

BEACON TERMS OF USE

Purpose

The Beacon Contract Management Portal (“**Beacon**”) is owned and operated by the Independent Electricity System Operator (the “**IESO**”) for the purpose of administering the Feed-In Tariff (“**FIT**”) Program and micro Feed-In Tariff (“**microFIT**”) Program. Only a FIT/microFIT Contract holder (“**Supplier**”), registered prospective FIT/microFIT contract holder (“**Assignee**”), local distribution company (“**LDC**”) (collectively, “**you**” or “**User(s)**” in the context of these Terms of Use) and their authorized representative(s) (“**Beacon Representative(s)**”) may access Beacon to view and manage FIT/microFIT Contracts online (the “**Purpose**”).

Terms and Conditions

By signing up for and using Beacon you agree to follow and be bound by the terms and conditions of these Terms of Use. You also agree to bind any company or organization on behalf of whom you are accessing Beacon. **If you do not agree to these Terms of Use, do not use Beacon or download, access or use any materials from it. The IESO may change these Terms of Use at any time and without notice. Any changes will be effective immediately upon posting or as otherwise indicated. Your use of Beacon following any such change constitutes your agreement to follow and be bound by the Terms of Use, as modified.**

Capitalized terms used and not otherwise defined herein shall have the meanings ascribed thereto in the Supplier’s FIT/microFIT Contract, and “including” means “including without limitation”.

Acceptable Use

You agree to use and access Beacon only in accordance with these Terms of Use, applicable law and the terms of Supplier’s FIT/microFIT Contract. With the exception of any terms and conditions contained in Supplier’s FIT/microFIT Contract that are intentionally amended as agreed between the Supplier and the IESO, you agree that to the extent these Terms of Use, any text displayed on Beacon, or any IESO communications or IESO website content related to Beacon, are inconsistent with any terms or conditions contained in Supplier’s FIT/microFIT Contract, the terms and conditions contained in Supplier’s FIT/microFIT Contract shall prevail.

As a condition of accessing Beacon, you agree:

1. That you are a User as defined above;
2. That all information uploaded to or modified by you in Beacon is true, complete and accurate;
3. Not to use Beacon in a manner that is unlawful, misleading or fraudulent;
4. Not to upload viruses or malicious code or do anything that could disable, overburden or impair the proper working or appearance of Beacon;
5. To only access or attempt to access information on Beacon that you have permission to access; and
6. If you are entering or modifying information in Beacon as a Beacon Representative, that you will only do so with such Supplier’s consent.

User Account

You are solely responsible for the activity that occurs on your Beacon account and must keep your account password secure. You agree to use commercially reasonable efforts to prevent unauthorized access to or use of Beacon through your account, and will notify the IESO immediately of any such unauthorized access or use. The IESO will not be liable for damages or losses caused by any unauthorized use of your account.

Beacon Representatives

Beacon is provided for the benefit of a Supplier under the FIT/microFIT Program. Suppliers are fully responsible to ensure their Beacon Representatives comply with these Terms of Use, and will be responsible for all actions of their Beacon Representatives while using Beacon. If you are a Beacon Representative, you shall provide the following to the Supplier that you are representing:

- a) the username and password for the account, and you shall advise the Supplier of any changes to such username and password; and
- b) a copy of these Terms and Conditions.

If you are a Beacon Representative, or the IESO believes you to be a Beacon Representative, in its sole discretion, the IESO may, at its sole option, and without limiting any other rights or remedies available to the IESO:

- a) limit or terminate your access or use of Beacon upon request by a Supplier whose FIT/microFIT Contract is created and/or managed by you through Beacon;
- b) provide access and use of your Beacon Account to a Supplier that you are representing; and
- c) migrate or move any of the Beacon content, including, without limitation, any FIT/microFIT Contracts, from your Beacon account to another Beacon account that a Supplier you are representing will be able to access and use.

If you are a Beacon Representative with respect to a microFIT Contract, you are only authorized to access or use Beacon for the Purpose with respect to one Supplier. Without limiting the generality of the foregoing, you shall not use your Beacon account to create, submit and/or manage microFIT Contracts for more than one Supplier which, for clarity, may consist of more than one Eligible Participant.

Time Sensitive Features

You acknowledge that the FIT/microFIT Program requires that Suppliers meet certain time deadlines, and the failure to do so may result in default, disqualification, termination of a FIT/microFIT Contract and/or monetary losses. Beacon is provided for convenience only and such provision does not relieve Suppliers of their obligation to track time deadlines. Users are solely responsible for monitoring any emails, communication or other updates posted to Beacon. The IESO shall not be responsible for any missed deadlines by Users or for any loss of priority attributable to lack of availability or error on Beacon.

Modifications to Beacon

You agree that the IESO may, in its sole discretion and without prior notice or liability, at any time either temporarily or permanently discontinue or modify any aspect of Beacon, including, without limitation: (i) restricting the time Beacon is available; (ii) restricting the amount of use permitted; and (iii) restricting or

terminating any User's right to use Beacon. It is your responsibility to ensure that you are accessing the most current version of Beacon.

FIT and microFIT Programs Subject to Additional Terms

In addition to these Terms and Conditions you acknowledge that in order to participate in the FIT and microFIT Programs, additional agreements, terms and rules apply. You are wholly responsible for obtaining (from Beacon or otherwise as provided or posted by the IESO), reviewing and complying with all such additional terms.
