Subject: Expedited Long-Term RFP Q&A webinar

The IESO will be posting updated draft versions of the RFP and Contract related to the expedited Long-Term RFP, and will be hosting a Q&A webinar on October 18 for stakeholders. The webinar will include a walk-through of key changes to the draft E-LT1 RFP and Contract and will provide an opportunity for stakeholders to ask questions.

The IESO is in discussions with the Canada Infrastructure Bank (CIB) regarding a potential investment for projects that respond to the RFP and meet certain criteria. We expect to share high-level details about their involvement at the October 18 session. In the meantime, we ask proponents and qualified applicants to refrain from discussions with the Canada Infrastructure Bank.

Please visit the [Long-Term RFP engagement page](#) to register. Stakeholders are invited to propose topics for discussion in the webinar, and topics and questions stakeholders would like the IESO to address during the webinar can be sent to engagement@ieso.ca before October 12.

Regards,
IESO Engagement
