Suggestions / Comments

- Those who dialed in seemed to have trouble catching the discussions. Some other arrangements may be necessary in the future.
- Presenters were very clear. Questions were not heard and in all cases the question should be repeated.
- Overall meeting was informative and professionally done. Only comment is that it would be nice to get the meeting materials a little earlier.
- When the main speaker was talking there was no problem hearing them on the phone, but when anyone else was talking, it was very hard to hear.
- It is good to see IESO asking input from operators & developers.
- Possibly a break may have allowed participants some time to discuss issues.
- Need a better teleconferencing system. Could hear VERY LITTLE over the phone.
- I was a little disappointed that by the large showing from the nuclear generators, as this isn't really their forum.
