Regional electricity planning is underway for [GTA North electrical region \(York Region\)](#) to ensure a reliable supply of electricity, and support local growth, initiatives and economic development. This region generally encompasses all the lower-tier municipalities located within York Region. In this area, an Integrated Regional Resource Plan (IRRP) will be developed. Regional planning looks at the unique needs of each region, and considers options and innovative resources to meet the needs of the area. Your input will inform all aspects of this process.

On Tuesday November 26 at 2:00 p.m., the IESO will host a [webinar](#) to provide an overview of the regional electricity planning process, and seek your feedback on the draft electricity demand forecast scenario and the proposed engagement plan over the coming months.

[REGISTER](#) to participate in the November 26 webinar. Materials will be available in advance and written comments are welcome until December 17, 2024. Upon registration, you will receive an email confirmation containing a calendar invitation with meeting details. **We encourage you to save this invitation to your calendar to ensure you have the access details for the event.**

Visit our website to learn more about the [GTA North electrical region \(York Region\)](#) for more information about the [regional electricity planning process](#).

All interested parties are invited and encouraged to participate including, but not limited to, local municipalities, Indigenous communities, businesses, stakeholders and members of the general public.
