

Regional electricity planning is underway for the [London](#) Area to ensure a reliable supply of electricity and support local growth and economic development. The London Area electrical region encompasses the municipalities of Oxford County, Middlesex County, Elgin County, City of London, City of St. Thomas, and part of Norfolk County.

On December 1 at 1 pm, the IESO will host a 90-minute [webinar](#) to provide an overview of the regional electricity planning process, and seek feedback on the draft electricity demand forecast, two demand scenarios, and our proposed engagement plans over the coming months.

All interested parties are invited and encouraged to participate including, but not limited to Indigenous communities, local municipalities, businesses, stakeholders and members of the general public.

[Register](#) to participate in the December 1st webinar. Materials will be available in advance and written comments will be welcome until December 15, 2025.

Visit our website to learn more about this [engagement](#) and for more information about the [regional electricity planning process](#).

Regards,

IESO Regional & Community Engagement

++This email is being sent to municipalities, IESO subscribers for the London Area, and active participants in this engagement initiative. To subscribe for regional planning updates or manage your subscription, please visit <https://www.ieso.ca/subscribe>.
