## General Comments/Feedback

The EDA looks forward to the IESO providing training to all market participants on the changes to the RSS upon them being authorized by the IESO's Board of Directors. We anticipate that the provision of worked examples will be invaluable to LDCs and look forward to collaborating with IESO staff to scope and explore the examples. We trust that LDCs will be able to leverage these training experiences to identify - and ideally operationalize - the associated changes to business processes and systems.
