Subject: Final Planning Documents Posted for York Region

The final Scoping Assessment Outcome Report for the GTA North region (York Region) is now [posted](#). The report details the need for a coordinated regional planning approach and development of an electricity plan – Integrated Regional Resource Plan (IRRP) – for York Region.

The York Region Electricity Planning [engagement webpage](#) is the source of information related to these regional electricity planning activities, including the feedback received following the September 12 engagement webinar along with the IESO’s response to the feedback. The IESO looks forward to further engagement with communities and stakeholders on the development of the IRRP for York Region.
