Long-Term RFP Community Engagement: September 20, 2022

Feedback Provided by:

Name: Ric Martins

Title: Senior Policy Planner

Organization: City of Waterloo

Email: [REDACTED]

Date: Oct. 5, 2022

To promote transparency, feedback submitted will be posted on the Long-Term RFP Community Engagement Webpage unless otherwise requested by the sender.

Following the Long-Term RFP Community Engagement discussion session held on September 20, 2022, the Independent Electricity System Operator (IESO) is seeking feedback as outlined during the presentation from municipalities. A copy of the presentation as well as a recording of the session that includes an overview of the feedback request, can be accessed from the [engagement webpage](#).

Please submit feedback to engagement@ieso.ca by **October 7, 2022.** If you wish to provide confidential feedback, please submit as a separate document, marked "Confidential". Otherwise, to promote transparency, feedback that is not marked "Confidential" will be posted on the engagement webpage.

Proposed Community Engagement Requirements

Topic	Feedback
<p>Are there any suggested modifications to be considered in the draft Community Engagement Requirements – which can be found in the "Draft E-LT1 Prescribed Form: Community Engagement Requirements"? This document, along with all the other draft prescribed forms are now available on the IESO's Long-Term RFP and Expedited Process webpage. Please refer to slide 14 of the September 20 presentation for more details.</p> <p>Does this approach present any opportunities or challenges to municipalities?</p>	<p>Format seems to work – clarify what constitutes a "public meeting" does the municipality need to be involved for it to be counted as a public meeting? i.e. does the proposal need to go to Council for consideration?</p>

Proposed Municipal Council Support Resolution

Topic	Feedback
<p>Are there any updates or modifications to be considered in the draft Municipal Council Support Resolution – which can be found in the "Draft E-LT1 Prescribed Form: Evidence of Municipal Support"? This document, along with all the other draft prescribed forms are now available on the IESO's Long-Term RFP and Expedited Process webpage. Please refer to slides 12, 13 of the September 20 presentation for more details.</p> <p>Does this approach present any opportunities or challenges to municipalities?</p> <p>How does the timing and concept of a support resolution align with other existing municipal decision-making processes?</p>	<p>Please note that lead time for getting a report to Council can be as much as 5-6 weeks, not including the time to review the material and actually write the report.</p> <p>Lead time does not include time it takes to circulate the info to the appropriate stakeholders and departments.</p>

Guidance Materials for Municipalities

Topic	Feedback
<p>What other specific information can the IESO include in the guidance municipalities may require? Please refer to slides 20 - 23 of the September 20 presentation for more details.</p> <p>How can this information be best delivered to municipal audiences?</p> <p>What information do municipalities need as they process requests from proponents and/or inform constituents within your communities?</p>	<p>With Pickering now being extended by a year (and possibly longer), how does this impact the overall process?</p>

General Comments/Feedback:

Several municipalities have declared climate emergencies; therefore, these municipalities will likely not regard proposals based on fossil fuels favourably.
