Subject: Energy Efficiency Opportunities for Grid-Connected First Nation Communities Engagement Concluded

The Energy Efficiency Opportunities for Grid-Connected First Nation Communities engagement concluded following the July online meeting. Program launch and application intake will begin in fall 2021. Community feedback through a survey, meetings and discussions helped inform the final program design. The IESO is now closing out the engagement with the posting of the Final Engagement Summary Report on the engagement webpage. The Report includes a summary of discussions and engagement activities that took place through this engagement forum. The report and other engagement materials can continue to be accessed by the public through the [Completed Engagements](#) section of the IESO website.

We appreciate your participation throughout this engagement. Please reach out to engagement@ieso.ca if you have any outstanding questions.

Thank you,

Colin Campbell
