

Revenue Metering Standing Committee Baseline 22.0 Update

RMSC Meeting
October 8, 2009

- Final approved documents posted on the IESO website on Sept. 9, 2009
- Changes to MM 3.2 and Appendix B & C to support implementation of changes to EUR Reporting process

- Numerous changes made throughout Market Manual focusing on housekeeping and changes to revised EUR process.
- Appendix B, Requirements for Commissioning a Metering Installation.
 - Removed references to EUR process
- Appendix C, Procedure for Conducting end-to-end Testing & Confirmation of Engineering Unit Report
 - Updated to reflect new EUR process

- IESO worked with MSP's to prepare for implementation of EUR process
- Most MSP's now converted to new EUR process
- Over fifty EUReports completed using new process
- MSP's have provided positive feedback
- IESO continuing to work with remaining MSP's to transition to new EUR process
