall be borne by the Parties in the manner specified by the Arbitrator in his or her decision. The decision of the Arbitrator shall be final and binding upon the Parties in respect of all matters relating to the arbitration, the conduct of the Parties during the proceedings and the final determination of the issues

There shall be no appeal from the decision of the Arbitrator to any court, except on the grounds that the conduct of the Arbitrator, or the decision itself, violated the provisions of the *Arbitration Act, 1991* (Ontario), as amended, or solely on a question of law as provided for in the *Arbitration Act, 1991* (Ontario), as amended. Judgment upon any award rendered by the Arbitrator may be entered in any court having jurisdiction thereof.
