Date: February 13, 2026

Following the January 29, 2026 Capacity Auction Enhancements webinar, the Independent Electricity System Operator (IESO) is seeking feedback from stakeholders on the items discussed.

The referenced presentation and supporting materials can be found under the January 29, 2026, entry on the [Capacity Auction Enhancements](#) webpage.

To promote transparency, feedback submitted will be posted on the Capacity Auction Enhancements page unless otherwise requested by the sender. If you wish to provide confidential feedback, please mark "Yes" below:

- ☐ Yes – there is confidential information, do not post
- ☒ No – comfortable to publish to the IESO web page

Please provide feedback by February 12, 2026, to engagement@ieso.ca. Please use subject: *Feedback: Capacity Auction Enhancements.*

Proposed HDR Objective Statement

Topic	Feedback
Do you have any comments or suggestions regarding the proposed HDR Objective Statement?	The PWU supports the IESO's efforts to increase the reliability of HDR resources. One of the PWU's key areas of focus is the advocacy of policies promoting reliable, affordable energy.

2025 Market Observations

Topic	Feedback
Have we captured all market observations/concerns that have impacted Capacity Auction hourly demand response resource participation in the renewed market since May 1, 2025?	The market observations are consistent with the PWU's position (as strongly emphasized in recent years) regarding Ontario's urgent need to rapidly expand infrastructure, including supply, since Ontario is already confronting tight market conditions. These conditions are especially problematic in the context of increasing demand.
