Subject: Embedded and Renewable Generation and Wind Power Standing Committee meetings - June 16, 2009

This e mail is being sent to members of the Wind Power Standing Committee (WPSC) and attendees from the Embedded and Renewable Generation (SE-57) meetings

As noted in the e-mail sent out on April 23rd, the IESO, in an effort to enhance efficiency and avoid redundancy in wind initiatives, will be jointly scheduling the WPSC and Embedded Generation (SE-57, see http://www.ieso.ca/imoweb/consult/consult_se57.asp) meetings on the same day, with the WPSC following the SE-57 meetings.

The next jointly scheduled meeting of the WPSC and SE57 is **June 16, 2009**. The SE57 meeting will be in the morning followed by the WPSC in the afternoon. Meeting details, will be communicated in the next few weeks.

To register for the meetings, please send an e-mail to stakeholder.engagement@ieso.ca and indicate in the subject line which meeting you will be attending. Please identify in your response if you are unable to attend but would be interested in participating through a conferencing service.

If you have any questions or concerns, please contact me.
