Stakeholder Feedback Table

Bruce Power welcomes the opportunity to provide feedback to the IESO on the Transmission Right (“TR”) Market Review. Specifically, Bruce Power appreciates and agrees with the IESO’s analysis that substantiates the benefits intertie trading provides to the Ontario consumer as well as the overall market. As evidenced by the IESO, the TR market is essential in supporting and facilitating intertie transactions. Bruce Power will continue to support the IESO’s endeavor to improve the efficiency, transparency and effectiveness of the TR market.

Going forward, Bruce Power would like to participate in the focused group meetings to help the IESO explore and evaluate the options outlined from this webinar.
