The Independent Electricity System Operator (IESO) is seeking additional feedback from stakeholders on two areas of the Energy Efficiency Auction Pilot design: 1) A proposed revised timeline responding to the COVID-19 public health crisis, and 2) Options to encourage successful auction participants to voluntarily provide hourly meter data from facilities.

Further details can be found on the [Energy Efficiency Auction Pilot engagement webpage](#) under the May 19<sup>th</sup>, 2020 entry.

**Please provide feedback by June 9, 2020 to [engagement@ieso.ca](mailto:engagement@ieso.ca).** Please use subject header: *Energy Efficiency Auction Pilot Feedback*. To promote transparency, this feedback will be posted on the Energy Efficiency Auction Pilot engagement webpage unless otherwise requested by the sender.

Feedback received will be considered in order to finalize the timeline and meter data requirement. The IESO will work to consider and incorporate comments as appropriate and post responses on the engagement webpage.

Thank you for your time.

Regards,  
IESO Engagement
