What factors should the IESO consider to make it easier for Indigenous communities to be involved?	Early engagement with First Nation Communities to allow for project engagement and potential collaboration.
What else should be considered as part of the rated criteria with regards to increasing and bolstering Indigenous participation?	Encourage all prospective proponents to engagement with First Nation communities in the area the project will commence in, ensure they are aware of the proposed project even if they are not directly involved as the project could be within their territory.
How can the IESO better support Indigenous communities to make decisions about proposed projects?	Build on Indigenous and municipal support and engagement requirements.
