Where:

CD = completed days in the Obligation Period

RD = remaining days in the Obligation Period, calculated as  $\text{TD} - \text{CD}$

TD = total days in the Obligation Period

- (d) If the IESO terminates this Agreement following the completion of an Obligation Period, the EE Capacity Payment for such Obligation Period will be calculated normally in accordance with Section 5.5.

5.7 **Termination With Cause.** For clarity, if the IESO terminates this Agreement for any reason other than in accordance with Section 3.2(f), including as a result of misrepresentation or fraud by the Participant, the IESO shall not be required to pay any further EE Capacity Payment and the Participant shall repay to the IESO any EE Capacity Payment received as of the date of termination.

5.8 **Applicable Taxes.** In addition to the EE Capacity Payment, the IESO will pay any Applicable Taxes on the EE Capacity Payment, excluding, for certainty, any income taxes or Worker Safety Insurance Board amounts. The Participant will provide to the

IESO sufficient supporting documentation, as requested by the IESO, to facilitate and support the IESO in claiming input tax credits in respect of the EE Capacity Payment. In addition, if the IESO has reasonable grounds to commence a discussion, negotiation, or challenge, in any manner whatsoever, with a tax authority regarding the validity of any Applicable Taxes imposed on the EE Capacity Payment, the Participant shall provide such reasonable assistance as may be required by the IESO with such discussion, negotiation, or challenge. For greater certainty, in no event shall the IESO be relieved of its obligations under this Agreement, including the IESO's obligation to pay Applicable Taxes as provided hereunder, pending the outcome of any discussion, negotiation or challenge with a tax authority.

- 5.9 **Method of Payment.** Following the IESO's approval of the Participant's M&V Report in accordance with Section 5.3, the Participant shall submit to the system known as "Online IESO" an invoice for the EE Capacity Payment set out in the approved M&V Report and the IESO will transfer such funds via electronic funds transfer into the Participant's bank account registered with the IESO in "Online IESO".

## **ARTICLE 6 EVALUATION, MEASUREMENT AND VERIFICATION (EM&V); AUDIT**

- 6.1 **EE Auction Pilot M&V Procedures.** The performance and administration of this Agreement will be subject to the EE Auction Pilot M&V Procedures to evaluate the delivery of EE Capacity. In furtherance of the EE Auction Pilot M&V Procedures, the Participant shall cooperate with the IESO and its respective designates and shall make available such information in the form and frequency as may be reasonably prescribed.
- 6.2 **M&V Plan.** The Participant shall submit an M&V Plan that aligns with the requirements of the EE Auction Pilot M&V Procedures for each Energy Efficiency Resource for which the Participant has been awarded an EE Capacity Obligation at least sixty (60) calendar days prior to the start of the first Obligation Period to which the Energy Efficiency Resource relates. The M&V Plan is subject to the IESO's approval, acting reasonably. Upon approval, the M&V Plan is deemed to be incorporated into this Agreement, with the same force and effect as though fully set forth herein. The Participant shall fulfill all of its obligations pursuant to the M&V Plan.
- 6.3 **Books and Records.** The Participant shall keep complete and accurate books, accounts and records and all other data required by it for the purpose of proper administration, monitoring and verification of this Agreement, including EE Capacity Payments made under this Agreement, and all such records and data shall be maintained during the term of this Agreement and for the period of time thereafter which is the greater of seven years following the end of the last Obligation Period and the period of time specified under Applicable Law.
- 6.4 **Responsive Knowledgeable Staff.** The Participant shall ensure that its relevant personnel are knowledgeable with the Energy Efficiency Resources, M&V Plan, EE Auction Pilot M&V Procedures and are available to and cooperate with the IESO. The Participant shall, within ten (10) Business Days of a request, provide the IESO with any reasonably requested data and information should the IESO require clarification from the

Participant related to any Program Deliverables or information required under this Agreement.

- 6.5 **Reasonable Access.** On reasonable notice, at any time during normal business hours, and at such frequency as the IESO reasonably requires for a period of seven years following the end of the last Obligation Period, the Participant shall provide reasonable access to the IESO and/or its representative designates to such books, accounts, records and data and: (A) at the reasonable request of the IESO, make available to the IESO and/or its Representatives, the personnel of the Participant and its subcontractors involved in the operation of the Participant's business and the maintenance of such books, accounts, records and data referred to above for purposes of this Article or to confirm that the Participant has performed its obligations under this Agreement; and (B) permit the IESO and/or its respective designates to examine and audit and take copies and extracts from such documents and to conduct site visits to inspect a Facility in order to verify any of the information reported in a M&V Report and/or the payment of any EE Capacity Payments made hereunder. Notwithstanding the foregoing, the IESO shall only have the right to conduct site visits to inspect a Facility for a period of three years following the end of the last Obligation Period. If any Facilities are not owned or operated by the Participant, the Participant shall, upon request, provide to the IESO evidence of an agreement for each Facility that permits the IESO to conduct such site-visits, evaluations, and audits.
- 6.6 **Overpayments and underpayments.** Without limiting any other remedies of the Parties, if an audit or inspection conducted pursuant to this Agreement discloses that there has been an overpayment or underpayment by the IESO the amount of the overpayment or underpayment will be payable or repayable to the IESO or to the Participant, as the case may be, promptly following such disclosure. In the case of an overpayment made by the IESO, the amount of such overpayment may be set-off against any future amounts payable to the Participant under this Agreement.

## **ARTICLE 7 INDEMNITY, LIABILITY & INSURANCE**

- 7.1 **No Warranty.** Except as specifically set forth or referenced in this Agreement, there are no representations, warranties or conditions of either Party express, implied, statutory or otherwise, regarding any matter, including any implied warranties or conditions of quality or fitness for a particular purpose. Without limiting the generality of the foregoing, the Participant acknowledges that its participation in this Program is based on its own assessment of this Program and not on any reliance on anticipated or projected results, and that such participation may not result in the delivery of EE Capacity, which is expressly disclaimed by the Participant.
- 7.2 **Limitation of Liability.** Notwithstanding anything contained herein to the contrary:
- (a) In no event will the Participant be entitled to recover from the IESO or any other Indemnified Party any liabilities, damages, obligations, payments, losses, costs or expenses under or in relation to this Agreement:
    - (i) For any amount in excess of the actual compensatory direct damages, court costs and reasonable lawyers' and other advisors' fees suffered or

incurred by the Participant and in any event limited to the amount of EE Capacity Payment paid or payable by the IESO hereunder; or

- (ii) For any damages (whether direct or indirect, consequential or otherwise) for loss of profit or diminution of value or loss of use of any property; and
- (b) The IESO and the Indemnified Parties will not be liable to the Participant, its successors or assigns or its Representatives, for any special, indirect, incidental, punitive, exemplary or consequential damages which may arise under or in relation to this Agreement, regardless of whether such liability arises under contract, tort or any other legal theory.

7.3 **Indemnification.** The Participant (the “**Indemnifying Party**”) will indemnify, defend and hold the IESO, the Government of Ontario, the members of the Government of Ontario’s Executive Council and their respective affiliates, and each of the foregoing Persons’ respective directors, officers, employees, shareholders, advisors, third party service providers and agents (including contractors and their employees) (collectively, the “**Indemnified Party**”) harmless from and against any and all Claims, losses, damages, liabilities, penalties, obligations, payments, costs and expenses and accrued interest thereon (including the costs and expenses of, and accrued interest on, any and all actions, suits, proceedings for personal injury (including death) or property damage, assessments, judgments, settlements and compromises relating thereto and reasonable lawyers’ fees and reasonable disbursements in connection therewith) (each, an “**Indemnifiable Loss**”), asserted against or suffered by the Indemnified Party relating to, in connection with, resulting from, or arising out of:

- (a) Any Claim by, or occurrence or event related to, any third party relating to this Agreement;
- (b) The negligence or wilful misconduct of the Participant or its Representatives, except in either case to the extent that any injury or damage related to such Claim, occurrence or event is attributable to the negligence or wilful misconduct of the Indemnified Party. For greater certainty, in the event of contributory negligence or other fault of the Indemnified Party, then such Indemnified Party shall not be indemnified hereunder in the proportion that the Indemnified Party’s negligence or wilful misconduct contributed to any Indemnifiable Loss; and/or
- (c) Any breach by the Participant of any representations, warranties, and covenants contained in this Agreement.

The IESO will hold the benefit of the Participant’s obligations under this Section 7.3 in the IESO’s own right and, in trust, for the benefit of any other Indemnified Party.

## **ARTICLE 8 CONFIDENTIALITY AND FIPPA**

8.1 **Rights to Confidential Information.** All Confidential Information remains, at all times, the exclusive property of the Disclosing Party. Neither the Receiving Party nor any of its Representatives has any licence or other right to use or disclose any Confidential

Information for any purpose whatsoever other than to use the Confidential Information in connection with the Program, or as otherwise agreed to in this Agreement.

**8.2 Use and Disclosure of Confidential Information.** The Receiving Party shall with respect to the Disclosing Party's Confidential Information:

- (a) hold the Confidential Information secure and in confidence using the same degree of care and security to safeguard such Confidential Information as it uses to protect its own information of like character, but in no event less than a reasonable degree of care and security;
- (b) not, without the Disclosing Party's prior written consent, use or disclose the Confidential Information for any purpose other than in respect of the Program or in accordance with the terms of this Agreement;
- (c) limit the disclosure of Confidential Information to only those of its Representatives who have a need to know for the purpose of assisting the Receiving Party in complying with its obligations under this Agreement and have agreed to protect it from unauthorized use or disclosure. The Receiving Party will be responsible for any breaches of this Agreement by any of its Representatives, as if such Representatives were a party to this Agreement;
- (d) cause its Representatives to whom it has disclosed Confidential Information to comply with his, her or its obligations to the extent that such obligations relate to the protection of any Confidential Information; and
- (e) promptly notify the Disclosing Party in writing of any unauthorized disclosure, loss or inability to account for the Confidential Information.

**8.3 Consent to Additional Use and Disclosure.** The Parties hereby consent to the following use and disclosure of Confidential Information:

- (a) Each Party may disclose Confidential Information on a need-to-know basis to:
  - (i) Its accountants, internal and external auditors and other professional advisors;
  - (ii) Potential permitted assignees or successors of such Party in connection with a potential sale, merger, amalgamation or other transaction or transfer involving the business, assets or services provided by such party; and
  - (iii) Directors, officers, and employees of such Party and its service providers,

Provided that any such person is notified of the confidentiality of the Confidential Information and of the provisions of this Article and is subject to written confidentiality obligations no less stringent than those contained in this Article.

- (b) the IESO may use or disclose Confidential Information regarding the Participant's participation in the Program for the purpose of administering other conservation and demand management programs to the Participant;

- (c) the IESO may disclose and provide reports, data and other information, including Confidential Information of the Participant or its Representatives, to the Ontario Energy Board, the Government of Ontario and the Environmental Commissioner of Ontario, provided that the IESO notifies such entity of the confidential nature of the Confidential Information; and
- (d) The IESO may publicly disclose any or all of the following:
  - (i) The Participant's name, contact information (including its address for service and the name of its company representative), and its participation in the Program;
  - (ii) data relating to the Program, including a description of any type of Measure and/or Facility and historical energy use and consumption, which is aggregated with other measures implemented by other Program participants in a manner that is intended to report on the Program or conservation and demand management initiatives; and
  - (iii) the status and nature of the Measures undertaken under this Program provided that the IESO shall provide ten (10) Business Days notice to the Participant in advance of such disclosure.
- (e) For each Facility the Participant consents to the disclosure of the following information to the LDC and the local gas distributor servicing such Facility:
  - (i) The address for such Facility;
  - (ii) The contact information (name, business, telephone number and e-mail address) for a contact person at the Participant having knowledge of the Facility's participation in the Program; and
  - (iii) The M&V Report for such Facility.

8.4 **Compelled Disclosure.** The Receiving Party may disclose Confidential Information of the Disclosing Party to the extent required by a Governmental Authority or as required by Applicable Law, subject to giving prior reasonable notice to the Disclosing Party of such compelled disclosure (except where prohibited by Applicable Law from doing so) so that the Disclosing Party may take such steps as it desires to challenge or contest such disclosure or seek a protective order.

8.5 **Return of Information.** Upon the expiry or termination of this Agreement or upon written request by the Disclosing Party, Confidential Information, together with all copies, extracts or other reproductions in whole or in part of such Confidential Information, provided by the Disclosing Party in printed paper format or electronic format will be returned to the Disclosing Party and Confidential Information transmitted by the Disclosing Party in electronic format will be deleted from the emails and directories of the Receiving Party's and its Representatives' computers; provided, however, that the Receiving Party may retain any copies of Confidential Information (a) required to comply with Applicable Laws, internal record retention policies or procedures or good

governance, and (b) automatically created on the Receiving Party's or Representative's computer systems by its normal back-up procedures for the period it normally archives backed-up computer records; however, such Confidential Information referred to in (a) and (b) remains confidential and subject to the terms of this Agreement. Following delivery or destruction, as the case may be, on the request of the Disclosing Party, the Receiving Party will provide the Disclosing Party with written confirmation of completion.

8.6 **Injunctive and Other Relief.** The Receiving Party acknowledges that breach of any provisions of this Article may cause irreparable damage or injury to the Disclosing Party or to any third-party to whom the Disclosing Party owes a duty of confidence, and that the injury to the Disclosing Party or to any third-party may be difficult to calculate and inadequately compensable in damages. The Receiving Party agrees that, in addition to any other remedies available to the Disclosing Party, the Disclosing Party is entitled to seek equitable relief, including injunction and specific performance, without proving any damage sustained by it or by any third-party.

8.7 **FIPPA.** Without limiting the foregoing, the Participant acknowledges and agrees that this Agreement and all Confidential Information in the custody and control of the IESO or the Participant are subject to Applicable Laws that include the access provisions of FIPPA and that as a result, third parties may obtain access to each Party's Confidential Information. Moreover, the Participant acknowledges that the IESO and its Representatives are subject to FIPPA which applies to and governs all recorded information in any form or medium, including Confidential Information, that is in the custody or control of the IESO (collectively, the "Records"), and may require the disclosure of the Records to third parties. To the extent that the IESO must comply with disclosure obligations under FIPPA, the Participant agrees:

- (a) To keep the Records in its possession secure;
- (b) To provide a copy of any Records to the IESO within seven (7) calendar days of being directed to do so by the IESO for any reason under FIPPA including an access request or privacy issue; and
- (c) To implement other specific security measures that in the reasonable opinion of the IESO would improve the adequacy and effectiveness of the Participant's measures to ensure, for the purposes of FIPPA, as applicable, the security and integrity of the Records held in the Participant's possession.

8.8 **Privacy Laws.** Each Party shall:

- (a) Comply with Privacy Laws in connection with the collection, use and disclosure of Personal Information and will perform its obligations so as to enable the other Party to comply with Applicable Law;
- (b) Promptly notify the other Party if such Party receives notice from any Governmental Authority alleging that either Party has failed to comply with Privacy Laws and, or if such Party otherwise becomes aware that either Party may have failed or may fail to comply with Privacy Laws in connection with the performance of this Agreement;

- (c) Cooperate and comply with any request or instructions issued by any privacy regulatory authority or any other Governmental Authority applicable to such Party;
- (d) Provide reasonable assistance to the other Party in responding to and addressing any complaint relating to the collection, use or disclosure of Personal Information; and
- (e) The Participant, if it intends on collecting, using or disclosing Personal Information as part of implementing its Energy Efficiency Resources or otherwise complying with its obligations under this Agreement, shall provide written notice to the IESO prior to such collection, use, or disclosure, and the Parties shall work together to determine any necessary or advisable deviations from the standard reporting practices, including aggregation and de-identification.

## **ARTICLE 9 INTELLECTUAL PROPERTY**

- 9.1 **IESO Ownership Rights.** The IESO and the Participant acknowledge and agree that, as between the IESO and the Participant, the IESO owns all right, title and interest, including all Intellectual Property Rights, in and to IESO Intellectual Property. The Participant does not acquire any right, title, or ownership interest of any kind whatsoever, express or implied, in IESO Intellectual Property other than the licenses granted to the Participant herein.
- 9.2 **Participant Ownership Rights.** The IESO and the Participant acknowledge and agree that, as between the IESO and the Participant, the Participant owns all right, title and interest, including all Intellectual Property Rights, in and to Participant Intellectual Property. The IESO does not acquire any right, title, or ownership interest of any kind whatsoever, express or implied, in Participant Intellectual Property other than the licenses granted to the IESO herein.
- 9.3 **IESO License to Deliverables.** The Participant hereby grants to the IESO, a perpetual, non-exclusive, sub-licensable, transferable, irrevocable, royalty-free, fully paid-up licence to use, modify, or reproduce, to all Participant Intellectual Property embedded within any and all deliverables, including Program Deliverables, provided to the IESO pursuant to this Agreement.
- 9.4 **Participant License.** The IESO hereby grants to the Participant, a non-exclusive, royalty-free, fully paid-up license to use the IESO Intellectual Property that is provided or made available by the IESO to the Participant for the sole purpose of fulfilling its obligations under this Agreement.
- 9.5 **IESO Marks.** The Participant shall not use, nor shall it permit any person employed by it to use, identifying marks of the IESO other than with the prior written consent of the IESO, which may be arbitrarily withheld.

## ARTICLE 10 DISPUTE RESOLUTION

- 10.1 **Dispute Resolution.** If any dispute arises under or in connection with this Agreement, whether arising before or after the expiration or termination of this Agreement, that the Parties cannot resolve, then either Party may deliver a notice to the other Party describing the nature and particulars of such dispute. Within ten (10) Business Days following delivery of such notice, a senior representative from each Party will meet, either in person or by telephone, to attempt to resolve the dispute. Each senior representative shall be prepared to propose a solution to the dispute. If, following such efforts, the dispute is not resolved, the dispute will be settled by arbitration before a single arbitrator (the “**Arbitrator**”) pursuant to the *Arbitration Act, 1991* (Ontario) and otherwise in accordance with the laws of the Province of Ontario.
- 10.2 **Arbitration.** A Party desiring arbitration hereunder will give written notice of arbitration to the other Party containing a concise description of the matter submitted for arbitration (“**Notice of Arbitration**”). If the Parties fail to jointly appoint an Arbitrator within fifteen (15) Business Days of the receipt of the Notice of Arbitration, an Arbitrator will be designated by a judge of the Ontario Superior Court of Justice upon application by either Party. The Arbitrator may determine all questions of law, fact and jurisdiction with respect to the dispute or arbitration (including questions as to whether a dispute is arbitrable) and all matters of procedure relating to the arbitration. The Arbitrator may grant legal and equitable relief (including injunctive relief), award costs (including legal fees and the costs of the arbitration), and award interest. The arbitration will be conducted in English in the City of Toronto (or as otherwise agreed to by the Parties) at such place therein and time as the Arbitrator may fix. The Arbitrator shall be authorized only to interpret and apply the provisions of this Agreement and shall have no power to modify or change this Agreement in any manner. Unless otherwise agreed by the Parties, the Arbitrator’s written decision will be delivered to each Party within sixty (60) calendar days following the conclusion of the arbitration hearing. Each Party shall bear (and be solely responsible for) its own costs incurred during the arbitration process, and, unless otherwise provided in the arbitral award, each Party shall bear (and be solely responsible for) its equal share of the costs of the arbitrator. The decision of the Arbitrator will be final and binding upon the Parties. There will be no appeal from the decision of the Arbitrator to any court, except on the ground that the conduct of the Arbitrator, or the decision itself, violated the provisions of the *Arbitration Act, 1991* (Ontario) or solely on a question of law as provided for in such act. Judgment upon any award rendered by the Arbitrator may be entered in any court having jurisdiction thereof. Submission to arbitration under this Agreement is intended by the Parties to preclude any action in matters which may be arbitrated hereunder, save and except for enforcement of any arbitral award.
- 10.3 **Confidentiality of Arbitration.** The arbitration and all matters arising directly or indirectly therefrom will be kept strictly confidential by the Parties and will not be disclosed to any third party except as may be compelled by law.

## ARTICLE 11 MISCELLANEOUS

- 11.1 **Subcontracting.** The IESO reserves the right to engage a third party service provider, at any time, to exercise or perform any of the IESO's rights or obligations under this Agreement, in full or in part, including with respect to the review and approval of the Program Deliverables.

- 11.3 **Notices.** Any notice to be given under this Agreement unless expressly provided otherwise herein must be in writing and will be given by e-mail or by hand delivery as provided. Any notice, if sent by email, will be deemed to have been received on the Business Day following the date on which it was sent, or if delivered by hand will be deemed to have been received on the Business Day it is delivered to the applicable address noted below. Either Party may, by notice of change of address to the other Party, change its address to which notices are to be sent. Notices and other communications must be addressed as follows:

- 11.4 **Separation of Functions.** The Participant acknowledged and agrees that any actions or any notice delivered pursuant to this Agreement shall not be deemed to be notice for any other purpose, including any obligation to take action or to provide notice to the IESO pursuant to the IESO Market Rules.
- 11.5 **No Partnership, etc.** Nothing in this Agreement shall create or be deemed to create a relationship of partners, joint venturers, fiduciary, principal and agent or any other relationship between the Parties.
- 11.6 **Further Assurances.** Each of the Parties shall, from time to time on written request of the other Party, do all such further acts and execute and deliver or cause to be done, executed or delivered all such further things as may be reasonably required in order to fully perform and to more effectively implement and carry out the terms of this Agreement.

- 11.7 **Entire Agreement.** This Agreement constitutes the entire agreement between the Parties pertaining to its subject matter and supercedes all prior representations, communications, negotiations, and understandings, whether oral, written, express or implied concerning the subject matter of this Agreement. This Agreement and all of the provisions of this Agreement shall be binding upon and shall enure to the benefit of the Parties and their respective successors and permitted assigns.
- 11.8 **Successors and Assigns.** This Agreement will enure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns. Neither this Agreement nor any of the rights, interests or obligations under this Agreement may be assigned by the Participant without the prior written consent of the IESO, which consent may be unreasonably withheld or delayed.
- 11.9 **Severability.** The invalidity, unenforceability or illegality of any provision in this Agreement will not, to the extent permitted by Applicable Law, affect the validity, enforceability or legality of any other provision of this Agreement, which will remain in full force and effect. If a provision is considered to be invalid, inapplicable or unenforceable, the Parties shall then engage in good faith negotiations to replace such provision with a valid, enforceable, and applicable provision, the economic effect of which substantially reflects that of the invalid, unenforceable, or inapplicable provision which it replaces.
- 11.10 **Waiver, Amendment.** Except as expressly provided in this Agreement, no amendment or waiver of any provision of this Agreement shall be binding unless executed in writing by the Party (or Parties) to be bound thereby. No waiver of any provision of this Agreement shall constitute a waiver of any other provision nor shall any waiver of any provision of this Agreement constitute a continuing waiver or operate as a waiver of, or estoppel with respect to, any subsequent failure to comply unless otherwise expressly provided.
- 11.11 **Set-Off, Remedies Not Limited to Contract.** Either Party may set off any amounts owing to such Party under this Agreement against any amounts owed to the other Party under this Agreement. Unless expressly provided in this Agreement, the express rights and remedies of the IESO or the Participant set out in this Agreement are in addition to and shall not limit any other rights and remedies available to the IESO or the Participant, respectively, at law or in equity.
- 11.12 **Survival.** Articles 6, 7, 8, 9 and 10, and such other provisions as are necessary for the interpretation thereof and any other provisions hereof, the nature and intent of which is to survive termination or expiration of this Agreement, will survive the expiration or termination of this Agreement. Without limiting the generality of the foregoing, if the Participant is entitled to receive a EE Capacity Payment pursuant to this Agreement after such expiration or termination, then the provisions of the Agreement applicable to such EE Capacity Payment will survive the termination or expiration of the Agreement.
- 11.13 **Governing Law and Attornment.** This Agreement will be governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein. For the purpose of all legal proceedings, this Agreement will be deemed to have been made and performed in the Province of Ontario and the courts of the Province of Ontario will have exclusive jurisdiction to entertain any action arising

under this Agreement. The IESO and the Participant each hereby attorns to the exclusive jurisdiction of the courts of the Province of Ontario.

11.14 **Counterparts.** This Agreement may be executed in two or more counterparts, and all such counterparts shall together constitute one and the same Agreement binding on both Parties provided that each Party has signed at least one counterpart.

**IN WITNESS WHEREOF** the Parties have executed this Agreement by their duly authorized respective representative(s) as of the date first written above.

- (a) Be an incorporated entity;
  - (b) Not be Insolvent; and

- (a) Be connected to, or behind the meter of another electricity customer-connected to, the IESO-Controlled Grid or a Distribution System;
- A3. **Measure Eligibility Requirements.** The following are the eligibility requirements of a Measure:

- ~~Any Measure that would require its operation to be shut down, cycled, or otherwise modified to comply with a demand response (DR) activation, out of market activation (i.e. for a test activation or emergency operating action) or other market dispatch instruction where this would impact the demand reduction that would have occurred under normal operating conditions.~~

A5. **IESO Governs.** Notwithstanding anything in the Agreement to the contrary, in the event of disagreement in regards to the eligibility of the Participant, the Facilities or any Measure, the ~~opinion~~option of the IESO shall govern.
