Dear Ms. Walli:

**Re: Independent Electricity System Operator  
Reliability Compliance Filing for Calendar Year 2006**

Section 6.2(f) of the Independent Electricity System Operator (the "IESO") license requires that it provide the Ontario Energy Board (the "Board"), on or before the end of each calendar year, with a summary of any significant activities related to the development of reliability standards undertaken by the IESO pursuant to subsections 5(1)(f) and 5(1)(g) of the Electricity Act. We note that section 5(1) of the *Electricity Act, 1998* was amended pursuant to Bill 100. In particular, subsections 5(1)(f) and 5(1)(g) referenced above are now 5(1)(d) and 5(1)(e).

Enclosed you will find ten (10) copies of the IESO's submission in this regard. The electronic copy in Word and PDF will also be provided by way of email.

Should you have question about the aforementioned submission, please feel free to call me at (416) 506-2858.

Yours truly,
