Re: MR-00492-Q00 – Chapter 3 Market Rule Amendment Process Refresh

Attached for Technical Panel review and consideration is a market rules amendment submission that proposes to update the market rule amendment process specified in Chapter 3, section 4 of the market rules.

Recommendation – Warrants Consideration

The IESO recommends that the Technical Panel determine that the amendment submission warrants consideration, as the changes will clarify the rule amendment process to better reflect the way in which the processes operate based on current practices and as specified in the Technical Panel's Terms of Reference (ToR).

Recommendation – Priority

The IESO recommends that the Technical Panel assign a regular priority to the development of the suggested changes.

Proposed Schedule

Pending the Technical Panel's determination that the amendment submission warrants consideration, the IESO expects to bring an amendment proposal to the Panel for review in June. The target for IESO Board approval of the amendments is August 27, 2026.
