The final [GTA West Scoping Assessment Outcome Report](#) is now posted, along with the IESO's response to feedback received. The report details the need for a coordinated regional planning approach and development of an electricity plan – Integrated Regional Resource Plan (IRRP) – for the GTA West electricity region.

Engagement will continue throughout the development of the plan with more details to follow. The [engagement webpage](#) continues to be a source of ongoing information related to these regional electricity planning activities, including any upcoming engagement opportunities. The IESO looks forward to further engagement with communities and stakeholders on this electricity planning initiative.
