

# Long-Term 2 Energy Supply (Window 1) Request for Proposals – Final Results

## Selected Proponents

| Proponent                    | Project Name             | Energy Source | Contract Capacity (MW) | Expected Annual Imputed Production (MWh) | Indigenous Participation <sup>1</sup>                             | Closest City/Town to Project Site | Municipality/Other Location  | Zone      |
|------------------------------|--------------------------|---------------|------------------------|--|---|-----------------------------------|--|-----------|
| 1001285733 Ontario Inc.      | Chatsworth Solar Project | Solar         | 15.75                  | 28,504.60                                | 50.00%  | Chatsworth                        | Township of Chatsworth   | Southwest |
|                              |                          |               |                        |  | Chippewas of Nawash Unceded First Nation and Saugeen First Nation |                                   |  |           |
| CarbonFree Fort Frances Ltd. | CarbonFree Fort Frances  | Solar         | 167.20                 | 322,374.31                               | 50.09%  | Fort Frances                      | Project is located on Unincorporated Territory in Rainy River District | Northwest |
|                              |                          |               |                        |  | Couchiching First Nation  |                                   |  |           |
| CarbonFree Kynoch Ltd.       | CarbonFree Kynoch        | Solar         | 154.00                 | 286,401.19                               | 50.09%  | Iron Bridge                       | Project is located on Unincorporated Territory in Algoma District      | Northeast |
|                              |                          |               |                        |  | Mississauga First Nation  |                                   |  |           |

<sup>1</sup> The Selected Proponents with Indigenous Participation were granted Rated Criteria Points for local Indigenous Participation, since their Project Sites are located on lands within the treaty area, or the established or asserted traditional territory or homeland of an Indigenous Community that holds an Economic Interest in the Proponent of at least 10% and is included in the Proponent Indigenous Participation Level (including through an Indigenous Holding Vehicle, if applicable), as evidenced by an attestation from an Individual with authority to bind that Indigenous Community.
