

Final Engagement Summary

Report Date: January 4, 2024

Registration Timelines

Engagement Initiated: October 2022

Engagement Description

- The IESO conducted engagement with stakeholders to propose new registration timeline guidelines for participants in the IESO-Administered Markets (IAM). Registration is an important step in the connection process and refers to both authorization and registration of equipment. Participants in the IAM with a new or modified facility must go through the connection process steps before participating in the IESO Connected Grid (ICG) and IAM.
- The change was proposed to make the registration process more efficient for both the IESO and market participants.

Engagement Objectives:

- To inform and seek support from stakeholders, specifically Market Participants, on the newly proposed registration timelines guidelines.
- To provide the opportunity for input prior to implementation of the change.

Engagement Approach

- This stakeholder engagement was a public engagement process and was conducted in accordance with the IESO's approved [engagement principles](#).
- This engagement included opportunities for participants to provide input through various channels such as webinars and written feedback.
- All materials, public feedback and commentary from stakeholders, and IESO responses to feedback is posted on the dedicated [IESO engagement webpage](#) for this initiative.

Conclusion

- The IESO hosted one engagement session to discuss the change to the registration guidelines for market participants.
 - October 2022: The IESO began engagement on a proposed change to the registration timeline guidelines for the Market Registration process. Following this session, [feedback](#) was received on the proposal.
 - In summary stakeholders were supportive of the change and the IESO addressed all questions related to the release of the new guidelines. No areas of contention existed, and no changes were required based on feedback received from stakeholders.
- The Timeline Guide became effective on March 1, 2023.
- This concludes the Registration Timelines engagement. Thank you to all individuals who provided valuable input and insights. Engagement materials will continue to be available on the [dedicated engagement webpage](#).
