Subject: Reliability Standards Review Engagement Concluded

The stakeholder engagement component of the IESO's Reliability Standard Review has now concluded with the posting of the response to stakeholder feedback received following the December, 2020 meeting.

The IESO is now closing out the engagement with the posting of the Final Engagement Summary Report on the engagement webpage. The report includes a summary of discussions and engagement activities that took place through this engagement forum. The report and other engagement materials can continue to be accessed by the public through the [Completed Engagements](#) section of the IESO website.
