## South and Central Bulk Planning Update Webinar

### Feedback Provided by:

Name: Tim Van Hinte

Title: Director of Development Services

Organization: Township of Wellesley

Email: [REDACTED]

Date: May 12, 2026

To promote transparency, the submitted feedback will be posted on the South and Central Bulk Plan engagement webpage unless otherwise requested by the sender.

The Independent Electricity System Operator (IESO) is seeking feedback following the April 30, 2026, presentation of the draft recommendations for South and Central Bulk Plan. A copy of the presentations as well as recordings of the sessions are available on the [engagement web page](#).

**Please submit feedback to [engagement@ieso.ca](mailto:engagement@ieso.ca) by May 21, 2026.**

## South and Central Bulk Plan - Feedback

The April 30, 2026, webinar focused on the draft South and Central Bulk Plan recommendations as presented. With the plan objectives and scope established, we are seeking feedback on clarity, understanding, and considerations important to note as the plan moves toward finalization.

Question	Feedback
<p>What additional data or context would help provide more clarity and for consideration in the final report?</p>	
<p>What questions or concerns do you have about the draft recommendations that the IESO might consider in future planning activities?</p>	
<p>What additional data or local considerations should the IESO be aware of in finalizing the draft recommendations, or for future planning?</p>	<p>The Township of Wellesley is currently in the process of updating our Official Plan, with anticipated adoption in the summer of 2026. Through this process we are recommending a settlement area boundary expansion in the Wellesley Urban Area.</p> <p>Given the recommended need of a new 500 kV line from Longwood TS (in London) to Guelph North TS by the mid-2030's, and further, given that the proposed transmission line may be located within the Township of Wellesley, the Township would like to ensure the IESO is aware of the proposed settlement expansion for any future planning of transmission line locations. We respectfully request that any future transmission corridor avoid the Wellesley Urban Area to ensure that recommended expansion lands may realize their full potential.</p> <p>Attached to this feedback is draft mapping of the proposed settlement area.</p> <p>For further information please visit the Official Plan engagement website at <a href="https://www.engagewr.ca/official-plan">https://www.engagewr.ca/official-plan</a> or contact me.</p>
