Email: [REDACTED]

Date: November 25, 2024

Following the Capacity Auction Enhancements Webinar on November 18, 2024, the Independent Electricity System Operator (IESO) is seeking feedback and comments from stakeholders on the items discussed.

The webinar presentation and recording can be accessed from the [engagement web page](#).

Please submit feedback to engagement@ieso.ca by December 9, 2024.

To promote transparency, feedback submitted will be posted on the ~~Updates to IESO Monitoring Requirements: Phasor Data~~ engagement page unless otherwise requested by the sender. If you wish to provide confidential feedback, please mark “Yes” below:

☐ Yes – there is confidential information, do not post

☒ No – comfortable to publish to the IESO web page

Expanding participation to wind and solar resources

Topic	Response
Do you have any feedback regarding the design for wind and solar (VG) resource participation in the Capacity Auction?	No comment.

Commitment Management Options for 2025 Capacity Auction

Question	Response
Do you have any feedback regarding the design for 2025 commitment management options?	No comment.

Auction Tie-Break Mechanism

Question	Response
Do you have any feedback regarding the design for the auction tie-break mechanism?	No comment.

2025 Administrative Updates

Topic	Response
Do you have any feedback regarding the 2025 administrative updates?	<p>HQEM is a System-Back Imports (SBI) capacity auction participant that would be directly impacted by the proposed 2025 Administrative Update regarding SBI Capacity Test Language. Per slide 47, the IESO intends to align SBI capacity testing with testing for other self-scheduled capacity resources.</p> <p>HQEM supports the IESO's proposed administrative update regarding SBI testing and shares the IESO's view with respect to expected benefits.</p> <p>HQEM understands that the IESO will share draft language concerning this item at an upcoming stakeholder session. HQEM will review the draft language for comments.</p>
