Capacity Auction – April 8, 2025

Feedback Provided by:

Name: Marc-Antoine Fleury

Title: Manager – Regulatory Affairs

Organization: HQ Energy Marketing (HQEM)

Email: [REDACTED]

Date: April 17, 2025

Following the April 8, 2025 webinar which provided an overview of recent feedback, and continued discussion on 2025 enhancements, including proposed market rule and manual amendments, the IESO is seeking feedback on the items presented.

The referenced presentation and supporting materials can be found under the April 8, 2025, entry on the [Capacity Auction Enhancements webpage](#).

To promote transparency, feedback submitted will be posted on the Capacity Auction Enhancements engagement page unless otherwise requested by the sender. If you wish to provide confidential feedback, please mark “Yes” below:

- ☐ Yes – there is confidential information, do not post
- ☒ No – comfortable to publish to the IESO web page

Please provide feedback by April 22, 2025, to engagement@ieso.ca. Please use subject:
Feedback: Capacity Auction Enhancements

Proposed Amendments to Market Rules and Market Manuals

Topic:	Feedback
Do the proposed amendments to the market rules and market manuals accurately reflect the design of the 2025 Commitment Management Options enhancements and the 2025 Administrative Updates?	<p>HQEM welcomes the proposed amendments regarding testing procedures for System-backed Imports (SBI) as well as enabling the Beauharnois inertia.</p> <p>HQEM agrees with the IESO that it is beneficial to provide better alignment of test requirements across capacity auction resources when it is relevant to do so.</p> <p>HQEM has reviewed the proposed amendments to Market Rule and Market Manual for SBI testing procedures and is satisfied with the proposed language.</p>

Revised Timeline for 2025 Enhancements

Topic:	Feedback
Do you have any feedback regarding the revised implementation timeline for 2025 Capacity Auction Enhancements?	No comment.

Expanding participation to variable generation (VG) resources

Topic:	Feedback
Do you have any feedback regarding the revised requirement that a VG resource's ICAP must be verified by actual production (AQEI) data from the first two months of the summer obligation period (and within the availability window hours).	No comment.

HDR Standby Notice Price Trigger

Topic:	Feedback
Do you have any feedback regarding the proposal to maintain the HDR standby notice price trigger at \$200 for the 2025 Capacity Auction?	No comment.
