Subject: Implementation of Three Part Offers

All information submitted in this process will be used by the *IESO* solely in support of its obligations under the "Electricity Act, 1998", the "Ontario Energy Board Act, 1998", the "Market Rules" and associated policies, standards and procedures and its *licence*. All submitted information will be assigned the appropriate confidentiality level upon receipt.

Terms and acronyms used in this form that are italicized have the meanings ascribed thereto in Chapter 11 of the "Market Rules".

Submissions are accepted by registered market participants only. A *registered market participant* is a *market participant* that is registered with the IESO to submit *dispatch data* on behalf of a registered resource.

Three part *energy offers* are the incremental and fixed offered costs for operating a not *quick start* generator resource during the day-ahead commitment process. Enabling three part *energy offers* will direct IESO systems to accept a new *offer* template from a *registered market participant* that will specify new day-ahead *offer* components. The three components of a three part *energy offer* are:

- Start-up cost (new *offer* component)
- Speed-no-load cost (new *offer* component)
- Incremental energy (existing *offer* component)
