To promote transparency, feedback submitted will be posted on the [Kitchener/Waterloo/Cambridge/Guelph Area](#) webpage unless otherwise requested by the sender.

Following the Kitchener/Waterloo/Cambridge/Guelph electricity planning engagement webinar held on December 12, 2024, the Independent Electricity System Operator (IESO) is seeking your feedback on the draft electricity demand forecast scenarios and the proposed engagement plan. A copy of the presentation as well as a recording of the session can be accessed from the [engagement web page](#).

Please submit feedback to engagement@ieso.ca by January 8, 2025.

Topic	Feedback
What additional information, if any should be incorporated in the proposed scenarios?	Click or tap here to enter text.
How can the proposed scenarios best capture the range and uncertainty of growth potential while informing near-term infrastructure investments?	Click or tap here to enter text.
What areas of concern or interest about electricity should be considered as part of the planning process?	The costs of delivery of electricity to rural areas versus urban areas should be considered. Given rural municipalities are receiving applications to support electricity generation and grid capacity including proposals such as solar farms, consideration should be given to lowering delivery costs and making them equitable for all.
What information is important to provide throughout the engagement? Does the proposed Engagement Plan provide sufficient scope and opportunities for input? What other engagement activities or methods should be considered?	Click or tap here to enter text.
