The IESO released a draft design document for the March 2021 Capacity Auction on March 5, 2020 that is available on the engagement webpage [here](#) (under March 12).

Stakeholder feedback on the document is being requested by **March 26** to [engagement@ieso.ca](mailto:engagement@ieso.ca).

This feedback form is intended to help organize stakeholder feedback in two key areas:

1. **General feedback on the March 2021 Capacity Auction design:** *Is the overall design implementable? Does the March 2021 Capacity Auction design provide the appropriate level of certainty, increase competition, and enable participation from the eligible resources for the March 2021 auction and 2022 commitment period?*
2. **Detailed comments on specific elements of the design:** *Are there any specific design elements that would prevent a successful auction from taking place or a particular resource from meeting a capacity obligation?*

General feedback on the March 2021 Capacity Auction design	

Chapter/Design Element	Detailed Comments on Design Phase (Areas of Support or Concern)
<b>Auction Overview and Timelines</b> <ul style="list-style-type: none"> <li>• Pre-Auction Period</li> <li>• Auction Period</li> <li>• Forward Period</li> <li>• Commitment and Obligation Periods</li> </ul>
