

Regional electricity planning has advanced for the [Hamilton Area](#) to ensure a reliable supply of electricity and support rapid growth, economic development, and community energy priorities.

The IESO will be hosting a [public webinar](#) on **Wednesday July 8 at 11 a.m. to 12 p.m.** Please [register](#) to participate in the webinar.

During the webinar the IESO will provide an overview of the electricity planning process, the demand forecast for the Hamilton area, and share the preliminary needs and options screening of wire and non-wire options for your feedback.

All interested parties are invited and encouraged to participate including, but not limited to, local municipalities, Indigenous communities, businesses, stakeholders and members of the general public.

Visit our website to learn more about this [engagement](#) and for more information about the [regional electricity planning process](#).

Regards,

IESO Regional & Community Engagement

This email is being sent to municipalities, IESO subscribers for the Burlington to Nanticoke region, and active participants in this engagement initiative. To subscribe for regional planning updates or manage your subscription, please visit <https://www.ieso.ca/subscribe>.
