**Subject:** Draft Contract for feedback - IESO York Region Non-Wires Alternatives Demonstration Project

Following the July 23, 2020 webinar to discuss the IESO York Region Non-Wires Alternatives Demonstration Project, the IESO received feedback from participants on the Draft Demonstration Project Rules. The IESO's response to feedback has now been posted to the [engagement webpage](#).

Taking the feedback into account, the IESO has posted the Final Demonstration Project Rules to the [engagement webpage](#), including a blackline version showing the changes from Draft Demonstration Project Rules.

Finally, the IESO has now posted drafts of the standard Contracts for stakeholder feedback. One version is for Aggregators, and the other for Direct Participants. Potential participants and other interested parties are encouraged to submit feedback on the contracts by referencing sections and sending an email with comments, or by adding comments directly to the document. Please send to [engagement@ieso.ca](mailto:engagement@ieso.ca) by September 28, 2020.

Thank you,  
IESO Stakeholder Engagement
