**Subject:** IESO Capacity Auction Engagement Webpage Update

Good morning,

As you are likely aware, the IESO resumed stakeholder engagement activities on the Capacity Auction through the Resource Adequacy stakeholder engagement late last year. Engagement on enhancements to the Capacity Auction will continue indefinitely as part of future Resource Adequacy engagement sessions as it is a key component of the Resource Adequacy framework that was discussed with stakeholders over the past several months.

Engagement materials related to the Capacity Auction that were posted and discussed with stakeholders prior to the Resource Adequacy engagement discussions have been moved to the [Completed Engagements](#) section of the IESO website, and will continue to be available [here](#).

The IESO looks forward to continued engagement with stakeholders on the Capacity Auction through future [Resource Adequacy](#) engagement activities.

Best regards,

Dale Fitzgerald
